*I really appreciated
the time Edgewood*

*Central took to convey all the
information in such an organized
fashion! This knowledge will be very
useful in the future.”*

*Being a student
employee is great*

*experience. I love my student job and
the people I work with. It provides
flexibility for me to work in between
classes and I am developing skills that
will assist me after college. It also
helps keep Edgewood affordable for
me. There are a variety of positions on
campus for students to choose from...
for example: tour guides, cooks, tutors,
line judges, library aides, or facilities
assistants. There is really something
for everyone.”*
