OFFICAL NOTICES

This Catalog is effective for students entering Edgewood College beginning in the Fall 2015 terms and until a new Catalog is published. The 2015-16 Catalog may also be found online at registrar.edgewood.edu.

The content of this document is provided for the information of the student. It is accurate at the time of publication, but is subject to change as deemed appropriate to fulfill Edgewood College's role or Mission or to accommodate circumstances beyond the College's control. Any such changes may be implemented without prior notice, without obligation, and, unless specified, are effective when made. All academic policy additions/revisions will apply to all students as of the date they become effective, regardless of whether they were in effect at the time the student initially enrolled at Edgewood College.

All students are reminded to read carefully the sections of the Catalog pertaining to them. Lack of awareness of policies or requirements will not serve as a justifiable excuse at a later date. Edgewood College's liability to any student for any reason and upon any cause of action related to the statements made in this Catalog or the policies or procedures set forth herein, shall be limited to the amount of tuition actually paid to Edgewood College by the Student making the claim in the year which any action giving rise to the claim occurs.

The State of Wisconsin passed the Wisconsin Caregiver Background Check Law in 1998. This law requires a criminal background check on all people who are involved in the care of certain vulnerable groups, i.e., children, the elderly and other compromised populations. The intents of the law is to protect clients from being harmed. Therefore, Edgewood College requires background checks of employees, volunteers, and students in clinical field experience placements. Students should be aware of these practices and confer with their advisors regarding their particular situations.

Edgewood College's crime statistics report and campus safety policies are available at www.edgewood.edu. A paper copy is available in the Dean of Students Office.

The Student Right to Know and Campus Security Act was signed into law on November 8, 1990. This federal legislation required college and universities whose students receive federal financial aid to disclose and report graduation/persistence rates for full-time undergraduate students. Edgewood College is in compliance with Title I, Sections 103 and 104 of the Student Right to Know Act (P.L. 101-545 as amended by P.L. 102-26); students may obtain information about graduation rates by contacting the College's Office of Institutional Assessment and Research.

**ABOUT
EDGEWOOD COLLEGE**

CAMPUS INFORMATION

COLLEGE OVERVIEW

The main campus of Edgewood College is located on Lake Wingra in Madison, the capital city of Wisconsin. The College offers roughly forty majors and as many minors. Educational programs are organized into five Schools: School of Arts and Sciences, School of Business, School of Education, School of Integrative Studies and the School of Nursing. The overall College enrollment in college registration for both undergraduate and graduate programs is about 2,500 students.

Edgewood College offers its campus residents a variety of living accommodations in residence halls and apartments. Student services include academic advising, counseling, the availability of a spiritual counselor, financial aid, career planning and placement, health services, recreational facilities, athletic and fine arts events, and social activities. Edgewood College and the University of Wisconsin-Madison offer a collaborative program that allows for course opportunities and shared use of libraries. The College offers personalized educational services and close interaction of students, faculty and staff. The College shares the Monroe Street campus with the Edgewood Campus Grade School and High School.

Edgewood College's Deming Way campus is located on the far west side of Madison and is home to a number of graduate programs and Returning Adult Accelerated Degree programs.

IDENTITY

Sponsored by the Sinsinawa Dominicans, Edgewood College is a community of learners that affirms both its Catholic heritage and its respect for other religious traditions. The liberal arts are the foundation of all our curricular offerings in the humanities, arts, sciences and professional programs. Committed to excellence in teaching and learning, we seek to develop intellect, spirit, imagination and heart. We welcome men and women who reflect the rich diversity of the world's cultures and perspectives. We foster open, caring, thoughtful engagement with one another and an enduring commitment to services, all in an educational

community that seeks truth, compassion, justice and partnership.

MISSION

Edgewood College, rooted in the Dominican tradition, engages students within a community of learners committed to building a just and compassionate world. The College educates students for meaningful lives of ethical leadership, service and lifelong search for truth.

VISION

To be a college of choice where students are transformed within a highly engaged, integrated learning community committed to personal fulfillment and the common good.

SINSINAWA SPONSORSHIP

The Sinsinawa Dominican Congregation of Catholic Sisters, founded in 1847, has throughout its history engaged in an ongoing commitment to sponsored ministries in an effort to further its mission. In each of their sponsored institutions, the Sinsinawa Dominicans, in partnership with administrators, faculty, staff, board members and friends, seek to influence the ongoing development of each unique ministry. Sinsinawa Dominican Sisters serve on the faculty and staff at Edgewood College.

The elected leaders of the Sinsinawa Dominicans are responsible for representing the mission of the Congregation to each institution. These elected leaders, along with their General Finance Officer, form the Corporate Members. The Corporate Members are empowered to:

- Create, amend and restate the Articles of Incorporation and Bylaws.
- Approve the mission.
- Assess the implementation of the mission.
- Approve appointment of members to the Board of Trustees.
- Approve acquisition, purchase and sale of the assets of the corporation.
- Approve dissolution, consolidation or liquidation of the corporation

INSTITUTIONAL POLICIES

NONDISCRIMINATION ON THE BASIS OF DISABILITY

It shall be the policy of Edgewood College to ensure that no qualified person shall, solely by reason of disability, be excluded from participation in, or be denied benefits of, any program or activity operated by Edgewood College.

It is the responsibility of the student seeking services to provide all necessary information and documentation of special requirements for assistance well in advance of actual need for those services. It is recommended that all information be submitted 30 days prior to the beginning of a term. Requests for some services such as alternative textbook formats and sensory impairment accommodations may require more notice. Services for students with disabilities are coordinated through Student Accessibility and Disability Services.

DIVERSITY STATEMENT

Edgewood College welcomes to its learning community women and men of diverse backgrounds, religious affiliations, ethnic and facial identifications, and sexual orientations.

Edgewood College welcomes to its learning community women and men of diverse backgrounds, religious affiliations, ethnic and facial identifications, and sexual orientations.

Reporting

Edgewood College is committed to providing an inclusive and safe environment for all members of the Edgewood community. While on campus, if you have been the target of or witness to an incident of discrimination or bias, you may report the incident through a confidential online form (<http://diversity.edgewood.edu/Report-an-Incident>).

EQUAL OPPORTUNITY EMPLOYMENT STATEMENT

It is the basic policy of Edgewood College, in accordance with its long term commitment to the principles of social justice, to administer its employment practices- including those pertaining to recruitment, hiring, transfers, promotions, tuition remission, compensation, benefits and terminations- in a non-discriminatory manner, without regard to race, religion, color, age, sexual orientation, national origin, handicap/disability, or

any other basis prohibited by applicable federal, state or local fair employment laws or regulations.

AFFIRMATIVE ACTION STATEMENT

Edgewood College respects the dignity and gifts of each person. We strive to create environments in which the value of diversity is understood, practices and embraced by our faculty, staff, and students. Diversity encompasses race, color, ethnicity, national origin, religion, gender, age, sexual orientation, disability and veteran status.

In order to foster diversity, we commit ourselves not only to Equal Employment Opportunity, but also to Affirmative Action through special efforts to search for qualified faculty, staff and students from diverse backgrounds. We believe that taking affirmative action will advance our goal of social and economic justice for all people. It will empower those of diverse heritages and backgrounds to share their unique contributions and, thus, further the mission of Edgewood College.

NONDISCRIMINATION POLICY

Edgewood College admits students of any race, color, national, ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the College. It does not discriminate on the basis of race, color, and national, and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other College-administered programs. The College welcomes women and men who reflect the rich diversity of the world's cultures and perspectives.

Edgewood College is committed to providing an inclusive and safe environment for all members of the Edgewood Community. All campus members play an integral part in creating a community that is free from discrimination, harassment, and hate.

While on campus, if you believe that you have been the target of (or have witnessed) an incident of discrimination/bias, you may report the incident through directly to the Dean of Student's Office (students), the Academic Dean's Office (faculty), or Human Resources (staff). A confidential online reporting form (<http://diversity.edgewood.edu/Report-an-Incident>) is also available to report an incident anonymously.

INSTITUTIONAL POLICIES

FERPA

The Family Educational Rights and Privacy Act (FERPA) of 1974, also known as the Buckley Amendment, provides that students have the right to see their records (accessibility) and to determine who will see their records (confidentiality). Detailed information on the provisions of the Act and its applications are included in the Student Handbook.

STUDENT HANDBOOK/EDGEWOOD COLLEGE STUDENT RIGHTS AND RESPONSIBILITIES

Edgewood College has its primary objective, the academic, social and personal development of each student. The College strives to preserve for all of its students an environment that is conducive to academic pursuit, social growth and individual discipline. All students are expected act responsibly and within the regulations and standards, established by the College and all civil laws and ordinances. As a guide, the College publishes a student handbook, called the Edgewood College Student Rights and Responsibilities, that outlines the College Code of Conduct and the judicial process. The Student Code of Conduct applies to all undergraduate, graduate and professional students attending Edgewood College. Additionally, all students are responsible for complying with the rules, regulations, policies and procedures contained in other official College publications, including but not limited to, the Residence Life Handbook, Parking Policies, and Student Athlete Policies along with program handbooks and announcements which may be issued from time to time. Please contact the Dean of Students for more information related to these documents.

CANCELLATION OF CLASSES

The Eagle Emergency Notification System was designed to provide notification and instruction to students, faculty and staff in the event of an emergency on campus or cancellation of classes. The mass notification system will only be used to send critical safety information to the Edgewood College community. Students, faculty and staff should sign up for notification through Edgewood Express (https://express.edgewood.edu/ICS/Emergency_Alert.jnz).

In the event of an emergency or cancellation of classes, the main Edgewood College webpage will have the most up-to-date information (www.edgewood.edu). During a weather event student should assume that the College is open unless notification of class cancellations has been posted to the Edgewood College website.

ADMISSIONS

STUDENT CLASSIFICATIONS

DEFINITION OF UNDERGRADUATE STUDENTS

An undergraduate student is a student who either:

A. Has not earned a bachelor's degree from a regionally accredited post-secondary institution and is registered for an undergraduate degree or certificate program.

B. Fulfills requirement A. above and meets the qualifications for the Returning Adult Accelerated Degree (RAAD) program.

DEFINITION OF POST-BACCALAUREATE STUDENTS

A post-baccalaureate student is a student with an earned bachelor's degree from a regionally accredited post-secondary institution who is either:

A. Registered for an additional undergraduate degree or certificate program.

B. Taking additional undergraduate-level courses as a non-degree-seeking student.

DEFINITION OF GRADUATE STUDENTS

A graduate student is a student with an earned bachelor's degree

from a regionally accredited institution who is:

A. Registered for a graduate-level degree or certificate program.

B. Registered for graduate level courses as a non-degree-seeking student.

C. Registered for a doctoral program.

A post-baccalaureate student, as defined above, who wishes to take graduate level courses while registered for undergraduate-level courses will be allowed to take up to a total of six (6) graduate level credits as a post-baccalaureate student. A post-baccalaureate student interested in pursuing a graduate degree or certificate program at Edgewood College is encouraged to contact their advisor to discuss procedures for admission as a graduate student.

CHANGE OF STUDENT CLASSIFICATION

To apply for a change in classification, a request must be submitted to the Admissions Office (for undergraduate and post-baccalaureate students) or the Graduate and Professional Studies Admissions Office (for accelerated undergraduate and graduate students). Students with special classifications must have their files processed through the regular admission process before they can change their classification to a degree or license seeking candidate.

UNDERGRADUATE ADMISSIONS

Edgewood College seeks to register students who are prepared to have a successful college experience. Grades from high school or previous colleges, test scores, course contents and life experiences may be considered in making an admission decision. The Admissions Committee may grant admission to students who past performance does not meet direct admissions standards if there is sufficient evidence of academic potential. Priority admission deadlines are established each semester. Check www.edgewood.edu or contact the Office of Admissions for deadlines. Note that admission to the College neither guarantees nor implies course availability. For questions about admission, contact the Office of Admissions at:

608.663.2294 or 800.444.4861
admissions@edgewood.edu

CONSIDERATIONS FOR ADMISSION FOR FIRST-TIME STUDENTS

Candidates for admission to Edgewood College are expected to present a minimum 2.5 (on a 4.0 scale) cumulative high school grade point average, rank in the upper half of their graduating class, an a minimum composite score of 18 ACT or 850 SAT. Students who submit a GED are expected to present a minimum composite score of 2500 with a score of no less than 500 in each content area.

Admission to Edgewood College does not imply or guarantee admission into certain schools or programs. Additional entrance requirements may be required for programs including, but not

UNDERGRADUATE ADMISSIONS

limited to, nursing and education. Contact the Office of Admission for details. Candidate will also present at least sixteen units of high school study, twelve of which should be chosen from among the following fields: Natural Science, Speech, Social Science, English, Foreign Language, History, Religious Studies (one unit only), and Mathematics. Two years of the same foreign language in grades 9-12 with grades of C or better are also recommended; if not completed in high school, the equivalent will be required at Edgewood College.

CONSIDERATION FOR ADMISSION FOR TRANSFER STUDENTS

Candidates are expected to present a minimum college grade point average of a 2.0 (on a 4.0 scale) in a minimum of 12 academic-level credits from a regionally accredited institution. Admissions for students who do not meet the 12-credit minimum will be reviewed based on the admission requirements for freshmen. Admission to Edgewood College does not imply or guarantee admission into certain schools or programs. Additional entrance requirements may be required for programs including, but not limited to, nursing and education. Contact the Office of Admission for details.

Failure to report previously attended institutions in the admission process may result in action, including dismissal, from the College. Students dismissed from a previous college must wait one full year prior to applying to Edgewood College. After that time, students must submit additional materials (personal statement, letters or recommendation) for review by the Admissions Committee.

CONSIDERATION FOR ADMISSION FOR POST-BACCALAUREATE STUDENTS

Students who have earned a bachelor's degree and wish to be admitted to work toward certification or to earn a second major second baccalaureate degree will be considered post-baccalaureate students. Post-baccalaureate are expected to present an official transcript confirming completion of a bachelor's degree from a regionally accredited college or university. Failure to report previously attended institutions in the admission process may result in action, including dismissal, from the College.

CONSIDERATION FOR ADMISSION FOR INTERNATIONAL STUDENTS

Edgewood College is authorized to issue the required Certificate of Eligibility for Admission (I-20 Form) necessary to obtain a student visa. In addition to the required academic documents to

be considered for admissions, international students seeking an I-20 Form from Edgewood College are required to present the following:

1. Proof of English proficiency (for applicants whose primary language is not English). Applicants must prove English proficiency by submitting one of the following documents:
 - TOEFL score of 71 or higher on the internet-based test (IBT) or 525 or higher on the paper-based test (PBT) (for more information, visit www.toefl.org).
 - IELTS overall band score of 6.0 or higher (for more information, visit ielts.org).
 - Letter of recommendation from an approved ESL instructor (such as WESLI or MESLS).
 - A transcript demonstrating successful completion of 1 year of college-level work in English.
2. Proof of financial support for the duration of study at Edgewood College. Students who are seeking an F-1 or J-1 student visa must show sufficient funds on deposit for at least one year of student. Financial documents must be original letters or statements from a financial institution with original ink signatures and stamps, be written in English or accompanied by official English translation, indicate unit of currency, include both the sponsor's name and the student's name exactly as it appears on the student's application, and must be dated within six months of application date.
3. If college-level work has been completed, applicants are required to present any transcripts, certificates or diplomas pertaining to this work. To receive transfer credit from international institutions, students must submit a detailed "course-by-course" evaluation of credits from an approved international credential evaluator.

Applicants will not be considered until after May 1 for the start of the Fall semester or November 1 for the Spring. All priority admission deadlines also apply to international students. Applicants are encouraged to apply as soon as possible, as it may take weeks or months after the issuance of the I-20 Form to receive a visa. General admission deadlines apply to students who do not need I-20 forms (i.e., they are here on another visa, are permanent residents, etc.) and re-entry students.

CONSIDERATION FOR ADMISSION FOR STUDENTS NOT SEEKING A DEGREE

Students may be admitted to Edgewood College to take courses without pursuing a degree. All non-degree students are subject to the priority admission deadlines set by the Office of Admissions. Overall institutional registration may impact eligibility for non-degree-seeking students. Instructor approval to take a specific course does not constitute permission to register for courses at the College and will not influence a student's admission.

UNDERGRADUATE ADMISSIONS

CONSIDERATION FOR ADMISSION FOR RE-ENTRY STUDENTS

All students interested in returning to Edgewood College must complete the online reentry form available at www.edgewood.edu. Reentering students are expected to present official transcripts from all institutions attended since taking courses at Edgewood College. Failure to report previously-attended institutions in the admission process may result in action, including dismissal from the College.

Students previously dismissed from Edgewood College who wish to return must follow the process specified in their official dismissal letter from the College.

Students serving in the military who must withdraw from courses for an extended period of time due to being activated for duty, or who are deployed may reenter by completing the reentry form without penalty. For more information about

policies as they relate to student veterans, please contact Military & Veterans Services at Edgewood College via email at veterans@edgewood.edu or by phone at 608.663.4266.

Initial matriculation carries a five year statute of limitations. If a student reenters after an absence of five or more years, he or she will be responsible for completing all requirements in the Catalog in effect at the time of reentry.

AUDITING COURSES

Courses offered for credit are available for audit at the discretion of the instructor. Instructor approval is required for auditing and the instructor will also determine the student's level of participation in the course. Overall institutional enrollment may impact eligibility of auditors. Instructor approval to take a specific course does not constitute permission to register for courses at the College and will not influence a student's admission as an auditor. Not all courses can be audited, please see the "Auditing a Course" section in this Catalog.

ADULT ACCELERATED ADMISSIONS

Edgewood College seeks to register students who are prepared to have a successful college experience. Grades from high school or previous colleges, test scores, course content and life experiences may be considered in making an admission decision. The Admissions Committee may grant admission to a student who submits documents that show that their past performance does not meet direct admissions standards if there is sufficient evidence of academic potential. Priority admission deadlines are established each semester. Check www.edgewood.edu or contact the Office of Admissions for deadlines. GRADUATE ADMISSIONS

GRADUATE STUDENT CLASSIFICATION

Upon application, candidates request admission under one of The following five student classifications:

1. Degree candidates are applicants seeking a graduate degree at Edgewood College.
2. License candidates are applicants seeking a license through a School of Education program approved by the Wisconsin Department of Public Instruction (DPI) or School of Education.
3. Certificate candidates are applicants seeking a graduate certificate from Edgewood College.
4. Degree and license candidates are applicants seeking both a graduate degree from Edgewood College and a DPI license. Non-degree students are applicants who are taking courses for personal reasons and are not seeking either a degree or license.

GRADUATE ADMISSION REQUIREMENTS

Applicants for any of the student classifications except non-degree must meet all of the requirements for admission to the graduate programs. For admissions information, please see the specific program pages in this Catalog.

NON-DEGREE SEEKING GRADUATE ADMISSION REQUIREMENTS

Non-degree students must meet the following admission requirements:

1. Must hold a baccalaureate degree with a cumulative grade point average of 2.75 on a scale of a 4.0 scale from an accredited post-secondary institution.
2. Must complete and file an application to one of the graduate degree programs.
3. Must have paid the application fee.
4. Must submit an official copy of their transcripts that shows completion of a baccalaureate degree

If applying for a certificate program, see that program's admission requirements in the specific program pages of this Catalog.

GRADUATE ADMISSION STATUS

There are three types of graduate admission statuses at Edgewood College: regular, provisional and contingent.

Regular Status

The status of regular admission to the graduate programs at Edgewood College is awarded to applicants who meet the requirements for their classification. Once admitted to

Edgewood College, regular status students retain their status until they do not complete a credit course in a 12-month period, after which they must reapply for admission before taking credit courses.

Provisional Status

When applicants have a cumulative entering GPA, computed on the highest degree held at the time of admission, of less than 2.75 on a 4.00 scale, they may be admitted with provisional status. If accorded provisional status, the student must attain a 3.00 GPA for the first nine credits in courses numbered 600 and above taken at Edgewood College, or the student will be dismissed from the College. Applicants must still meet the minimum GPA requirement of their selected program. Please refer to the specific program for minimum GPA and other program specific admission requirements.

Contingent Status

Contingent status is accorded to individuals who are admissible to the College based upon the admission requirements for his/her program of interest; except that one or more original pieces of admission information (or specific School or department requirements) are missing from the student file. This status is used only in cases where it is clear that the student will be admissible with regular or provisional status when the missing information has been received. Contingent status is applicable for one semester only. Students will not be allowed to register for a second semester while on contingent status.

GRADUATE INTERNATIONAL STUDENTS

International students seeking admission to Edgewood College for the first time must submit the following in addition to individual program requirements:

1. Graduate application to Edgewood College.
2. Official copies of all college/university transcripts and certified translation into English of all transcripts not originally in English. Transcripts from universities outside the United States must be accompanied by a course-by-course evaluation of credits from an approved international credential evaluator.
3. Provide two letters of recommendation from college or university professors, supervisors and/or professional colleagues who can focus on the probability of the student's success in graduate school. Letters of recommendation must be in English. Go to <http://www.edgewood.edu/Portals/0/pdf/Academics/Graduate/LetterRecommendationGuidepdf> for more information.
4. Submit a written statement in English listing the reasons why you think you will be successful in graduate school; cite how specific background experiences will aid in your success as a student.
5. For non-native speakers of English, verification of English proficiency through one of the following ways:
 - a. TOEFL scores of 80 or higher on the internet based test (IBT).

GRADUATE ADMISSIONS

- b. IELTS score of 6.0 or higher (www.ielts.org).
- c. A transcript demonstrating successful completion of a year (24 credits) of college-level work in English (both instruction and textbooks in English).
- d. Completing coursework at one of Madison's English Language Institutes:
 - i. Wisconsin ESL Institute (www.wesli.com). Successfully completing WESLI's 700-level requirements.
 - ii. Madison ESL School (www.mesls.org). Successfully completing MESLS Level Six (302) core courses.

Recommendation letters from WESLI and MESLS instructors may be submitted as proof of English proficiency for purposes of admission and will be accepted in lieu of a TOEFL or IELTS score.

- 6. Proof of financial support for the duration of study at Edgewood College. If educational expenses will be paid by a sponsor, a notarized affidavit of support signed by the sponsor is required.

Students must supply verification of ability to pay for the cost of attendance for at least one full academic year (both direct costs such as tuition, fees, and books and indirect costs like insurance, transportation, etc.) This figure is determined annually.

Financial documents must be original letters or statements from a financial institution with original ink signatures and stamps, be written in English or accompanied by official English translation and indicate unit of currency, include both the sponsor's name and student's name exactly as it appears on student's application and be dated within six months of application date.

Students should request additional original documents to present to the U.S. Consulate or Embassy when requesting a student visa, and to present to immigration officials when entering the United States.

Students applying to the MBA program must submit a GMAT score of 425 (suggested minimum). See the Graduate Admissions Office for specific details.

Applicants are encouraged to apply as soon as possible as it may take weeks or months after the issuance of the I-20 form to receive a visa. General admission deadlines apply to students who do not need I-20 forms (i.e., they are here on another visa, are permanent residents, etc.) and reentry students.

I-20 Form

Edgewood College is authorized under federal law to issue a Form I-20 (Certificate of Eligibility for Nonimmigrant [F-1] Student Status) to international student applicants who meet all criteria for admission. All international applicants who require an I-20 Form from Edgewood College are required to demonstrate sufficient financial resources. No scholarship aid is available to international students, and employment opportunities are limited. Students should not expect either scholarships or employment to pay for educational expenses.

Health Insurance Requirement

All international students are required to purchase health insurance through Edgewood College, unless the insurance is waived because the student is registered for an equivalent plan. In addition, students may wish to purchase insurance to cover their travel from their home country up to the start of their first semester at Edgewood College.

ACADEMIC POLICIES FOR ADMISSION

ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE EXAMINATIONS

A high school senior who has completed one or more Advanced Placement (AP) or International Baccalaureate (IB) courses in high school and has taken the corresponding exams is encouraged to forward the results of the tests to the Academic Dean's Office. Edgewood College grants credit to students who have successfully completed AP and higher level IB exams.

TRANSFER CREDITS FOR UNDERGRADUATE STUDENTS

Edgewood College accepts academic credit from recognized regionally accredited post-secondary institutions.

Courses with grades of "D+" or lower cannot be accepted as transfer credit. Courses taken as pass/fail or "for credit only" do not transfer without official documentation from the institution verifying that the grade is equivalent to a "C" or better.

A maximum of 64 credits may be transferred from all combined coursework earned at two-year institutions including two-year UW College campuses and UW Extension coursework.

The Registrar's Office determines acceptability of courses for transfer and fulfillment of General Education requirements in

ACADEMIC POLICIES FOR ADMISSION

accordance with policies of the Undergraduate Curriculum Committee and the Faculty Association. Academic departments determine whether transferred courses fulfill requirements in the major or minor.

Current Edgewood College students must receive prior approval to register at another institution for the purposes of transferring courses back to Edgewood College by submitting a Request for Transfer form to the Registrar's Office.

A minimum of 32 of semester credits must be earned at Edgewood College to fulfill the general residency requirement, including work in the major. Each academic department determines the number of Edgewood College credits that must be earned in the major or minor.

International students or students who have studies abroad must submit a report from a foreign credential evaluation service in order for courses taken abroad to transfer. Contact the Registrar's Office for information.

TRANSFER CREDITS FOR GRADUATE STUDENTS

At the discretion of the program director, or School Dean to which the applicant is applying, up to twelve (12) graduate level credits from regionally-accredited post-secondary institutions may be considered for transfer to a graduate certificate or degree program at Edgewood College.

To consider coursework for transfer, it must have been completed within the acceptable timeframe as determined by the School or Department, not to exceed five (5) years. See program pages in this catalog for more information. The course work must have a "B" or better grade for grades received using an A-F grading system. If the grade is "P," the equivalency is determined by the appropriate School or Department, and must be relevant to the program to which it is being applied. The credits from these courses cannot be used to fulfill graduate program residency requirements and the grades from the courses will not be included in the Edgewood College graduate cumulative GPA.

The transfer of credits for the Studies in Change or Ethics Interdisciplinary Courses (IC) requires approval of the Graduate Curriculum Committee.

ARTICULATION AGREEMENTS WITH UW COLLEGES AND MADISON COLLEGE

Students who receive an Associate of Arts and Sciences Degree in Liberal Studies from one of the University of Wisconsin Colleges or who have received an Associate of Arts or Sciences Degree from Madison Area Technical College (Madison College) will be considered to have fulfilled all of Edgewood College's General Education requirements except COR 2, COR

3, World Languages (L) and Religious Studies (R). All requirements except COR 3 may be met by previous coursework. COR 3 (which is typically met in the major) must be taken at Edgewood College. This policy does not apply to students who registered at Edgewood College prior to attending these institutions or who start taking courses at Edgewood College prior to finishing their Associate Degree.

CURRICULUM REQUIREMENTS FOR POST-BACCALAUREATE STUDENTS

Degree-seeking student who enter Edgewood College with a Bachelor's Degree from a regionally-accredited institution will be considered to have fulfilled all of Edgewood College's General Education requirements except COR 2, COR 3, World Languages (L) and Religious Studies (R). All requirements except COR 3 may be met by previous coursework. COR 3 (which is typically met in the major) must be taken at Edgewood College.

CREDIT FOR PRIOR LEARNING

The College offers several ways of obtaining credit for prior college-level learning, as described below. All credit for prior learning for General Education requirements must be completed before the term in which the student graduates. This includes proficiency exams, nationally standardized exams and portfolios.

Credits earned through Credit for Prior Learning (CPL) or proficiency exams may not be used in fulfillment of the 32-credit residency requirement. Contact the Credit for Prior Learning Office for more information.

Nationally Standardized Examinations

The College offers credit for satisfactory scores on three types of national exams:

- The College-Level Examination Program (CLEP) of the College Board
- Excelsior Examinations
- Defense Activity for Non-Traditional Education Support (DSST)

The College policy for granting proficiency and awarding credit on the basis of these examinations is based on national recommendations. For specific information, contact the Coordinator of the Credit for Prior Learning Program.

Credit for Prior Learning Portfolio Program

Edgewood College offers a Credit for Prior Learning Portfolio Program to supplement the other alternative routes to credit. The Credit for Prior Learning Program provides a means of awarding credit for such learning if it matches actual courses or the learning outcomes for general education tags the College offers.

ACADEMIC POLICIES FOR ADMISSION

With special assistance from the Credit for Prior Learning office candidates prepare a portfolio that describes, documents and discusses the candidates' prior learning as related to the course or tag for which the student wishes to earn credit. The portfolio is used as part of the assessment process in awarding credit or judgments of proficiency.

Any student registered at Edgewood College may apply for credit through the Credit for Prior Learning Coordinator (contact the Academic Deans' Office for more information). Awards for credit become part the student's permanent record after the student has completed at least one semester of full-time study or 16 credit hours of part-time study at Edgewood College.

Armed Services and Organization-Sponsored Learning

Courses taken in the Armed Services and other non-collegiate organizations may be recognized for credit at Edgewood College when they are related to College programs and are listed in the American Council on Education's (ACE) national guides. For courses that are not listed in the ACE database, the College may review these under a separate process to determine whether credit can be granted. These credits cannot be applied to degree requirements, but will be counted towards general elective credits.

NON-NATIVE ENGLISH/HERITAGE

Non-native speakers of English may earn proficiency credit in their first language for courses offered at the 400 level in literature and culture. Ordinarily, the Foreign Language Department will request a portfolio for evaluation. Students who wish to earn credit in languages not taught at the College may do so depending on the availability of a qualified individual to assess proficiency. Contact the Academic Dean's Office to initiate the process. Students may not earn retroactive credit for high school courses in their native language or for the study of English.

FOREIGN LANGUAGE/RETRO-ACTIVE CREDITS

Edgewood College's Department of Foreign Language offers the opportunity for students to receive credit toward the degree for high school courses in foreign languages (see FOREIGN LANGUAGE DEPARTMENT).

ACADEMIC SUPPORT PROGRAM (PRE-COLLEGE COURSEWORK)

Traditional freshman admitted conditionally to the College are required to participate in a program that offers study skills assistance, special courses and mentoring by College staff during their first year. The College Achievement Program is coordinated by the Academic Dean's Office, Admissions and Learning Support Services.

All students may receive support for academic performance through Learning Support Services, Student Accessibility and Disability Services (for documented disabilities) or through academic departments. Students are encouraged to be proactive in seeking help when they need it. In addition, the Academic Dean's Office may require some students to gain support for academic performance as a condition of continuing registration.

COURSE RESTRICTIONS

Some courses in specific programs are restricted to students who have either declared that major or who have applied to that degree/program or by permission of the course instructor and the director of the program offering the course. Please refer to the REGISTRATION POLICIES section for information on undergraduate or post baccalaureate students enrolling in graduate courses.

ACADEMIC POLICIES FOR STUDENT VETERANS

For more information about policies as they relate to military/veteran students, please contact Military & Veterans Services at Edgewood College via email at veterans@edgewood.edu or by phone at 608.663.4266.

Credit Load

Graduate student veterans using benefits that are registered for session courses (session 1 and 2 in Fall and Spring terms) will be considered full time when registered for six (6) or more credits in a session.

Financial Aid

Student financial aid awards may be adjusted if the student's tuition is covered 100% by veteran's benefits/programs. Institutional grants (i.e. Edgewood Grants and Academic Scholarships) are not available to students in this situation.

Active Duty Policy

If an Edgewood College military/veteran student is called to active duty while currently enrolled; the student must present a copy of the official orders to the Military & Veterans Services Coordinator. Students have three options depending on the length of the activation: take a temporary leave of absence, withdraw completely or take incompletes for their courses.

1. If the student is being temporarily activated for duty, including annual and/or monthly training, or mobilized the student may take a leave of absence from the course.
 - a. The student will need to inform their professor of absence dates ahead of the absence.
 - b. Students will not be penalized for classroom time, but are responsible to complete any coursework that was assigned during the dates of the absence.
2. If the student is being mobilized or deployed for an extended period of time or is being reassigned or transferred permanently, the student may withdraw from classes immediately.

ACADEMIC POLICIES FOR ADMISSION

- a. Edgewood College will not hold the student accountable for tuition-related expenses for the term, session or semester..

Edgewood College will return any tuition received to the VA as soon as the withdrawal is completed. No payment will be made to the student by Edgewood College during this refund.

- b. The student will be responsible for the repayment of any funds the student received from the VA while currently enrolled as a result of the withdrawal.
- c. A “W” will be represented on the student’s official transcript to show the withdrawal.

-OR- the student may request a grade of “incomplete” from their current professors.

- a. If the student has completed a substantial portion of the course and required course work, the professor may approve the student request an “incomplete” in the course as long as a timeline to complete the work has been established.
- b. An extension for the “incomplete” grade may be requested by the students, which requires approval from the professor, if the student’s active duty requirement extends beyond the normal time limit for “incomplete” grades to be completed. Please refer to the incomplete guidelines in this Catalog for more information.

FINANCIAL AID

FINANCIAL AID

Edgewood College does not discriminate against applicants on the basis of race, color, age, sex, religion, handicap, sexual orientation or national or ethnic origin.

STUDENT ELIGIBILITY

In order to receive financial aid, students must:

1. Be accepted for admission to an eligible “degree” or “certification” program.
2. Register for at least ½ time each semester at Edgewood College. ½ time is a minimum of six (6) credits for undergraduate, post baccalaureate and graduate license students, four (4) credits for graduate students, and three (3) credits for doctoral students.
3. Maintain satisfactory academic progress as described later in this section.
4. Be a U.S. citizen or permanent resident of the U.S. and /or its territories (eligible non-citizens will be asked to provide proof of residency).
5. Must not have been recently convicted under federal or state law of sale or possession of drugs.
6. Confirm selective service registration (males only).

APPLYING FOR FINANCIAL AID

To apply for financial aid at Edgewood College, students must complete a Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov.

Applying early is the key to maximizing the number of aid programs for which students will be considered. The College’s priority filing date is March 1.

- The College’s Title IV School code is 003848.
- Prior year federal taxes and W2 forms for both student and parent (if applicable) are needed.

LEAVE OF ABSENCE POLICY

A student with financial aid may take a leave of absence from Edgewood College for not more than a total of 180 days in any 12-month period. Leaves of absence will not be treated as a withdrawal by Edgewood College and no return of Title IV funds will be calculated. If the student does not return within the expiration of the leave, the College will calculate the amount of the Title IV grant and loan assistance that is to be returned according to the Higher Education Act, 34 CFR 668.22j)(1)(ii). Students must initiate this process through the Student Health Services or Personal Counseling Office.

FINANCIAL AID REFUND POLICY

The Financial Aid Refund policy was developed in accordance with the 1998 Reauthorization of the Higher Education Amendments. Please note that this is a separate policy from the tuition refund policy and schedule of the Business Office.

If a student withdraws from the College on or before 60% of the semester is completed, a percentage of federal financial aid funds received by the student shall be returned by Edgewood College, and possibly the student. The following formula will be used in determining the amount to be returned:

Total Title IV aid disbursed (including aid that could have been disbursed)

- Earned Aid [Title IV Aid Received (excluding Work-Study)
X% of Semester Attended= Earned Aid]

= Aid that must be returned

At the time of withdrawal, the College returns the financial aid funds it is required to return. In certain situations, a student may be asked to repay financial aid funds they received that semester as a result of a previous credit balance. A copy of the Return of Title IV Funds policy is available from Edgewood Central.

If a student unofficially withdraws, simply stops attending class or earns no credits, the return-of-funds rules apply and aid is sent back to the appropriate program. Often the semester midpoint will be used as the last day of attendance unless otherwise documented.

Please Note: This policy is separate and distinct from the College’s tuition refund policy.

SATISFACTORY ACADEMIC PROGRESS

All financial aid recipients are required to meet the satisfactory academic progress standards established by Edgewood College, per federal regulations. This policy is separate from the College’s academic standing policy and is monitored at the end of each academic term.

1. Students must maintain a minimum cumulative grade point average of 2.0 for undergraduate and 3.0 for graduate or doctoral programs.
2. Students must not exceed the maximum length of time to receive aid (see DEFINITIONS OF TERMS AND CONDITIONS below).
3. Students must earn 70% or higher of the cumulative number of credits attempted. (Courses with a grade of “W” are considered attempted, but are not considered earned.)

FINANCIAL AID

PROCEDURES

At the end of each academic term the number of credits successfully completed is reviewed. This number is compared to the number of cumulative credits attempted (the number of credits registered at the 100% add/drop date). If the student successfully earned at least 70% of the credits attempted, no further action is necessary and the student remains in good standing. Cumulative GPA and maximum length of time is also reviewed at the end of each academic term.

- **Warning:** The first time a student does not meet satisfactory academic progress; the student will continue to be eligible for aid.
- **Financial Aid Suspension:** The second time a student does not consecutively meet satisfactory academic progress; the student will be suspended from financial aid and will not be eligible for any future financial aid.
- **Appeal:** Students who are unable to meet satisfactory academic progress due to special circumstances may submit an appeal letter to Edgewood Central.

Reinstatement/Probation: After suspension, eligibility can be reinstated by successfully completing the appeal process which may require an academic plan.

DEFINITIONS OF TERMS AND CONDITIONS

- **Maximum length of time to receive aid:** Federal regulations set the maximum time frame a student may take to complete his or her educational program at 150% of the published length of the educational program.
- **Transfer credits from other colleges or universities** are counted as attempted hours.
- **Successful completion:** Grades of A through D or P are considered to be successful completion. Any other grade is NOT considered a successful completion.
- **Incompletes:** An Incomplete (I) will not meet satisfactory academic progress. When a student successfully completes the course, they should notify Edgewood Central for reevaluation.
- **Not-Reported Grades:** Not-reported grades (NR) will not meet satisfactory academic progress. When the grade is reported, it is the student's responsibility to notify Edgewood Central for reevaluation.
- **Student financial aid awards** may be adjusted if the student's tuition is covered 100% by veteran benefits/programs. Institutional grants (i.e. Edgewood Grants and Academic Scholarships) are not available to students in this situation

ATHLETICS

The Athletic Department sponsors intercollegiate sports for women and men. Women's sports include basketball, golf, cross country, soccer, softball, tennis, indoor/outdoor track, and volleyball. Men's sports include baseball, basketball, golf, cross country, soccer, tennis and indoor/outdoor track. Edgewood College is a member of the National College Athletic Association (NCAA) and Northern Athletics Collegiate Conference (NACC). For information about the athletic program and getting involved in an intercollegiate sport, or for game schedules and locations, go to www.EdgewoodCollegeEagles.com.

CENTER FOR DIVERSITY AND INCLUSION

The Center for Diversity and Inclusion (CDI) offers all students, faculty and staff (as well as community members) as representatives of various cultures, a resource center and hub to engage effectively with others, to establish healthy relationships and to reflect on matters of social justice, power and privilege. We welcome students from all social identities to engage in dialogue and action to promote a just and compassionate world. Additionally, the CDI is a great place to just hang out! There is access to a nice comfortable space, computer stations with printing, TV, microwave, resources, and great conversations with good people. Please stop by to learn more about what the CDI has to offer you!

Multicultural Student Organizations and Groups

Activities and events planned by multicultural groups and organizations enhance the college life with meaningful experiences and networks. Co-curricular programs provide opportunities for fun social interaction, vocational growth, leadership experience, community service, and personal development. Our student groups include:

Asian Student Association (ASA)

ASA at Edgewood is an organization open to all students. Our goals are to promote unity, higher education access to Asian students, and the awareness of Asian cultures throughout the EC and Madison community. We host a variety of events and activities throughout the academic year to help build a sense of community to create further appreciation of the Asian culture.

Association for Latin@ Students (AL@S)

AL@S at Edgewood strives to support and motivate students with multicultural origins, with the ultimate goal of enriching our educational experience, as well as that of others. We represent the Latino population through promoting and disseminating characteristics of our cultural and ethnic background. We also aim to share continuing educational opportunities and resources with the Latin community. Ultimately, we strive to fully support one another and our community.

Black Student Union (BSU)

The BSU at Edgewood promotes a positive atmosphere for all black students and students of African descent by providing an intellectual, cultural and social environment for students to meet their academic goals. The BSU encourages all members to strive for academic excellence and promotes activities of common interest, that are both cultural relevant and educational to the EC community.

CDI Men's and Women's Group

The CDI Multicultural Men's & Women's Group aims to help students in their intellectual, interpersonal, spiritual, and personal development throughout college. The group provides opportunities to network, socialize and build healthy relationships among other students with common interests. The Men's & Women's Group "Let's Chat" sessions allow students to discuss issues concerning men and women, and develop the awareness, knowledge, and skills to address and confront these issues. The program also aims to help build and promote self-confidence, self-respect, and healthy lifestyles.

SAFE

SAFE at Edgewood is a group of students, faculty, and staff who advocate for the well-being of Edgewood College's gay, bisexual, lesbian, transgender people and their allies. SAFE meets weekly during the academic year to provide a support network for Edgewood's LGBT community and provides educational opportunities and event and programming throughout campus to raise awareness about the LGBT community. To learn more about these program and student organizations, please contact the Center for Diversity & Inclusion at 608.663.2250.

DOMINICAN LIFE

Who am I? How can I make a difference? Is there something more?

Dominican Life supports students in their exploration of these questions of identity and meaning. Rooted in Dominican Catholic tradition, professional staff and student leaders offer programming for personal, spiritual, and ethical development, including local civic engagement and alternative break trips; student-led prayer and discussion groups; Chapel worship services; study, reflection and action committed to building a just and compassionate world; and retreats. Staff members are available for individual appointments.

Saint Joseph Chapel in Regina Hall on the Monroe Street Campus is open to all who are seeking a quiet place for personal reflection or spiritual renewal. Catholic Priest-Presiders lead our celebration of the sacrament of Eucharist in the Chapel on Sundays and Wednesdays when classes are in session.

Dominican Life promotes respect and understanding of the diverse faith traditions represented in our College community and within the human family. Interfaith prayer space is available in the Nona McGreal Room, Predolin 3rd floor.

STUDENT SERVICES

EDGEWOOD CENTRAL

Edgewood Central is the office for students to conduct all business regarding student accounts, registration and financial aid. Edgewood Central is located on the second floor of DeRicci, Room 210 at the Monroe Street Campus.

To speak with an Edgewood Central Counselor, call 608.663.4300 or email at ecentral@edgewood.edu.

HEALTH SERVICES

Health Services, located in Predolin 208 on the Monroe Street Campus, is staffed by a certified nurse practitioner and provides basic health assessments, care for acute illness and injuries, immunizations, health counseling, educational programming and referrals as necessary, as well as encourages a program of health promotion and disease prevention. Prescription medication may be prescribed if it is clinically indicated. Students are welcome to use Health Services as an informational resource in completing classroom assignments. Students may call or stop in to schedule an appointment. Same-day appointments are usually available.

Health Services requires every student living on campus to have a health history form on file at the beginning of the semester. Students receive this form in their admissions packet. Students are required to have documentation of two doses in a live measles vaccination given after the first birthday or evidence of measles immunity and Tetanus Toxoid booster. Due to Wisconsin state law regulating meningitis vaccine and Hepatitis B, all students receive information on the vaccinations and are encouraged to discuss the information with their medical provider.

MILITARY AND VETERANS SERVICES

Edgewood College provides services to assist military personnel, veterans and their families who are interested in attending or are taking courses at our institution. At Edgewood College, we appreciate the sacrifice that military service demands, no matter where you are in your career. We are pleased to welcome all military personnel and veterans to our campuses and outreach locations. Please contact Military & Veterans Services at Edgewood College via email at 608.663.4266 or veterans@edgewood.edu for information.

OFFICE OF STUDENT ACTIVITIES (OSA)

The Office of Student Activities (OSA) strives to create opportunities for learning by encouraging student involvement in campus life. The OSA's goals are to provide educational, social and recreational opportunities that are inclusive, and to promote and develop personal development and leadership skills in students. The OSA's staffs of experienced student leaders assist other students to find involvement opportunities on

campus through student organizations and orientation.

The OSA also assists students and student organizations to present campus-wide activities, events and celebrations that build a strong campus community and promote interaction among students, faculty and staff. The OSA has a complete listing of current student organizations and contacts, and hosts the Student Activities Fair each Fall to promote their activities and other leadership programming. The OSA also fosters the development of new student organizations, students who would like to start a new organization should contact the Director of Student Activities to find out how to apply for official recognition.

Student Government Association (SGA)

Officers and representatives of the Student Government Association are elected by students to serve as the voice of the student population, to bring forward student concerns, to provide funding for clubs and organizations, and to strengthen student leadership skills.

Student Organizations

Activities and events planned by various clubs and organizations supplement academic life with meaningful experiences and outright enjoyment. Out-of-classroom programs provide opportunities for fun social interaction, vocational growth, leadership experience, community service and personal development.

Campus Activities Board (CAB)

Campus Activities Board enhances the educational and social experiences of the College community by providing quality entertainment and other educational programs. These events run from skiing and snowboarding to poetry sessions and social-justice based activities and lectures.

OSCAR RENNEBOHM LIBRARY

As the College's main research and information services provider, the Oscar Rennebohm Library is committed to managing information resources and to educating students, faculty and staff to use these resources effectively.

Resources

The Library's collection includes over 120,000 books, journals, newspapers, microfilms, videos, sound recordings, computer software, and K-12 curriculum materials.

The Library webpage serves as a gateway to library resources such as the online catalog (EdgeCat), access to over 12,000 full-text journals, citation style guides, electronic book collections, and other online article databases. Resources are accessible on or off campus to students, faculty and staff.

Through an arrangement with the University of Wisconsin-Madison Library System, Edgewood College students, faculty and staff have borrowing privileges at all UW-Madison libraries. Students may also apply for a Madison Public Library card with proof of residence.

STUDENT SERVICES

Materials may also be borrowed from libraries throughout the state and country via interlibrary loan. The College is part of a statewide delivery service.

Staff

Librarians work closely with students to help them develop

skills to effectively access, evaluate and synthesize information. Library staff also collect, organize and preserve relevant materials and develop services to benefit the Edgewood College community. In addition, librarians are available for one-on-one consultation and assist in locating materials.

Services and Facilities

Library facilities include over fifty computer workstations offering access to a variety of online information resources, including word processing, email, printers, and wireless capabilities throughout the library, copiers, scanners, video players and other equipment. Three large group study rooms are available for student use.

The College Archives, containing the College's historical publications, documents and memorabilia are housed in the Library. Detailed information on the Library's hours, policies and other topics is published each year in the Student Handbook and is also available at the Library's website,

<http://library.edgewood.edu>.

RESIDENCE LIFE

The goal of Residence Life is to enrich the college experience and strengthen the sense of community for all students.

Research shows that the first two years of college are a critical time for students to develop academic and social networks.

Students who live on campus are more likely to be involved and graduate in four years. Therefore, Edgewood College is committed to providing a supportive and positive residential environment conducive to student engagement and learning for all students.

At Edgewood College, we have six residence halls; four traditional halls and two apartment buildings. All students under the age of 21 are required to live on campus for their first two academic years unless they choose to live with a family member and/or legal guardian within commuting distance. Exceptions to this policy include students who have children, live in domestic partnerships, veterans or students who are studying part-time.

The Residence Life staff is comprised of six professional staff members and 20 student staff members (Resident Assistants). Resident Assistants (RAs) are veteran student leaders who provide leadership in the residence halls. Two of the professional staff live on campus as well as the RAs to promote safety, support, and community for residents.

SECURITY

The Security staff is responsible for the safety and security of residents, staff and visitors, campus buildings and grounds. Security officers patrol the campus, monitor parking, provide

escorts when requested and act as liaisons with local police and fire agencies. To summon an officer or report an emergency, campus members may dial 608.663.4321, or call the Campus Assistance Center at 608.663.4444. Security officers are on duty 24 hours a day, 7 days a week. To report a security or safety concern that is not an emergency, campus members may contact the Security Department at 608.663.3285. The Security Office is located in the Weber lobby on the Monroe Street Campus. A majority of the security staff have law enforcement training and experience. They are available to assist you with a wide range of issues involving security and safety on and off campus.

For emergency policies services on the Deming Way Campus, call 911. For non-emergency security services, contact campus security at 608.663.4321. Campus security will not be able to routinely respond to requests such as unlocking doors, equipment problems, etc. Any security issue found after regular business hours should be called in to the campus security department.

STUDENT ACCESSIBILITY AND DISABILITY SERVICES

Our mission is provide accommodations and accessibility support to students with disabilities that will enable them to fully participate in programs and services that are available at Edgewood College. For information regarding policies and procedures regarding Accessibility and Disability Services, please contact Lili O'Connell, Director of Student Accessibility Services at 608.663.8347 or by emailing

loconnell@edgewood.edu. Information can also be found at our website, <http://lss.edgewood.edu/Disability-Services>.

STUDENT ACTIVITIES IN MUSIC, THEATRE AND ENGLISH

The Music Department offers a number of performing groups that are open to all students, regardless of major. Instrumental ensembles include Concert Band, Jazz Ensemble, Guitar Ensemble, Edgewood Chamber Orchestra, Campus-Community Orchestra, and Jazz and Wind Chamber Ensembles. Choral ensembles include Chamber Singers, Women's Choir, Men's Choir, Campus-Community Choir, and a student-led acappella group. For information on getting involved in music activities or for current concert schedules, contact the Music Department at www.music.edgewood.edu.

As part of the Theatre Arts Department, Edgewood College Theatre produces four major production, a Theatre for Young Audiences production and number of student-directed production each year. Auditions are open to all, regardless of major and students who wish to work backstage crews for a production are welcome to contact the department. In addition to the Edgewood College Theatre season, the Theatre Arts Department sponsors the student organization, Theatre Assembly. A friendly, inviting community where students can feel free to be themselves, Theatre Assembly provides programming, events, opportunity and community for anyone interested in theatre, regardless of major. The elected student

planning committee of Theatre Assembly, the Theatre Assembly Planning Committee (TapCo) provides leadership, organization, inspiration and director for the Theatre Assembly as a whole. Any students interested in being a part of the Theatre Assembly should come to the Green Room, backstage of the theatre and/or contact the Theatre Arts Department.

The English Department sponsors two publications, *On the STUDENT SERVICES*

Edge, the campus newspaper and *The Edgewood Review*, the campus literary magazine, published annually. Student editors produce both publications. Contact the English Department for information.

STUDENT DEVELOPMENT STAFF AND DEAN OF STUDENTS

Members of the Student Development Staff engage all students in meaningful experiences in and out of the classroom. The staff does this by:

- Offering programs, services and mentoring.
- Providing leadership and expertise for student life including: leadership development, student activities, residence life, career development, mental and physical wellness, multicultural competence, personal safety and financial literacy.
- Working with students as collaborative partners to build an inclusive, challenging, supportive and engaging campus community.

The Dean of Students works with students to:

- Help connect students to appropriate services, programs and resources.
- Address student concerns and non-academic grievances.
- Ensure that services, programs, and policies are responsive and supportive of emerging student needs.

Students who are not sure where on campus to go to get information or to solve a problem are encouraged to call or stop in to the Dean of Students Office in 215 Predolin Humanities Center at the Monroe Street Campus.

STUDENT RESOURCE CENTER

The mission of the Student Resource Center, located in DeRicci Hall, on the Monroe Street Campus, is to provide students with resources that promote student development and success of the whole person.

Career Services

Career Services provides resources, counseling and educational opportunities that empower students to make important life and career decisions. We strive to focus on the College mission of

helping students prepare for meaningful personal and professional lives of ethical leadership and service. Included in our services are career assessments, career counseling, internship and job search assistance, career development workshops and guidance with the graduate school process. For further information click on Parents & Family at www.edgewood.edu.

Personal Counseling Services

Personal Counseling Services offers free, confidential counseling and psychological services. Services are aimed at enhancing the emotional well-being of students and supporting students in reaching their personal and academic goals. Meeting with a personal counselor can help students experience relief and healing, gain decision making and problem solving skills and improve interpersonal relationships. Services include short-term personal counseling, periodic support groups, consultation, and educational workshops. Personal Counselors also provide assessment consultation, and counseling for alcohol and other drug use. Referrals to community mental health care providers are available when appropriate or requested.

Learning Support Services

Learning Support Services staff members provide academic support services to assist student to perform effectively and efficiently in the classroom and to promote independent and cooperative learning. Services include peer tutoring in most introductory undergraduate classes, drop-in Math and Chemistry assistance at the Math/Science Lab in DeRicci 224 on the Monroe Street Campus and study skills and learning strategies assistance. This includes test taking, time management and note-taking skills, by appointment through the Student Resource Center.

WRITING CENTER

The Writing Center, located in the library (main floor, behind the Printing & Copy Center) is a free drop-in service open to all students. No appointment or referral necessary. Bring any paper from any class. Tutors are also available in all the residence halls. We work with writers from draft or notes to final presentation. Any course, any level (including grad and RAAD), any discipline. Improve your writing. Working with a tutor makes a difference.

**ACADEMIC
POLICIES & INFORMATION**

ACADEMIC POLICIES AND INFORMATION

ACADEMIC HONESTY POLICY

As members of a scholarly community dedicated to healthy intellectual development, students and faculty at Edgewood College are expected to share the responsibility for maintain high standards of honesty and integrity in their academic work.

Each student should reflect this sense of responsibility toward the community by submitting work that is a product of his or her own effort in a particular course, unless the instructor has directed otherwise. In order to clarify and emphasize its standards for academic honesty, the College has adopted this policy.

The following are examples of violations of standards for academic honesty and are subject to academic sanctions:

- Cheating on exams, submitting collaborative work as one's own, falsifying records, achievements, field or laboratory data or other coursework.
- Stealing examination or course materials.
- Submitting work previously submitted in another course, unless specifically approved by the present instructor.
- Falsifying documents or signing as an instructor or administrator's name to a document or form.
- Plagiarism
- Or aiding another student in any of the above actions.

Plagiarism, which is defined as the deliberate use of another's ideas or words as if they were one's own, can take many forms, from the egregious to the mild. Instances most commonly seen in written work by students in order from most to least serious are:

- Borrowing, buying or stealing a paper from elsewhere, lending or selling a paper for another's use as his or her own; using printed material written by someone else as one's own.
- Getting so much help on a paper from someone else, including a college tutor, that the student writer can no longer legitimately claim authorship.

- Intentionally using source material improperly, e.g., neither citing nor using quotation marks on borrowed material; supplying an in-text citation but failing to enclose quoted material within quotation marks; leaving paraphrased material too close to the original version; failing to append a works-cited page when sources have been used.
- Unintentional misuse of borrowed through ignorance or carelessness.

Sanctions recommended for academic dishonesty are an "F" on the assignment and/or an "F" in the course. Violations may be referred to the Academic Dean's Office for appropriate action.

UNITED STATES COPYRIGHT LAW

Copyright is a form of protection provided by the laws of the United States (Title 17 U.S. Code to the creators of "original works of authorship.") This includes literary, dramatic, musical, graphic, sculptural, audiovisual, and software creations. Therefore, the unauthorized copying of copyrighted materials is in violation of U.S. copyright law and is not permitted at Edgewood College.

ADMINISTRATIVE WITHDRAWAL

Edgewood College reserves the right to withdraw any student from classes at any time during the semester or term for reasons such as (but not limited to):

- Disruptive behavior in the classroom that interferes with the learning of other students.
- Lack of course prerequisite(s).
- Lack of instructor or departmental approval for a course.
- Academic dishonesty.

Once registered, the student retains responsibility and financial liability for all registered courses. Tuition refunds will not be granted when students are withdrawn by the institution for cause.

PHILOSOPHY OF GENERAL EDUCATION REQUIREMENTS

CONTENT

The problems and issues that a student will face after leaving college are not simply those connected with a specific interest, career or professional calling. Instead, they arise out of a variety of interests and contexts in an increasingly complex and interconnected world.

To live a full, purposeful human life, therefore, during his or her college career, each student must be helped to cultivate knowledge, skills, habits, and commitments that transcend any particular major or discipline. She or he must be provided with a general education, which will empower him or her to draw from and integrate multiple perspectives and ways of knowing in the service of addressing appreciating and acting upon real-life practical, ethical, political and spiritual challenges.

THE HERITAGE

Such an education has traditionally been the goal of the liberal arts, which classically emphasized character development, versatility, breadth, independence, perspective, effective expression and critical thinking as essential for achieving lives of personal liberation and public service.

Such an education has also traditionally been the goal of the liberal institutions in the Dominican tradition, where the need for study and reflection is joined with a requirement of action for the common good.

THE MISSION

At Edgewood College, both of these traditions find concrete expression in the College Mission, which is to engage students within a community of learners committed to building a just and compassionate world and to educate them for meaningful personal and professional lives of ethical leadership, service and a lifelong search for truth.

Because it reflects both the traditions of the College and the needs of the student in today's world, this Mission is the foundation of all of the College's curricular offerings and of its overall understanding of the shape of general education.

THE METHOD

In other institutions of higher learning, the general education that students receive is often organized in the following way: each student chooses from a range of designated courses in a number of separate, unchanging topic areas; these topics are associated with certain disciplines, which are in turn associated with particular departments. When a student is finished with his or her general education program, she or he will have one or more classes in each separate discipline area.

In contrast, what Edgewood College requires of its students is success in meeting a set of linked goals that can be embodied in

a variety of educational structures. Some of these goals involve the acquisition of skills; others the application of knowledge. Still others have to do with educational processes, including integration of knowledge, developmentalism and experiential and community-based learning.

In meeting these goals, students at Edgewood College have the opportunity to engage directly in the sort of integration, critical thinking, self-reflection and problem solving that they will need to have rewarding lives of public service, personal fulfillment and professional achievement. In addition, they have the ability to do so within a structure that allows for a high degree of freedom and innovation with respect to classrooms, disciplines and departments.

As a result, the Edgewood College student is better able to conceptualize his or her learning, both in the sense of providing more varied contexts for learning and in the sense of allowing the student to apply and be assessed in his or her learning in a wider variety of contexts. In the tradition of classical liberal arts education, general education at Edgewood College is therefore, holistic, interdisciplinary and practically motivating and empowering. As such, General Education requirements may not be fulfilled through Independent-Study coursework.

GOALS

To live a full and purposeful life, each Edgewood College student must learn to cultivate knowledge, skills and habits of mind and commitments that transcend a particular major or discipline. Students must be provided with a general education that will empower them to draw from and integrate multiple perspectives and ways of knowing in the service of addressing, appreciating and acting upon real-life practical, ethical, political and spiritual challenges.

At Edgewood College, the general education is grounded in the College Mission, to engage students within a community of learners committed to building a just and compassionate world and to educate them for meaningful personal and professional lives of ethical leadership, service and a lifelong search for truth.

Each set of goals in the Edgewood College general education program is connected with a specific element of student learning essential to the realization of the Edgewood College Mission. These are:

Cornerstones

Students must be able to communicate, think critically, think mathematically, and assess and evaluate information at least well enough to apply these basic skills in the context of their education at Edgewood College, prepare them for lives of meaningful professional leadership and growth and demonstrate intellectual and practical skills for active citizenship and everyday life.

PHILOSOPHY OF GENERAL EDUCATION REQUIREMENTS

Ways of Knowing

To have the tools and the background to make judgments about and act in the world and be lifelong learners, students must be exposed to diverse ways of knowing and experiences of how knowledge is acquired; they must engage with numerous bodies of knowledge and the research methodologies with which those bodies of knowledge are connected. Such encounters introduce students to the multiple lenses through which the world is defined, understood, analyzed and experienced. Moreover, they reinforce crucial critical thinking and inquiry skills.

Perspectives on the World

In order to build a more just and compassionate world, students must be able to understand the complexities of that world and to engage with it, approaching issues and problems from multiple perspectives, learning about the world through its languages and cultures, and being aware of how their decisions and actions affect the environment in which they live. They must learn to apply inquiry/problem-solving skills in a context that allows theory to inform practice.

The Edgewood COR

Finally, students must be given the opportunity for identity development and critical self-reflection, for experiencing the world and discerning their place in it. They must be given a context for applying, integrating and synthesizing their learning, a context that requires students to learn, practice, and apply foundational skills, offer venues for applying knowledge and skill, and explicitly link the theories that we use understand the world and the actions that we and others choose to take.

NON-RAAD GENERAL EDUCATION REQUIREMENTS

Full-time, first-year students must complete a minimum of one Initial Cornerstone Experience in their first semester. Full-time students must complete all Initial Cornerstone Experiences in their first four semesters at the College.

CORNERSTONES

Eight Cornerstone Experiences improve and reinforce the fundamental skills and abilities central to a liberal education. There are two types of Experiences within the Cornerstone categories: Initial and Enriched Cornerstones. Students are required to complete:

- Five Initial Experiences (one each from: Critical Thinking, Mathematics, Information and Technology Literacy, Oral Communication and Written Communication).
- Three Enriched Experiences (one each from: Critical Thinking, Oral Communication, and Written Communication).

WAYS OF KNOWING

Ways of Knowing Experiences provide exposure to a range of academic disciplines and methods of inquiry. Students are required to complete 10 Ways of Knowing Experiences:

- Three Experiences in Experience and Study of the Arts and Literature (A, B, and C) with at least one experience in historical and contemporary history works (A); one with a studio component (B); and one in literature (C).
- Four Experiences in Analysis of Human Behavior and Social Structure (J) and Exploration of the Natural World (S (field/lab), V(non-field/lab)) to include:
 - One experience in Analysis of Human Behavior and Social Structure (J).
 - Two Experiences in Exploration of the Natural World (S).
 - One additional experience:
 - If the two S Experiences are a science sequence, 1 additional S, V, or J Experience.
 - If the two S Experiences are not a sequence, 1 additional S or V Experience is required.

PERSPECTIVES ON THE WORLD

Perspective Experiences prepare students to live and work in a global and diverse world. Students are required to complete eight Perspective Experiences:

- One Experience in Global Perspectives (G).

- One Experience in Environmental Perspectives (E).
- One Experience in Multicultural Perspectives (D).
- One Experience in Gender Perspectives (Q).
- Two Experiences in World Language (L).

World Language Experiences may be fulfilled by:

- Completion of two years of the same language in high school with a cumulative average of C (2.0) with no grade lower than a C- (best of four semesters). A maximum of 2 L tags can be fulfilled through foreign language taken in high school.
- Completion of two semesters of college/university language, other than one's own, of the same language.
- Students for whom English is not their first language may qualify for a substitution of this requirement. Contact the Academic Dean's Office for more information.
- Two Additional Perspectives Experiences with G, E, D, Q, or L Tags.

COR

The COR General Education Program is administered by the School of Integrative Studies.

In the Dominican tradition, the forging and nurturing of relationships is the heart of study, reflection and action for the common good. In this spirit, the Edgewood COR provides an integrative, three-level framework for students to better understand themselves, become aware of the needs and opportunities of the world, and consider their role in contributing to the building of a more just and compassionate world.

COR is one of four general education domains at Edgewood College. All students are required to earn COR 1, COR 2, and COR 3 general education tags as part of their degree requirements. COR 1 will be satisfied by the Transfer Bridge to COR for most transfer students.

Across all three levels of the COR curriculum, students investigate three fundamental questions with increasing depth as they move from COR 1 through COR 3. The intended learning outcomes for each level of COR, as they relate to the three COR questions are:

COR 1

Who am I and who could I become?

Identify, explore, and critically reflect on personal identities, values, beliefs, spiritualities, and worldview.

NON-RAAD GENERAL EDUCATION REQUIREMENTS

What are the needs and opportunities of the world?

Utilize inquiry-based approaches to critically investigate relevant human questions.

What is my role in building a just and compassionate world?

Explain contemporary issues and problems from multiple perspectives.

COR 2

Who am I and who could I become?

Clarify a sense of self in relation to the world.

What are the needs and opportunities of the world?

Analyze ethical issues embedded in meaningful community-based learned experiences.

What is my role in building a just and compassionate world?

Integrate knowledge and skills from multiple sources and meaningful experiences.

COR 3

Who am I and who could I become?

Articulate a personal philosophy or mission statement which reflects individual gifts, values, and commitments in light of the needs of a chosen profession and society.

What are the needs and opportunities of the world?

Demonstrate the skills necessary for engaged, responsible citizenship.

What is my role in building a just and compassionate world?

Develop integrative creative theories and solutions to contemporary human issues and problems.

Students' experiences in the COR program are characterized by the following components that emerge from the Dominican Studium of study, reflect, act.

Study

Interdisciplinary Inquiry: Students explore social and human issues from the perspectives of different liberal arts disciplines or ways of knowing in order to develop a more complete and complex understanding.

Skill Development: Students develop the skills necessary to participate in the building of a more just and compassionate world including skills related to civic discourse, cultural awareness, leadership development, and civic engagement.

Reflect

Values and Ethical Exploration: Students identify and reflect on their personal values, beliefs, spiritualities and world views and consider their connection to and social responsibility in the world.

Personal Philosophy/Mission Statement: Students develop initial, expanded and refined writings to articulate how their individual gifts, values and commitments relate to the needs and opportunities of the world, and their personal and professional participation in it.

Act

Community Engagement: Students have exploratory, intensive, and major-related experiences in local, global and/or professional communities that are closely linked to study and reflection as a way to personally connect with meaningful, real-life social issues.

Fulfilling the Requirement: Please note that for all three levels of COR, the current Timetable provides the names of seminars, courses, and experiences available in a given semester. The COR Program offices provides a current list of COR offerings, at each level, every semester.

TRANSFER BRIDGE TO COR

In lieu of a COR 1 seminar, transfer sophomores and above must complete a Transfer Bridge to COR course during their first semester at Edgewood College. The two and one half hour Transfer Bridge to COR course provides an introduction to the COR Program; Edgewood College's Dominican tradition; and the community engagement expectations of COR 2 courses, as well as an opportunity to reflect on the COR questions. Bridge registration takes place when students register for classes. Most incoming transfer students choose to complete the Bridge on the same day as Transfer Student Orientation, but a limited number of other options are available at the beginning of the semester.

Transfer students who have completed a full semester of coursework elsewhere or have substantial life experience may be eligible to complete a bridge course even though they have not achieved sophomore standing. Students who have sophomore standing due to AP credits or college-level work completed during the high school, must register for a COR 1 seminar unless the COR Program allows for Transfer Bridge alternative for other reasons.

RAAD GENERAL EDUCATION REQUIREMENTS

CORNERSTONES

Eight Cornerstone Experiences improve and reinforce the fundamental skills and abilities central to a liberal education. There are two types of Experiences within the Cornerstone categories: Initial and Enriched Cornerstones. Students are required to complete:

- Five Initial Experiences (one each from: Critical Thinking, Mathematics, Information and Technology Literacy, Oral Communication and Written Communication).
- Three Enriched Experiences (one each from: Critical Thinking, Oral Communication, and Written Communication).

These experiences will be achieved while completing major requirements.

WAYS OF KNOWING

Ways of Knowing Experiences provide exposure to a range of academic disciplines and methods of inquiry. Students are required to complete six Ways of Knowing Experiences:

- Three Ways of Knowing Experiences from the following:
 - Experience and Study of the Arts (Historical and Contemporary Artistic Works) (A)
 - Experience and Study of the Arts (Studio Component) (B)
 - Experience and the Study of Arts (Literature) (C)
 - Reflection on Human Culture, Value and Ideas (History)(H)
 - Reflection on Human Culture, Value and Ideas (Philosophy) (P)
- Three Ways of Knowing Experiences from the Following:
 - Exploration of the Natural World (Field/Laboratory Component)(S) (maximum of 2)
 - Exploration of the Natural World (V) (maximum of 1)
 - Analysis of Human Behavior and Social Structure (J) (maximum of 2)
- One Experience in Religious Studies is required.

PERSPECTIVES ON THE WORLD

Perspective Experiences prepare students to live and work in a global and diverse world. Students are required to complete four

of the following perspective experiences:

- Experience in Global Perspectives (G)
- Experience in Environmental Perspectives (E)
- Experiences in Multicultural Perspectives (D)
- Experience in Gender Perspectives (Q)
- Experiences in World Language (L)

World Language Experiences may be fulfilled by:

- Completion of two years of the same language in high school with a cumulative average of C (2.0) with no grade lower than a C- (best of four semesters). A maximum of 2 L tags can be fulfilled through foreign language taken in high school.
- Completion of two semesters of college/university language, other than one's own, of the same language.
- Students for whom English is not their first language may qualify for a substitution of this requirement. Contact the Academic Dean's Office for more information.

COR

The COR General Education Program is administered by the School of Integrative Studies.

In the Dominican tradition, the forging and nurturing of relationships is the heart of study, reflection and action for the common good. In this spirit, the Edgewood COR provides an integrative, three-level framework for students to better understand themselves, become aware of the needs and opportunities of the world, and consider their role in contributing to the building of a more just and compassionate world.

COR is one of four general education domains at Edgewood College. All RAAD Students are required to earn COR 2 and COR 3 general education tags as part of their degree requirements. COR 1 focuses on building student skills for transitioning to college, and is therefore not a part of the RAAD curriculum.

COR 2

The COR 2 requirement is typically fulfilled during the sophomore or junior year by successfully completing a course that integrates an in-depth, experiential pathway to engagement such as community-based learning, short or long term study abroad, field experience, select undergraduate research, or civic leadership. All COR 2 pathways are accompanied by a credit-bearing academic component. A COR 2 experience can have

RAAD GENERAL EDUCATION REQUIREMENTS

any departmental prefix, but needs to carry the number “2” tag in order to satisfy the COR 2 requirement.

In very limited cases, COR 2 may be transferrable. Any student who believes he/she has fulfilled this requirement may request review by a designated member of the COR program.

COR 3

The COR 3 requirement is typically fulfilled during the senior year by registering for and successfully completing a COR 3

seminar. Courses with the COR 3 tag often fulfill a requirement or elective in the major. COR 3 seminars reside in academic departments across campus. A course needs to carry the number “3” tag in order to satisfy the COR 3 requirement. Please

consult with your academic advisor in learn the options for fulfilling COR 3 for your particular major and the specific rotation for COR 3 seminars as they are offered during particular terms. COR 3 is not transferrable.

ACADEMIC POLICIES FOR DEGREE REQUIREMENTS

Edgewood College’s curriculum aims to prepare students for lifelong learning and personal development, fulfilling careers, and growth in responsibility for the wider community.

UNDERGRADUATE STUDENT DEGREE REQUIREMENTS

An undergraduate degree is the result of the completion of:

1. Edgewood College’s General Education curriculum;
2. At least one major;
3. At least 120 total credits (some major programs may require more);
4. A cumulative grade point average (GPA) of at least 2.00;
5. A minimum of 32 credits earned at Edgewood College to fulfill the undergraduate general residency requirement, including work in the major. Each academic department determines the number of Edgewood College credits that must be earned in the major or minor.

GRADUATE STUDENT DEGREE REQUIREMENTS

To graduate, a graduate student must have earned the number of credits appropriate to the degree sought. Only credits in courses numbered 600 or above count toward meeting this requirement. The student must have maintained a 3.00 GPA on those credits and successfully met all school or departmental and general degree requirements. No degree will be officially conferred by Edgewood College until all defined degree requirements for the student’s academic program(s) have been met. Grades of a C or above will fulfill program requirements; grades of CD or below cannot be used to fulfill program requirements.

Once all defined degree requirements for a student’s academic program(s) have been met, the degree will be conferred, even if the student wishes to remain an active student.

All students expecting to graduate must complete an Intent to Graduate form with the Registrar’s Office at the beginning of their final term. See DEGREE REQUIREMENTS-ALL STUDENTS for more information.

Departmental Requirements

Students must satisfy all coursework as required by the school or department offering the graduate program in which the student is registered.

Institutional Courses

All graduate students must satisfy the Ethics and Studies in Change components. See specific program pages for Institutional Course (IC) requirements.

Time Limits for Degree Completion (Seven-Year Rule)

Only those courses completed within the seven years prior to the granting of a degree will be counted toward meeting the degree requirements.

Residency Requirements for Degree Programs

A minimum to the nearest multiple of three (3) of 2/3 of the coursework credits presented for a graduate degree must be taken at Edgewood College.

Graduate Student Dual Degree Options

A dual degree program is an approved combination of two separate degree programs at the graduate level. Approved graduate dual degree programs are MBA/MS in Accountancy and MBA/MS in Nursing. A dual degree program allows for a maximum overlap of 15 credits (or 18 credits if the total number of credits for both programs equals or exceeds 75). The maximum overlap includes any courses that are waived for both programs. Coursework toward the dual degree may be pursued simultaneously, however, only one degree program will be

ACADEMIC POLICIES FOR DEGREE REQUIREMENTS

listed on the student record as current. A student completing the requirements of a dual degree program will be conferred with a separate degree for each of the degrees included in the dual degree program.

If a student wishes to pursue a second degree program that has not been approved as a dual degree, they must follow the Multiple Majors and Multiple Degrees Policy, and must have approval by the Departments and Schools in which they are seeking the degrees.

DEGREE REQUIREMENTS FOR ALL STUDENTS

No degree will be officially conferred by Edgewood College until all defined degree requirements for the student's academic program(s) have been met. All transcripts for outstanding transfer coursework, including study abroad, need to be received by the Registrar's Office prior to the conferral date (January 10, May 25 or August 25).

Once all defined degree requirements for a student's academic program(s) have been met, the degree will be conferred as defined above. If a student wishes to continue taking coursework at Edgewood College after their degree has been conferred, she or he could need to reapply. Please contact the Registrar's Office for details.

Intent to Graduate Form

This form is required for four important reasons:

1. To inform the Registrar's Office that the student is planning to graduate at the end of the term.
2. To inform the Registrar's Office whether the student intends to participate in the commencement ceremony.
3. To allow the student an opportunity to indicate how he or she wants their name spelled on their diploma.
4. To allow the student the opportunity to provide a mailing address for his or her diploma that may be different from any other address that may be on file for the student (with graduation, many students move to new addresses).

If all graduation requirements have been met, but the Intent to Graduate Form has not been submitted to the Registrar's Office, the student's degree will be conferred, but no diploma will be released until the form is received.

If degree requirements are not met and a student leaves the College, they will have five years from that term to reenter under their original catalog. Degree requirements must be

completed within 5 years of a student's last date of attendance at Edgewood College. If a student reenters after an absence of 5 or more years, he or she will be responsible for completing all requirements in the catalog in effect at the time of reentry. A student may not graduate with a grade of "Incomplete" on his or her academic record.

Waiving Requirements

The requirements for the degree are guidelines that point out standard means toward a liberal arts education. The Associate Academic Dean in consultation with the curricular committees has authority to waive any general degree requirement for an individual student when he/she and the student agree that such a waiver achieved the objectives of a liberal arts education at Edgewood College, as well as the requirement in question. Waivers for General Education requirements are extremely rare and requests must be made in writing. Chairpersons or Deans of major and minor Schools and departments may waive any part of the requirements for a major or minor. Waivers and/or substitutions must be documents on a Special Arrangement form.

MULTIPLE MAJORS AND MULTIPLE DEGREES

Undergraduate students who meet graduation requirements for two or more majors will receive multiple majors with one undergraduate degree (BS or BA or BBA). Students majoring in disciplines that qualify for different degrees will receive only one degree through all the majors and minors that are completed; at the time of filing an Application for Degree Form, students will select their degree for graduation. Post-baccalaureate students entering with degrees from regionally-accredited institutions or who have previously received a degree from Edgewood College will be eligible to earn a second degree. In order to earn a second degree, a student must successfully complete 32 additional credits of coursework at Edgewood College beyond that used to achieve the initial degree.

Graduate students who meet the graduate requirements for two or more concentrations within the same degree program will receive one graduate degree (MA, MS, MBA, MSN, EdD, DNP, etc.). Students who have already earned a graduate degree from Edgewood College will be eligible to earn a second degree. In order to earn a second degree, a student must successfully complete the residency requirement of the second degree program beyond that used to achieve the initial graduate degree, including the capstone portion of the program. The student must also successfully complete all degree requirements of the second degree program

UNDERGRADUATE STUDENT LEVEL DESIGNATIONS

CLASSIFICATION OF STUDENTS (FRESHMAN, SOPHOMORE, JUNIOR, SENIOR)

The classification of Undergraduate, Post-Baccalaureate and RAAD students is determined by the number of credits earned by the student. Those who meet the entrance requirements are classified as freshmen. Students with 28-59 hours of earned credit are classified as sophomores; those with 60-89 hours of earned credit are classified as juniors; and those with over 90 hours of earned credit are classified as seniors. A student who does not wish to register as a candidate for a degree at Edgewood College or does not meet the admissions requirements is classified as a Limited or Non-Degree student.

UNDERGRADUATE PREREQUISITES FOR REGISTERING

Undergraduate students whose placement scores indicate a deficiency that could jeopardize future success are required to take appropriate skill courses. Degree-seeking undergraduate

students who have not placed into college-level English coursework must take their pre-college English course during their first semester, assuming the course is open

Degree-seeking undergraduate students who have not placed into college-level math coursework are required to take their pre-college math during their first year at Edgewood College. Credit toward graduation is not given for these courses; however credits do count toward full-time status in the semester in which they are taken

COURSE NUMBERING SYSTEM

Below 100	Pre-college courses do not fulfill degree requirements
100-299	Introductory courses
300-399	Intermediate courses
400-499	Advanced courses
500-599	Graduate prerequisite courses
600-699	Graduate courses

GRADUATION AND COMMENCEMENT

Edgewood College officially posts degrees three times each year, on January 10, May 25 and August 25; these are the dates on which a student will formally graduate. Commencement ceremonies are held twice a year in May and December.

Anticipated May graduates are eligible to participate in the May commencement ceremony; anticipated December graduate are eligible to participate in the December commencement ceremony. August candidates are invited to participate in either the May or December ceremony during the year in which they graduate (with the exception of Accelerated Post-Baccalaureate Nursing students who may only participate in December). Any exceptions regarding commencement participation are handled by the Associate Academic Dean.

Graduation and commencement information is available online at www.edgewood.edu. Students may contact the Registrar's Office with questions regarding eligibility. GRADUATION HONORS FOR UNDERGRADUATE STUDENTS

Graduation honors are awarded to undergraduate students who

have demonstrated superior scholarship in all of their college coursework.

To be eligible for graduation honors, a student must have earned a minimum of 60 credits from Edgewood College at the time of graduation. Graduation honors are awarded based on the cumulative Edgewood College GPA and do not include credit transferred to the College. Graduation honors are not the same as membership in the Honors program.

Three classes of Latin honors are awarded:

- Summa cum laude: cumulative GPA of 3.9
- Magna cum laude: cumulative GPA 3.7
- Cum laude: cumulative GPA of 3.5

REGISTRATION POLICIES

DEFINITIONS OF TERMS AND SESSIONS

Students register for courses in a specific term and/or session.

For undergraduate, graduate and most post-baccalaureate students, a term is generally the standard 15 or 16 week “semester” (Fall or Spring). Winterim and Summer, both shorter than Fall and Spring are also terms in which courses are offered for undergraduate, graduate and post-baccalaureate students. A session is a 7 or 8 week courses within a Fall or Spring term; there are two sessions per term: Session 1 and Session2. There are no sessions during the Winterim and Summer terms.

For students in the Returning Adult Accelerated Degree (RAAD) program, courses are offered in six, eight-week terms labeled Terms A-F.

CROSS DIVISIONAL COURSEWORK

Undergraduate or Post-Baccalaureate Students in Graduate Courses

Undergraduate students at the College may register for graduate courses under the following conditions:

1. The student has a cumulative GPA of 2.75 on a 4.0 scale.
2. The student holds junior or senior status as an undergraduate.
3. The student has completed all prerequisites for the graduate course.
4. The student has completed ENG 100 and COMMS 101, or their equivalents.
5. The student has the consent of the instructor of the graduate course (for MFT courses, the consent of the director of the Marriage and Family Therapy program).
6. There is space available in the course after all graduate registrations for the course have been accommodated.
7. The student’s credit load does not exceed 16 credits during the semester of registration for the graduate course.

At the discretion of the program director or School Dean, no more than six (6) graduate level credits taken as an undergraduate or post-baccalaureate student at regionally accredited post-secondary institutions may be applied toward a graduate certificate or degree program at Edgewood College, regardless of whether the credits have been applied toward a previous degree. These credits may count toward both the graduate program/degree requirements and/or the number of credits needed to complete the graduate program. The credits from these courses cannot be used to fulfill graduate program

residency requirements and the grades from the courses will not be included in the Edgewood College graduate cumulative GPA.

This policy is applicable to both students from other institutions coming to Edgewood College to pursue a graduate degree program, or graduate certificate program and Edgewood College graduates with an undergraduate degree from Edgewood College.

For Edgewood College undergraduate students pursuing the Five-Year Accounting program, please see the School of Business requirements as outline in this Catalog for further information.

Graduate Students in Undergraduate Courses

Students enrolled in a graduate program may not take undergraduate level courses as part of the completion of the degree program.

Returning Adult Accelerated Degree (RAAD) Students in Undergraduate or Graduate Courses

Returning Adult Accelerated Degree (RAAD) students are not allowed to take non-RAAD undergraduate courses or graduate courses while completing their accelerated program.

CREDIT LOAD

Undergraduate Students

Full time undergraduate students carry a load of 12 to 17 credit hours each term. Term loads exceeding 17 hours are rare and should be considered carefully. Term loads over 17 credits must be approved by the Academic Dean’s Office. In order to graduate in four years, students must earn an average of at least 15 credits per term. Actual credit loads may vary depending upon the major.

Accelerated Undergraduate Students

Half-time RAAD students carry a minimum of three credits per term. Full-time RAAD students carry a minimum of six credits per term. Term loads exceeding eight credits are rare and should be considered carefully. The Academic Dean’s Office must approve term loads over eight credits.

Graduate Students

Full time graduate students carry nine graduate credit hours each term. Students registering for more than nine term credit hours must have the approval of the Academic Dean’s Office and school or department offering the graduate program in which the student is registered.

Half-time graduate students carry four to eight credit hours each term. Part-time graduate students carry from one to three credits hours each term.

Full-time doctoral students carry six graduate credits each term. Students registering for more than six term credit hours must have the approval of the Academic Dean’s Office and school offering the graduate program in which the student is registered. Half-time doctoral students carry three to five credit hours each term. Part-time doctoral students carry from one to two credit hours each term.

REGISTRATION POLICIES

For summer session, full-time for both doctoral and graduate students is six credit hours, half-time is three to five credit hours and part-time is one to two credit hours.

Veteran students registered in graduate-level session courses, please refer to the ACADEMIC POLICIES FOR STUDENT VETERANS section for the definition of full-time credit load.

THE 34 CREDIT RULE

A non-RAAD undergraduate student who is full-time in both the Fall and Spring terms of an academic year is permitted to take a maximum of 34 credits, including Winterim at no additional charge. The number of credits is based on enrollment at the 100% refund date. Adjustments will be made after the 100% refund date for Spring term.

COURSE FREQUENCY

Frequency of course offerings (every term, every year, in alternative years, or occasionally) is determined by the relevance of courses to programs and by student need, interest and registrations. Academic departments usually develop a two year course rotation to assist students with program planning. The College reserves the right to cancel a course for lack of adequate registration or other reasons. The typical individual course frequency is listed in the course descriptions for each academic department.

ADDING AND DROPPING COURSES AND CREDIT CHANGES

Any change in schedule (course add, course drop or credit change) should be discussed with the student's academic advisor. The student is responsible for officially adding or dropping courses by the appropriate deadlines, as indicated in the current Registration Guide.

Fall/Spring Terms and Sessions

A student may add or drop courses on Edgewood Express for seven calendar days after the start date of the term or session. After that add/drop deadline, a course must be added or dropped via a paper form. When adding courses via a paper form, instructor approval is required. Course drops are not permitted after the tenth week of a term course, or the fifth week of a session course.

RAAD Terms

A student may add or drop courses on Edgewood Express for seven calendar days after the start date of the term or session. After that add/drop deadline, a course must be added or dropped via a paper form. When adding courses via a paper form, instructor approval is required. Course drops are not permitted after the Friday of the fifth week of a RAAD term.

Winterim and Summer Terms

Deadlines for Winterim and Summer courses may vary and are

indicated in the Registration Guide and on Edgewood Express.

For All Terms and Sessions, Including RAAD, Winterim and Summer

Every course is offered in a given term or session. The official start of the term session is always used to determine all add/drop and tuition refund deadlines, even if the course starts earlier or later than the term or session within which it is offered.

When paper forms are required to add or drop course(s), it is the student's responsibility to submit forms to Edgewood Central by the appropriate deadlines, as indicated in the current Registration Guide.

For information regarding tuition refund percentages with add/drop activity, please refer to the Registration Guide.

FAILURE TO REGISTER

Students may not attend courses for which they are not registered. Please see ADDING AND DROPPING COURSES AND CREDIT CHANGES above for information regarding adding courses after the start of the term or session.

FAILURE TO ATTEND AND/OR FAILURE TO DROP

Students must drop a course to be officially removed for all academic responsibilities associated with that course. Financial responsibilities will be assessed based on tuition refund deadlines. Without an official drop being processed, the student is in effect still in the course, even if he or she has stopped attending.

Individual instructors set attendance policies for their classes. Responsibility for attending class is placed upon the student in the context of learning and academic achievement. Students are responsible for work missed. Students who must be absent are encouraged to discuss their absence with their instructors, preferably before the absence occurs. Only when an emergency arises will the Academic Dean's Office notify the student's instructors, if the student or Dean of Student's Office explains the reason for the absence and requests that instructors be informed. See ADDING AND DROPPING COURSES AND CREDIT CHANGES and WITHDRAWAL FROM COLLEGE in this section for withdrawal policies.

A student, who is not attending a class for which he or she is registered, and who has not officially dropped the class by the tenth week of the semester, will receive a grade of "F" for the class.

STOPPING OUT IN THE RAAD PROGRAM

If a student in the RAAD program must stop out (stop taking classes for one or more terms), he or she must contact the Graduate and Professional Studies Admissions Office. To return to the RAAD program, a student must complete a reentry form

REGISTRATION POLICIES

through the Graduate and Professional Studies Admissions Office. Only when this form is filed will a student be reactivated to receive mailings from the college, including registration information.

FAILURE TO PAY

Students will be administratively withdrawn from all courses if they have not paid or signed up for a payment plan with the Business Office, by the last day to add/drop courses on Edgewood Express.

WITHDRAWAL FROM COLLEGE

A student who wishes to withdraw from the College while a term or session is still in progress (i.e., drop all courses) should do so through Edgewood Central. Failure to meet the drop deadline can result in grades of "F" and/or financial consequences. Non-attendance does not constitute withdrawal; failure to withdraw officially will result in liability for all tuition and fees and grades of "F" for each course registration. See the refund policy under FINANCIAL AID.

VOLUNTARY MEDICAL LEAVE POLICY AND APPEALS FOR RETROACTIVE WITHDRAWALS AND/OR TUITION REFUNDS

Edgewood College understands that rare and extenuating circumstances (such as acute medical conditions) may arise that affect a student's ability to complete a term or session. In these rare cases, a student has two options: receive approval from the Associate Academic Dean for a Voluntary Medical Leave, or

submit an appeal to the Retroactive Withdrawal and Tuition Refund Appeals Committee.

Edgewood College students may request a Voluntary Medical Leave when a student's physical or psychological condition significantly impairs his or her ability to function successfully or safely as a student and that condition prevents a student from completing the term. It is expected that the time a student take away from the College will be used for treatment and recovery. This is a voluntary process initiated by the student, involving withdrawal from all classes for the term, with a protocol in place for reentry.

In order to obtain a Medical Leave and then return to student status, a student must obtain a recommendation from either the Director of the Health Center (for physical health reasons) or the Director of Personal Counseling (for mental health or substance abuse reasons) and administrative approval from the Associate Academic Dean.

If a student encounters extreme, acute life circumstances that prevent him or her from completing courses for a given term or session, and the student has already left and is now addressing the absence, the student's only remaining option is for an exception to deadlines is to submit an appeal to the Retroactive Withdrawal and Tuition Refund Appeals Committee. This committee hears requests for retroactive withdrawal and tuition refund appeals. Appeals beyond one year will not be considered. Each appeal is reviewed on a case-by-case basis and all appeal decisions are final. Subsequent appeals for identical circumstances will not be considered. Detailed information about the Appeals Committee and the process to submit and appeal can be found on the Registrar's Office website, <http://registrar.edgewood.edu>.

ACADEMIC ADVISING

Academic advising is a cooperative teaching and learning process that is integral to the educational experience of Edgewood College students.

Advisors guide, mentor and work in partnership with students to assess their academic progress and assist them in making informed decisions as they develop and implement their academic and professional plan.

Traditional students are required to meet with their academic advisor in order to register for classes and are encouraged to confer with their advisor regularly to ensure they are progressing smoothly throughout the academic year.

In the Returning Adult Accelerated Degree (RAAD) program, advisors provide a single point of contact for student information. Advisors should be consulted for all student questions, particularly those associated with academic requirements. In an effort to provide continuity, advisors will continue to work with students from their initial inquiry throughout their academic experience. All advising is coordinated by the Office of the Academic Dean.

Although advisors assist students, students are fully responsible for knowing and fulfilling the specific requirements in their major, for general education, and for graduation. Students are also responsible for understanding all academic policies in this Catalog.

AUDITING A COURSE

UNDERGRADUATE STUDENTS

Full time undergraduate or post-baccalaureate students may attend a non-credit course or audit a course with no additional tuition charge. Persons other than degree-seeking students who attend or audit a course will apply with the Admissions Office as an Auditor. Auditors are charged the current per-hour audit fee, except graduates of Edgewood

College and senior citizens over 60, who will be charged a discounted audit fee.

Permission to audit a course always requires consent of the instructor. Audit status permits the person to attend the class but does not authorize participation in class discussion or evaluation by the instructor. Explicit consent of the instructor is required for active participation in the class. Audit students are admitted on a space-available basis.

This policy applies only to lecture and seminar type courses other than laboratory and nursing clinical courses and not to special programs, workshops, institutes, etc. The College reserves the right to withdraw permission to attend or to audit,

GRADING SYSTEM

LETTER GRADES

The quality of a student's work is expressed in grades and grade points. The scale is:

A	4.0 grade points/credit hour
AB	3.5 grade points/credit hour
B	3.0 grade points/credit hour
BC	2.5 grade points/credit hour
C	2.0 grade points/credit hour
D	1.5 grade points/credit hour
D	1.0 grade points/credit hour
F	0.0 grade points/credit hour
F*	Failure in Pass/Fail Course
P	Pass in Pass/Fail Course (equivalent to D or better)

and to refund the audit fee if the circumstances in a particular course should make such withdrawal and refund advisable.

ACCELERATED UNDERGRADUATE STUDENTS

RAAD courses cannot be audited.

GRADUATE STUDENTS

Full time students may attend a non-credit course or audit a course with no additional tuition charge. Persons other than degree-seeking students who attend or audit a course will apply with the Admissions Office as an Auditor. Auditors are charged the current per-hour audit fee, except graduates of Edgewood College and senior citizens over 60, who will be charged a discounted audit fee.

The College reserves the right to withdraw permission to attend or to audit, and to refund the audit fee if the circumstances in a particular course should make such withdrawal and refund advisable.

- I Incomplete (a temporary grade; must be changed to a letter grade)
- NR Not reported by instructor.

PASS/FAIL GRADING

Undergraduate Students

Juniors and seniors with a 2.50 cumulative GPA may carry an average of one course each semester on a pass/fail basis. General Education requirements must be taken for letter grades, with the exception of COR courses, which may be taken on a pass/fail basis as approved the department or school through the General Education course approval process. Major and minor departments must authorize pass/fail courses taken within the major/minor. Signed pass/fail forms must be submitted within two weeks from the first class meeting. Deadlines vary for Summer and Winterim; consult the Registration Guide. Pass/fail grades, because they do not have grade points, do not affect the GPA of a student. The pass/fail option, once taken, may not be revoked at a later time for a letter grade.

Accelerated Undergraduate Students

RAAD students will not be allowed to take regularly graded

GRADING SYSTEM

courses on a pass/fail basis. However, schools or departments may designate courses to be taken pass/fail. In this case, all students in a course would be graded pass/fail.

Graduate Students

Institutional courses (IC) must be taken for letter grades. Schools and departments may authorize pass/fail courses taken within the respective school or department. No more than two courses taken

on a Pass/Fail basis can be applied toward the degree, unless required by the respective school or department. Once a course has been taken on a pass/fail basis, it may not later be changed to a letter grade.

INCOMPLETE GRADES

The grade of “Incomplete” will be given only for reasons of health or other serious emergencies and when arrangements have been made in advance with the instructor. A Request for Incomplete form must be completed and signed by both the student and the instructor and filed with the Registrar’s Office by the appropriate deadline. It is the student’s responsibility to contact the instructor in this matter.

A student who has not completed all requirements for a course by the time of the final grading period and who does not have a serious reason, and has not made arrangements with the instructor to receive an “Incomplete” must be graded on the basis of the work submitted up to the time of the grading period.

“Incomplete” is a temporary grade and must be removed ten weeks after the semester or term in which the grade of “Incomplete” was given. The instructor has the authority and is responsible for establishing deadlines for the completion of work within this ten week period. The instructor may extend the “Incomplete” deadline for as long as one year after the end of the term, but if the work is not completed by the end of that year, no further exceptions will be allowed. If the work is not made up within the ten weeks after the end of the term, whether or not the student continues at the College, the grade becomes an “F.”

The Registrar’s Office will not confer a degree if there is an “Incomplete” on the student’s record. If a final grade is not received prior to the conferral date (January 10, May 25 or August 25), the posting of the degree will be postponed until the next conferral date. A student’s academic record cannot be altered after degree conferral. Exceptions to changing a grade on a student’s academic record after degree conferral are extremely rare and must be approved through the Academic Dean’s Office.

NON-REPORTED GRADE (“NR”)

A grade of “NR,” indicating “not reported” is given by the Registrar’s Office when an instructor has not submitted a grade for a student. The “NR” will lapse to a grade of “F” if the Registrar’s Office has not received a grade from the instructor two weeks after the end of the term.

GRADE REPORTS

Grades may be viewed online through Edgewood Express (<https://express.edgewood.edu/ICS/Students>) under “My Grades” once final grades have been posted for the term. If a student has outstanding financial or library obligations to the College, grades will be withheld until the outstanding obligation has been met. Freshmen and sophomores are provided with midterm grades in the Fall and Spring terms to better assess their academic progress. If an instructor or academic office has determined that a student’s successful academic progress is in jeopardy, the student may be notified and asked to arrange a conference with their advisor, instructor, and/or Learning Support Services staff. For undergraduate students not in the RAAD program, midterm grades and Academic Alert Notices do not go on a student’s permanent record; they serve as one of the means the College uses for communicating Academic Progress.

APPEAL OF GRADES AND GRADE CHANGES

Student appeals regarding grades and other course-related concerns must be made to the department in which the concern arises, according to the following procedure:

- The student should first discuss the matter with the instructor.
- If a resolution cannot be reached, the student should contact the department chair or Dean of the school in which the course was taken, who may initiate the department/school appeal procedures.
- If a resolution cannot be reached, the Academic Dean’s Office should be contacted.

Grades may be changed within one year of the end of the course. No grade appeals or grade changes will be accepted after one year.

GRADE REPEAT POLICY

Most courses cannot be repeated for additional credit. A student may choose to repeat a course in order to improve a grade. Only the most recent attempt at the course will be included in the GPA calculation (including situations where the most recent attempt at a course results in a lower grade), and the credits are earned only once, provided at least one of the courses has a passing grade. All repeated courses and their grades will appear on the transcript in the terms they were taken and the repeated course will be noted as “R” (repeated). In some courses where the content changes from one term to another, it may be possible to earn credits more than once. Some examples include Independent Study courses, Workshops and Internships, and Special Topics Courses. Contact the Registrar’s Office for specific information about whether a course may be repeated for additional credit.

GRADING SYSTEM

All undergraduate students must receive at least a grade of “D” in order for a course to count towards their major requirements. Students receiving less than a grade of “D” will need to repeat the course and receive a passing grade in order for the course to count toward degree requirements.

Graduate students must receive at least a grade of “C” in order for a course to count towards their major requirements. Students receiving less than a grade of “C” will need to repeat the course and receive a passing grade in order for the course to count toward degree requirements.

TRANSFER REPEAT POLICY

If a student repeats a course at Edgewood College that was previously transferred from another institution, the transferred credits will be removed from the student’s record. Grades from transferred courses are not included in the Edgewood College grade point average calculation.

TRANSCRIPTS

A transcript of credits is an official document issued by the Registrar’s Office. Current students can order transcripts through a secure ordering site, which can be accessed on Edgewood Express (<https://express.edgewood.edu/ICS/Students>). There is a fee for ordering official transcript from the College. If you need to pay by cash or check, transcripts can be requested at Edgewood Central. Transcripts will be processed only if there are no transcript holds (i.e., outstanding financial obligations to the College) on the student account.

ACADEMIC STANDING

ACADEMIC PROGRESS

Undergraduate Students

A full-time, non-RAAD undergraduate is making satisfactory academic progress if he or she earns a minimum of 12 Edgewood College credits each semester in Fall and Spring and is in good academic standing (a cumulative GPA of 2.0 or higher) for each term he or she registers, including Fall, Spring and Summer. Pre-college courses, while they do not count in credit earned, count toward the computation of full time status for satisfactory progress in the semester they are taken.

RAAD Students

A RAAD undergraduate is making satisfactory academic

DEAN’S LIST

DEAN’S LIST

Full-time undergraduate and post-baccalaureate students who earn a cumulative GPA of 3.75 or higher are eligible for the Dean’s List after completing 24 credit hours of study at Edgewood College. Such students must be in good academic standing and have no grades of “Incomplete” or “NR.” Grades from transfer credits are not calculated in the cumulative GPA. Dean’s List may be awarded retroactively.

SEMESTER HOURS

Semester Honors are awarded to undergraduate students who carry at least 12 graded credits (excluding Pass/Fail courses and pre-college courses) and earn a GPA of at least 3.50 with no grades of “I,” “NR,” “F,” or “F*.” Semester Honors may be awarded retroactively.

Edgewood College does not issue transcripts or copies of records on file from other institutions. All transcripts received by Edgewood College become the property of the College and cannot be released to the student. Students may review their transcripts from other institutions in the Registrar’s Office during regular business hours.

progress if he or she earns a minimum of 12 Edgewood College credits each semester in Fall and Spring and is in good academic standing (a cumulative GPA of 2.0 or higher) for each term he or she registers, including Fall, Spring and Summer. Pre-college courses, while they do not count in credit earned, count toward the computation of full time status for satisfactory progress in the semester they are taken.

Graduate Students

Full time graduate students carry nine graduate credit hours each semester. Students registering for more than nine semester credit hours must have the approval of the Academic Dean’s Office and school or department offering the graduate program in which the student is registered. Half-time graduate students carry four to eight credit hours each semester. Part time students carry from one to three credit hours each semester.

ACADEMIC STANDING

ACADEMIC STANDING

There are three official categories of academic standing for students registered for programs at Edgewood College: good standing, probation and dismissed.

Good Academic Standing for Undergraduate Students

To be in good academic standing, a student must have a cumulative GPA of at least 2.00 with no grades of “Incomplete.” The grade point average is based on all courses attempted on a graded basis except Pass/Fail courses and pre-college courses. A student’s academic standing is noted on the term grade report and on his or her official record. It is not calculated for Winterim, except in the case of RAAD students.

Good Academic Standing for Graduate Students

A registered graduate student is in good academic standing when one maintains a cumulative 3.00 GPA while registered in graduate courses.

Probation for Undergraduate Students

A student will be placed on probation if the cumulative GPA is less than 2.00. While on probation, a student who takes an “Incomplete” in any course may not register for the following semester. Undergraduate students have only one term on probation in which to raise their cumulative GPA to at least a 2.00 and return to good academic standing. A student who does not raise his or her GPA in one term is dismissed (see below).

Undergraduate students on probation are required to meet with Learning Support Services staff for an assessment and information about academic support services.

Probation for Accelerated Undergraduate Students

A RAAD student will be placed on probation if the cumulative GPA is less than 2.00. While on probation, a student who takes an “Incomplete” in any course may not register for the following term. Students have twelve additional credits in which to raise their cumulative GPA above a 2.00 before facing dismissal.

Accelerated undergraduate students on probation are advised to meet with their advisor for information about academic support services and are also encouraged to utilize campus resources for improving their academic performance.

Probation for Graduate Students

A registered graduate student whose cumulative GPA in graduate courses falls below 3.00 is placed on probation. Graduate students have nine additional credits in which to raise their cumulative GPA above a 3.00 before facing dismissal. While on probation, a student who takes an “Incomplete” in any course may not register for the following semester.

Graduate students on probation are advised to meet with their advisor for information about academic support services and are also encouraged to utilize campus resources for improving their academic performance.

Dismissal for Undergraduate Students

An undergraduate student will be dismissed from the College if the cumulative GPA is less than 2.00 for two successive terms (excluding Summer and Winterim) with a minimum of 12 cumulative credits attempted overall.

Undergraduate students dismissed from the College may appeal the dismissal decision with the College (if applicable) or re-apply after attending another institution and demonstrating academic success in at least 12 credits of college-transferrable courses. For information regarding the appeal process or re-entry, please contact the Academic Dean’s Office.

Dismissal for Accelerated Undergraduate Students

A RAAD student on probation will be dismissed if his or her cumulative GPA remains below a 2.00 after completing 12 additional credits.

Undergraduate students dismissed from the College may appeal the dismissal decision with the College (if applicable) or re-apply after attending another institution and demonstrating academic success in at least 12 credits of college-transferrable courses. For information regarding the appeal process or re-entry, please contact the Academic Dean’s Office.

Dismissal for Graduate Students

A graduate student on probation will be dismissed if his or her cumulative GPA remains below 3.0 after completing 9 additional graduate credits. Coursework which is not included in the grade point average does not count as part of the nine additional credits (courses numbered below 600, withdrawals or pass/fail graded courses).

Any student (regardless of classification) may also be dismissed for academic dishonesty or violating conditions of the Student Handbook. Academic standing is posted at the close of each semester and is reported on the grade report for each student.

**ADDITIONAL
STUDY OPPORTUNITIES**

COLLABORATIVE PROGRAM WITH UW-MADISON

In order to supplement the instructional resources of Edgewood College and provide expanded opportunities to students, the University of Wisconsin-Madison and Edgewood College have an agreement by which Edgewood College students may take courses at UW-Madison and have these courses and grades appear on their official Edgewood College record and included in the Edgewood College GPA. Students' Edgewood College tuition payment covers the cost of the approved courses. The Collaborative Program is offered during the Fall and Spring semesters only; Winterim and Summer sessions are not included.

The Collaborative Program is open to full-time undergraduate degree-seeking students who have completed at least one semester at Edgewood College, are in good academic standing, and have satisfied all financial obligations to the College. Students may take one course at UW-Madison each semester, not to exceed five credits, courses with both a lab and lecture component are considered one course. The course may not be offered at Edgewood College in the same semester. A course may not be repeated. Courses must be approved prior to

registration and be applicable to the student's Edgewood College degree.

The Collaborative Program application form may be obtained from Edgewood Central; deadlines for applying are July 1 for the Fall semester and December 1 for the Spring semester. Approval to participate in this program does not guarantee registration, which is subject to available space in the course, according to UW's policies. As part of the application process, students also apply to the UW Continuing Studies Program and follow UW registration procedures. Fees are deferred to Edgewood College when students register at the UW.

In order to withdraw from a course, in addition to officially dropping the course at UW, the student must officially drop the course at Edgewood Central at Edgewood College in accordance with published procedures and deadlines. Deadlines may be different at each institution; it is the student's responsibility to understand the procedures and policies for each institution.

INDEPENDENT STUDY

Independent Study is intended for highly motivated, dedicated students who are willing to prepare a proposal for a course which then may be approved by their directing professor. Students may take an Independent Study course on a selected topic for which they develop their own curriculum. Such courses are based on individualized and independent learning and are developed with a directing professor to include specific learning goals and regularly scheduled meetings with the professor.

Instructors recognize that the student proposing an Independent Study seeks to further their learning in an area that is not provided in the current course offerings. Students are limited to one Independent Study course of up to four credits per semester. General Education requirements may not be fulfilled through Independent Study. Independent Study courses may not be

audited. Students must complete an Independent Study contract (available through the Registrar's website, <http://registrar.edgewood.edu>.) with their directing instructor and register for the appropriate Independent Study course within an academic department or School. The contract must be submitted in the first quarter of the term to qualify for 3-4 credits and in the first half of the term to qualify for 1-2 credits. Departments and schools may have policies that supersede this policy, so it is recommended that students consult with their directing professor in advance of proposing an Independent Study contract to the Registrar's Office should be followed. Registering after these deadlines will require approval from the Academic Deans' Office.

CENTER FOR GLOBAL EDUCATION

The Center for Global Education was established in 2004 to direct and promote the various international initiatives of the College. As part of its core mission and liberal arts foundation, Edgewood College aspires to promote knowledge and experience of global dynamics in the contemporary world, the ability to analyze and to value other cultures, and the skills to become effective global citizens. To achieve this, the College engages its faculty, students, and staff in the ongoing process of integrating a global perspective into all facets of campus life, linking curricular and co-curricular initiatives and creating a more globally-oriented learning community. The College's goal is a globalized Edgewood College campus. This includes a curriculum with international and global content, broad student participation in study abroad, a significant presence of international students on campus, co-curricular activities around global themes and strong faculty and staff engagement in global programs. The Center's efforts are devoted to educating globally competent students who have the cross-cultural skills to know

and esteem others' perspectives, a deep understanding of global interdependence, and acceptance of differences.

The Center concerns itself with six areas:

- Curriculum
- Study Abroad
- Faculty Development

STUDY ABROAD

Edgewood College strongly recommends its students to study abroad. Experiencing another culture firsthand is a unique opportunity for students to learn about the world and their place in it. Students are given a wide choice of programs that will enhance their liberal arts education with a global perspective.

The Center for Global Education staff is available to advise and assist students at all stages of the study abroad experience, from identifying and choosing a suitable program to negotiating the application process; from providing an orientation program for students about to depart the United States to helping returned students use their international experience to bring a global dimension to campus. The Center staff coordinates all Edgewood College programs abroad and also facilitates student participation in study abroad programs offered by other organizations. Program offerings include, but are not limited to:

- Short-term (1-3 weeks) options are available primarily through the COR program. These are typically semester courses taught by Edgewood College faculty and include an international travel component during Winterim or summer.

- International Students
- Co-curricular activities
- Initiatives to specific world regions

The Center's co-directors assist faculty to incorporate a global perspective in the curriculum, plan co-curricular activities that will reinforce what students learn in the classroom, and offer opportunities for students and faculty to participate directly in a global experience through study abroad and faculty/student exchange.

Edgewood College has established as an academic priority the integration of a global perspective into its curriculum. By taking courses with global/international content, students prepare themselves to be global citizens who carry out the Mission of "building a just and compassionate world." Key features of the College's global/international curriculum are: a foreign language requirement; a global perspectives requirement; majors and minors in French and Spanish; an International Relations Major; Global Studies Minor; Latin American Studies Minor; COR 2 International Seminars; and many courses with significant global/international content.

- A summer Spanish-language and culture program in Arequipa, Peru.
- An exchange semester or year at Masaryk University in the Czech Republic.
- An exchange semester at the Karlsruhe University of Applied Sciences in Karlsruhe, Germany for Business majors.
- Student teaching program in Cuernavaca, Mexico.
- An exchange semester or year abroad at a university in one of 50 countries through the International Student Exchange Program (ISEP). See www.isep.org.
- An exchange semester or year abroad in Northern Ireland through the Irish-American Scholar Program.
- An approved program with an affiliated or non-affiliated institution or study abroad provider.

STUDY ABROAD

POLICIES

Preparation

Planning ahead, ideally one year in advance, for a successful study abroad experience is essential. Students should attend a study abroad information session, meet with a peer advisor, work with a study abroad advisor, and participate in the Center for Global Education's pre-departure orientation programs.

GPA

GPA requirements vary by program. Students must have a 3.0 cumulative GPA to apply for an Edgewood College sponsored semester or academic year program. Some short-term programs and non-Edgewood College sponsored programs may have lower GPA requirements.

Status

To participate in a semester or yearlong program, you must have at least second semester sophomore status during your study abroad term. Freshmen are encouraged to participate in short-term programs and to start planning the process for a semester or year length study abroad program. Nursing students have different status requirements and should consult with the Center

for Global Education as early as possible to explore study abroad options.

Credit and Financial Aid

All students must work with the staff of the Center, his or her academic advisor, a financial aid advisor and the Registrar's

Office to assure that all procedures for course selection and pre-approval, transfer of academic credit, applicability of financial aid, and program payment are followed.

The cost of an exchange placement with ISEP and the Edgewood College Masaryk University Exchange Program are based on Edgewood College tuition, room and board and Edgewood College, state and federal financial aid is applicable. Students enrolled in a study abroad program approved for transfer of credit by Edgewood College may be eligible for financial assistance under Title IV, HEA programs, (§485(a)(1)(N)).

Visit the Center for Global Education's website for more information: <http://globaleducation.edgewood.edu>.

HONORS PROGRAM

The Edgewood College Honors Program is designed to meet the needs of academically talented students by providing opportunities for intellectual and social development both in and out of the classroom. In the classroom, Honors courses promote excellent teaching through active-learning environments. Beyond the classroom, the Honors Program provides experiences to enrich and expand college life. The goal of the Honors Program is to provide students opportunities for intellectual challenge, stimulation and creativity.

HONORS PROGRAM REQUIREMENTS

The Honors Program at Edgewood College seeks to meet the academic needs of able, highly motivated students by providing opportunities for intellectual and social development where students meet and interact with like-minded students who share similar goals. Honors students enhance the academic climate in their courses and contribute to raising academic standards throughout the College.

The Honors Program provides:

- Intellectual challenge and stimulation.
- Stimulating events and activities outside the classroom.

- Membership in a community of diverse, motivated students from across campus who share academic interests.
- The opportunity to hone leadership and interpersonal skills through participation in activities and service on the Honors Committee.
- Opportunities offered by the National Collegiate Honors Council programs.
- The opportunity to enhance potential for graduate study and employment.

APPLICATION FOR ADMISSIONS TO THE HONORS PROGRAM

New Freshman:

1. A minimum high school GPA of 3.5.
2. A minimum ACT composite score of 26.
3. Rank in the top 15% of the graduating class.

Transfer and Currently Enrolled Students:

1. Minimum transfer GPA of 3.3.
2. Student statement describing past activities and reasons for applying to the Honors Program.

HONORS PROGRAM

3. Successful completion of an Honors course in one of the first two semesters at Edgewood College.
4. Must maintain a GPA of 3.3 or higher.
5. Application must be submitted prior to completion of 60 credits toward graduation.

Benefits

1. Priority registration for active Honors students.
2. Opportunities for travel and enhanced experiences in and out of the classroom.
3. Diploma recognition as a "Graduate of the Honors Program."

TO GRADUATE AS A MEMBER OF THE HONORS PROGRAM

1. Complete at least four Honors Program courses:
 - a. One Honors course within the student's first two semesters at Edgewood College (Honors COR 1/or Honors English 110 are strongly recommended).
 - b. At least one additional Honors courses per academic year (or non-Honors courses with an elective Honors contract

upgrade) until a total of at least four Honors courses are completed.

2. Earn a minimum of six Honors Program points:

- a. Study Abroad Experience: 1-2 points each depending on duration and program.
 - b. Pre-approved domestic enrichment excursions: 1-2 points each depending on duration and program. For example
 - i. National Collegiate Honors Council, "Partners in the Parks"
 - ii. Council on Undergraduate Research or other similar research conferences.
 - c. Honors Program sponsored activities such as concerts, seminars, lectures, symposia or field trips and reflections- 1 point each.
 - d. Service learning project: 1-2 points each depending on duration and program.
3. Complete an Honors Scholarship Project.
 4. Maintain a cumulative GPA of 3.3 or above.

CENTER FOR MULTICULTURAL EDUCATION

The Center for Multicultural Education (CME) was founded in 2005 as the institutional center and academic home for multicultural teaching, research, and learning at Edgewood College.

Approved by its Advisory Board, the Center's mission and goals are as follows:

The Center for Multicultural Education advances multicultural inquiry, understanding, and engagement in order to affirm the mission and identity of Edgewood College.

We strive to achieve these primary goals:

- Assist faculty in developing and utilizing multicultural pedagogy in the classroom
- Support multicultural research and scholarship
- Raise awareness of multicultural issues and perspectives in higher education
- Offer scholarly expertise in relation to institutional practices and decisions regarding multicultural issues

- Cultivate partnerships with diverse communities within and outside of the College
 - Provide leadership and consultation to develop and implement multicultural curriculum
 - Maintain and enhance the Ethnic Studies Program
- CME has contributed strongly to several major academic and strategic initiatives of the College:
- Provided leadership in developing and implementing the new General Education curriculum, especially the Multicultural Perspectives (D tag) requirement
 - Played an active role in developing and implementing the College's Plan for Inclusion 2010-2013, and integrating the Inclusion Plan into the Academic Plan 2011-2016
 - Sponsored or co-sponsored many scholarly as well as community multicultural events
 - Strengthened campus-wide faculty, staff, and student development through such programs as the CME Distinguished

CENTER FOR MULTICULTURAL EDUCATION

Lecture Series, Teaching for Diversity Series, and ALANA faculty gatherings.

CME also oversees the Ethnic Studies major and minor within the School of Integrative Studies.

Launched in fall 2012, the Ethnic Studies major distinguishes itself with its strong interdisciplinary curricular offerings. The program also provides a variety of student personal and professional development opportunities, including internships, student organization leadership and participation, and work-study positions.

The minor remains a dynamic program since its inception in fall 2005. It maintains a high retention and graduation rate and enrolls students from a broad range of disciplinary fields and diverse ethnic/racial backgrounds.

Scholarships are available for students who major or minor in Ethnic Studies.

For more information about the Center and the Ethnic Studies major and minor, please see Ethnic Studies Program in the School of Integrative Studies pages and visit our web site: <http://multicultural.edgewood.edu/>.

INDIVIDUALIZED MAJORS AND MINORS

The individualized Major or Minor offers students the opportunity to create a curriculum around their own academic interests and life goals. Students use the Individualized Program to develop integrative majors or minors that Edgewood College does not offer, or they use the program to add a specialized, integrative minor to a current major. The School of Integrated Studies coordinates Individualized Majors and Minors and the Undergraduate Curriculum Committee (UCC) is authorized to approve individualized majors and minors and determines the number of credits that must be earned at Edgewood College. Please refer to the School of Integrative Studies section of this Catalog for more information.

**DEGREE PROGRAMS,
MAJORS & MINORS**

DEGREE PROGRAMS, MAJORS & MINORS

Edgewood College offers a number of degrees for undergraduate and graduate students. These courses are offered at our Monroe Street Campus, Deming Way Campus, and online.

BACHELOR'S DEGREE PROGRAMS

Edgewood College's undergraduate degree programs are taught by high-quality faculty with a commitment to the College's mission, identity and Liberal Arts foundation. Courses build disciplinary knowledge, skills, and habits of mind rooted in the Dominican tradition. The College offers degrees in the liberal arts disciplines, Ethnic Studies, Education, Business, and Nursing. There are opportunities for students to create an Individualized Major or Minor plan as well. The undergraduate curriculum focuses on deep learning in both methods and content of disciplines, integration of knowledge and personal and professional development.

ACCELERATED BACHELOR'S DEGREE COMPLETION PROGRAMS

Edgewood College offers degree programs designed to meet the needs of today's adult student. These programs have been expressly designed for those individuals whose responsibilities make attendance at traditional weekday classes difficult. Our faculty and staff understand that school needs to be balanced with family, career, and community priorities. Taking this into consideration, the primary aim of our adult programs is to capitalize on the motivation, professional experience, life experience, and capacities that adult learners bring to the classroom. Our courses are taught by the same high caliber full- and part-time faculty who teach in our traditional undergraduate programs.

GRADUATE DEGREE PROGRAMS

Philosophy Supporting Edgewood College Graduate Programs

Inspired by the Sinsinawa Dominican Catholic values of truth, justices, community, partnership, and compassion and guided by a commitment to intellectual excellence and reflective judgment, graduate education at Edgewood College recognizes that:

- Professional development requires intellectual excellence through mastery of theory and practice.
- Personal development of ethically responsible individuals is facilitated by opportunities for advanced reflective study, dialogue, and mentoring in a collaborative education context.
- The vitality of just and peace-loving communities requires the contributions of a diversity of well-educated professionals.

To be recognized regionally as graduate programs that anticipate and serve the professional development needs of the community, providing individuals with opportunities to develop the knowledge and skills necessary for successful leadership in a rapidly changing, multicultural world.

Graduates of Edgewood College's graduate programs will be known by their peers, colleagues, employers and employees as:

- Leaders who promote ethical and humane work relationships.
- Persons whose actions and decisions integrate theoretical knowledge and best practices.
- Innovators who command global perspectives and an appreciation for cultural diversity.
- Decision makers who critically integrate multiple perspectives in their work activities.

PROFESSIONAL DEVELOPMENT

The ongoing professional development needs of educators, business persons and other professionals are long recognized by Edgewood College. We are devoted to supporting collaborative efforts that aim to meet lifelong learning requirements and personal goals.

Over the years, local school districts and other educational entities, organizations and community associations have established partnerships with Edgewood College to provide graduate-level credit opportunities for professional development courses. The College's professional development specialists work in coordination with educators to develop quality PD courses that are offered for Edgewood College graduate-level credits.

Contact Jennie Allen, Coordinator of Professional Development, at 608.663.4253 for additional information about this unique opportunity.

**SCHOOL OF
ARTS & SCIENCES**

Home of the liberal arts, the School of Arts and Sciences contains fifteen departments offering a wide range of majors and minors in the arts, humanities, natural sciences and social sciences. We encourage students to investigate these programs in the pages that follow and on our websites (starting with www.artsandsciences.edgewood.edu) to see the kind of academic homes our departments can provide.

Students will have the opportunity to explore these fields while taking many of their General Education courses. Each of these courses is an opportunity to pursue the learning outcomes that define our cornerstones, ways of knowing, COR and perspectives, which together comprise the essence of an Edgewood College education. Each also provides the change to explore new ways of thinking, and to discover interests students may not have known they have.

The liberal arts contribute to the intellectual life of Edgewood College by the creation of art, the development of knowledge, and the cultivation of wisdom. The Arts & Sciences invite all of our friends to seize the opportunity to learn and thrive in our programs. Become part of our intellectual community and make your contribution to the life of the mind.

MISSION

Through the Liberal Arts- the heart of the Dominican intellectual tradition- the School of Arts and Sciences cultivates the search for truth, the appreciation of beauty, the commitment to community, the passion for justice, and the love of life. Our disciplines and programs are designed to assist students in developing their skills, exploring ways of knowing, understanding the world, and discovering their potential for rewarding lives of public service, personal fulfillment and professional development.

All majors must fulfill the Senior Presentation and Critique requirement in order to obtain Art Department approval or graduation.

WEB DESIGN AND DEVELOPMENT MAJOR (BA or BS PROGRAM)

The Web Design and Development major is offered jointly by the departments of Art and Computer Information Systems. This major provides students with a strong foundation in graphic design as well as computing related skills as preparation for jobs in the rapidly growing area of web media design and development.

Sixty-five credits to include:

Computer and Information Sciences Courses:

CS 180	Introduction to Computing & Programming*
CS 250	IT Project Management
CS 270	Introduction to Database Structures
CS 340	Programming for the Web*
CS 490	Topics in Computer Science*

****Student without prior programming experience must take CS 170, IU; prior to CS 180. Otherwise, consent of the instructor is needed.**

MISSION

The Mission of the Edgewood College Biological Sciences Department is to prepare all students to be well-informed students and leaders in a world that is increasingly shaped by science and technology. Based on Sinsinawa Dominican values, we aim to instill in all our students an understanding of, and a life-long enthusiasm for, the process of scientific discovery and a commitment to the responsible application of science. We are committed to innovation and excellence in our programs and to preparing our majors to be successful in science-related careers that are vital for meeting future local, national and global needs.

BIOLOGY MAJOR (BS PROGRAM)

Requirements for the Biology major include 38 credits in Biology, 8 credits in Chemistry, a Mathematics course, and the completion of an independent research project.

Completion of the major includes participation in independent research. Each student will present his or her research project in Biology Seminar (BIO 480). Biology majors should consult with their advisors about this requirement at the time that the major is declared.

Students majoring in Biology should seek assistance in planning their program of study with an advisor in the department. Transfer students must take a minimum of 12 biology credits at Edgewood College for a major. Students with specific goals for careers or post-graduate study may be advised to take some courses at the University of Wisconsin-Madison through Edgewood College's Collaborative Program.

A student must maintain a cumulative grade point average of 2.5 in biology courses. A biology course in which the student receives a grade below "CD" will not be accepted towards to the major.

BIOLOGY DEPARTMENT COURSE RECOMMENDATIONS

Biology majors interested in pursuing post-graduate degrees should carefully consider the Biology electives, Chemistry/Geoscience/Physics, and Mathematics courses that they choose as part of their Biology Major requirements. Each post-graduate program and school has its own requirements, and it is suggested that students speak with their advisor as soon as they begin to plan ahead. For beginning students, the following courses are suggested as generally helpful in gaining access to further study and training in the following areas.

ECOLOGY/CONSERVATION BIOLOGY

Students interested in ecology and/or conservation biology should consider taking the following courses as part of their program of study.

Biology Courses (as part of the biology coursework requirements):

BIO 206	EV	Natural Communities of Wisconsin
BIO 250	EV	Introduction to Environmental Science
BIO 292		Biology Excursions*
BIO 333	E	Ecological History of Civilization*
BIO 402		Cell and Molecular Biology*
BIO 430	S	Animal Behavior*
BIO 450	E	Ecology*

**course has prerequisites*

Courses outside of Biology:

ENVS 216/GEOS 206	EV	Environmental Geology
GEOG 265	E	Environmental Conservation
PS 352	EJ	Environmental Politics

MEDICAL SCIENCE AND BIOMEDICAL GRADUATE PROGRAMS

Students interested in medical or health-related fields should consider the following courses as part of their program of study:

Biology Courses (as part of the Biology coursework requirement):

BIO 210		Anatomy and Physiology I*
BIO 211		Anatomy and Physiology II*
BIO 312	S	Microbiology*
BIO 402		Cell and Molecular Biology*
BIO 406		Medical Microbiology*
BIO 408		Immunology*
BIO 425		Animal Physiology*
BIO 469		Special Topics in Biology*

**course has prerequisites*

Chemistry Courses (as part of the major coursework requirements)

CHEM 120	S	General Chemistry I*
CHEM 121	S	General Chemistry II*

**course has prerequisites*

Additional recommended courses:

CHEM 321		Organic Chemistry I*
CHEM 323		Organic Chemistry II*
CHEM 340		Biochemistry*
PHYS 130& 131	S	General Physics I & General Physics II*
		OR
PHYS 201	SU	College Physics I *
		AND
PHYS 202	S	College Physics II*

**course has prerequisites*

SPORTS SCIENCE RECOMMENDATION

Students interested in physical therapy, exercise physiology, or other sports science fields should also consider the following science courses as part of their program of study:

Biology Courses (as part of the Biology coursework requirement):

BIO 210		Anatomy and Physiology I*
BIO 211		Anatomy and Physiology II*
BIO 220	V	Introduction to Human Biomechanics*
BIO 312	S	Microbiology*
BIO 402		Cell and Molecular Biology*
BIO 410	K	Pathology*
BIO 415		Exercise Physiology*
BIO 425		Animal Physiology*

**course has prerequisites*

Chemistry Courses (as part of the major coursework requirement):

CHEM 120	S	General Chemistry I*
CHEM 121	S	General Chemistry II*

**course has prerequisites*

Additional recommended courses:

CHEM 321		Organic Chemistry I*
CHEM 323		Organic Chemistry II*

GRADUATE SCHOOL RECOMMENDATION

Students interested in pursuing graduate work in biology leading to a Master's degree or Doctorate should contact their advisor to determine which Biology elective courses will prepare them for a particular graduate program. The following list of chemistry, physics and math courses are commonly expected for graduate admissions:

Chemistry Courses (as part of the major coursework requirement):

CHEM 120 S General Chemistry I*

CHEM 121 S General Chemistry II*

**course has prerequisites*

Additional recommended courses:

CHEM 321 Organic Chemistry I*

CHEM 323 Organic Chemistry II*

BROAD FIELD NATURAL SCIENCE MAJOR: BIOLOGY CONCENTRATION (BS PROGRAM)

An interdisciplinary major in the natural sciences requiring 52 credits to include:

POLICIES

A student must maintain a cumulative grade point average of at least 2.5 in all required core courses in natural science and mathematics and in all courses taken to complete on of the concentrations. Any natural science or mathematics course in which a student received a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 natural science credits at Edgewood College. Students should consult with their academic advisor to learn the details of how you can satisfy your COR 3 requirement.

Required Courses:

BIO 151	ESU	General Biology: Cell Biology and Ecology*

**course has prerequisites*

Majors will need to take an additional 16 credits of Biology electives.

CYTOTECHNOLOGY MAJOR (BS PROGRAM)

Three years of undergraduate academic study including completion of all General Education degree requirements and a minimum of 90 credits. The following science and math courses must be completed prior to the internship.

POLICIES

Transfer students must take a minimum of 8 biology credits at Edgewood College for a Cytotechnology major. A student must maintain a cumulative grade point average of 2.5 in all required courses. A required course in which the student receives a grade below “CD” will not be accepted toward the major. After showing satisfactory progress in the internship program, the student will be permitted to participate in the May commencement ceremony as an August graduate. When the 38-credit internship is successfully completed in August, the student will be granted a B.S. degree in Cytotechnology from Edgewood College and will be certified by the State Laboratory of Hygiene. The student will then be eligible to take the CT (ASCP) examination for national certification.

Biology Courses (30 credits):

MATH 114A	M	Precalculus A: College Algebra*
MATH 114B		Precalculus B: Trigonometry*
MATH 231	M	Calculus I*

**course has prerequisites*

This major also includes a one-year internship at State Laboratory of Hygiene, School of Cytotechnology, Madison, Wisconsin, or another approved school of Cytotechnology. During the internship, a student earns 38 credits. Students should consult with their academic advisor to learn the details of how they can satisfy the COR 3 requirement.

ENVIRONMENTAL SCIENCE MAJOR (BS PROGRAM)

Requirements for the Environmental Science major include 10 core credits, 23-24 credits in the Biology Concentration or 27-29 credits in the Geoscience-Chemistry Concentration and 18 Biology Concentration or 14 Geoscience-Chemistry Concentration elective credits.

POLICIES

Students majoring in Environmental Science should seek assistance in planning their program of study with an advisor in the department.

Transfer students must take a minimum of 12 biology credits (for Biology Concentration) or 12 geoscience/chemistry credits (for Geoscience-Chemistry Concentration) at Edgewood College.

Students with specific goals for careers or post-graduate study may be advised to take some courses at the University of Wisconsin-Madison through Edgewood College's Collaborative Program.

Biology Concentration students must maintain a GPA of 2.5 in biology courses. A Biology course in which the student receives a grade below "CD" will not be accepted toward the Biology Concentration.

Geoscience-Chemistry Concentration students must maintain a GPA of 2.5 in geoscience and chemistry courses. A Geoscience or Chemistry course in which the student receives a grade below "CD" will not be accepted toward the Geoscience-Chemistry Concentration.

Completion of the Biology Concentration includes participation in independent research. Each Biology Concentration student will present his/her research project in the Biology Seminar (BIO 480). Biology concentration students should consult with their advisor about this requirement at the time that the major is declared.

MEDICAL SCIENCE MAJOR (BS PROGRAM)

Requirements for a Medical Science Major are as follows:

POLICIES FOR THE ECHOCARDIOGRAPHY AND GENERAL SONOGRAPHY CONCENTRATIONS

Transfer students must take a minimum of 8 biology credits at Edgewood College for a Medical Science major. All of the prerequisite math and science courses listed above must be completed within the last five years before students begin the clinical internship at the University of Wisconsin Hospitals and Clinics (UWHC). Students are required to have an overall GPA of 3.0 on a 4 point scale for all pre-clinical coursework for the two Sonography concentrations. In addition, a minimum of “C” grades must be earned in each prerequisite course which includes all courses listed above except for courses list as “COR” or “Gen. Ed.” After showing satisfactory progress in both years of the internship program, students will be permitted to participate in the May commencement ceremony as an August graduate. Upon completion of the clinical coursework in the August of the second year of the internship, the students will be granted a B.S. degree in Medical Science with one of the three concentrations listed below from Edgewood College. The student will then be eligible to take the examination for national certification.

The students apply to the School of Diagnostic Medical Sonography in the Fall semester of their junior year. Applications are due by December 1st for interns beginning in the following Fall semester, along with a \$50 application fee to UWHC. Students should contact their advisors for more information.

The UWHC is a very competitive program with excellent certification and employment success and this curriculum has been designed to specifically improve Edgewood College students’ likelihood of acceptance. Interested students should seek advice from their major advisor as to how to improve their chances of admission to the UWHC program. The students will interview around the time of spring break in their junior, and if accepted, they will continue onto the University of Wisconsin’s Hospitals and Clinics (UWHC) for their final two years. If the students are not accepted into the program, the students can choose to focus on their research requirement for the Biology major, and complete BIO 252. The students who become Biology majors will have enough time to complete the remaining required courses for the Biology major (BIO 351, 352, 401, 250, 480) in their fourth year at Edgewood College.

Additional Requirements

Practical experience in patient care is required prior to acceptance to the UWHC program and significantly enhances the student’s application if they have this experience prior to their application to UWHC in the Fall semester of their junior year. Experience caring for the sick is beneficial in that it prepares the student for clinical practice and such experience can be obtained through employment (general or through CAN certification) or volunteer activities in nursing homes, hospitals, clinics including urgent care, trauma centers and imaging centers. The UWHC requires a minimum of 100 hours of clinical practice experience.

Students are required to shadow a sonographer 4-8 hours prior to application to UWHC in the Fall semester of the student’s junior year. Students should talk to their major advisor for information as to how to request a shadowing experience through UWHC.

Students are required to have completed their Certified Nursing Assistant certification (CNA) prior to starting their coursework at the UWHC. Students are recommended to complete their CAN certification in the Freshman year so that they can use this certification to work in summers as CNAs in order to gain clinical practice experience, which counts towards the 100 required hours.

CPR certification through the American Heart Association's Health-Care Provider CPR course is required prior to acceptance in the UWHC program and significantly enhances the student's application if the student has this experience prior to the student's application to UWHC.

Up to three years of undergraduate academic study including completion of all General Education degree requirements.

The following science and math courses must be completed prior to the clinical internship at University of Wisconsin Hospitals & Clinics (UWHC):

RADIOGRAPHY CONCENTRATION

POLICIES FOR THE RADIOGRAPHY CONCENTRATION

Transfer students must take a minimum of 8 biology credits at Edgewood College for a Medical Science major. All of the prerequisite math and science courses listed above must be completed within the last five years before students begin the clinical internship at the University of Wisconsin Hospitals and Clinics (UWHC). Students are required to have an overall GPA of 2.5 on a 4 point scale for all pre-clinical coursework for the radiography concentration. In addition, a minimum of "C" grades must be earned in each prerequisite course which includes all courses listed above except for courses listed as "COR" or "Gen. Ed." After showing satisfactory progress in both years of the internship program, students will be permitted to participate in the May commencement ceremony as an August

graduate. Upon completion of the clinical coursework in the August of the second year of the internship, the students will be granted a B.S. degree in Medical Science with one of the three concentrations listed below from Edgewood College. The student will then be eligible to take the examination for national certification.

The students apply to the School of Diagnostic Medical Sonography in the Fall semester of their junior year. Applications are due by December 1st for interns beginning in the following Fall semester, along with a \$50 application fee to UWHC. Students should contact their advisors for more information.

The UWHC is a very competitive program with excellent certification and employment success and this curriculum has been designed to specifically improve Edgewood College students' likelihood of acceptance. Interested students should seek advice from their major advisor as to how to improve their chances of admission to the UWHC program. The students will interview around the time of spring break in their junior, and if accepted, they will continue onto the University of Wisconsin's Hospitals and Clinics (UWHC) for their final two years. If the students are not accepted into the program, the students can choose to focus on their research requirement for the Biology major, and complete BIO 252. The students who become Biology majors will have enough time to complete the remaining required courses for the Biology major (BIO 351, 352, 401, 250, 480) in their fourth year at Edgewood College.

Additional Requirements

Practical experience in patient care is required prior to acceptance to the UWHC program and significantly enhances the student's application if they have this experience prior to their application to UWHC in the Fall semester of their junior year. Experience caring for the sick is beneficial in that it prepares the student for clinical practice and such experience can be obtained through employment (general or through CAN certification) or volunteer activities in nursing homes, hospitals, clinics including urgent care, trauma centers and imaging centers. The UWHC requires a minimum of 100 hours of clinical practice experience.

Students are required to shadow a radiographer 4-8 hours prior to application to UWHC in the Fall semester of the student's junior year. Students should talk to their major advisor for information as to how to request a shadowing experience through UWHC.

Students are required to have completed their Certified Nursing Assistant certification (CNA) prior to starting their coursework at the UWHC. Students are recommended to complete their CAN certification in the Freshman year so that they can use this certification to work in summers as CNAs in order to gain clinical practice experience, which counts towards the 100 required hours.

CPR certification through the American Heart Association's Health-Care Provider CPR course is required prior to acceptance in the UWHC program and significantly enhances the student's application if the student has this experience prior to the student's application to UWHC.

Required courses taken at UWHC:

CL SCI 307	Seminar in Radiography I
CL SCI 350	Introduction to Radiologic Science & Health Care
CL SCI 351	Radiation Protections
CL SCI 352	Human Structure & Function I
CL SCI 353	Principles of Imaging I
CL SCI 354	Radiographic Procedures I
CL SCI 355	Radiography Clinical Education I
CL SCI 360	Radiation Biology

CL SCI 485	Professional Development in Radiography
CL SCI 486	Radiography Clinical Education VI

BIOLOGY MINOR

POLICIES

Students minoring in Biology should seek assistance in planning their program of study with an advisor in the department. Transfer students must take a minimum of 8 biology credits at Edgewood College for a minor. Students with specific goals for careers or post-graduate study may be advised to take some courses at the University of Wisconsin-Madison through Edgewood College's Collaborative Program.

A student must maintain a cumulative grade point average of 2.5 in biology courses. A biology course in which the student receives a grade below "CD" will not be accepted towards to the minor.

Twenty-one credits to include:

Biology Core Courses (11 credits):

BIO 151	ESU	General Biology: Cell Biology and Ecology*
		OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology*
BIO 152	S	General Biology: Genetics and Evolution*
		OR
BIO 182	S	Honors: General Biology: Information Flow in Living Systems*
BIO 401		Genetics*

**course has prerequisites*

One of the following courses (4 credits):

BIO 351		Organismal Botany*
BIO 352		Organismal Zoology*
BIO 312	S	Microbiology*

**course has prerequisites*

Students should select six elective credits from the Cell and Molecular Biology, Ecology and Evolution and/or Organismal Biology areas as outlined in the Biology Major.

BIOLOGY TEACHING MAJOR (BS PROGRAM)

This major is designed for individuals who wish to be certified to teach biology at the secondary level (Wisconsin Department of Instruction [WDPI] category Early Adolescence through Adolescence, Ages 10-21; WDPI Certification 605).

This major requires completion of the requirements below, the Education Professional Requirements and the licensing requirements for teacher education (see EDUCATION).

Biology Teaching majors seeking Wisconsin certification will be required to pass PRAXIS II Exam 10435 to be eligible for certification. It is recommended that Biology Teaching majors complete the Natural Science Teaching minor to strengthen their understanding of physics and the geosciences as defined in the “WDPI Content Guidelines for Life and Environmental Science Including Biology and Environmental Studies” and prepare for their WDPI content exam.

Thirty six required Biology credits to include the following required core courses:

BIO 151	ESU	General Biology: Cell Biology and Ecology*

NATS 250 PV History and Philosophy of Science*

Students must be fully admitted to the teacher education program and have completed their science coursework before enrolling in NATS 459.

**course has prerequisites*

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

BIOLOGY TEACHING MAJOR WITH ENVIRONMENTAL SCIENCE (BS PROGRAM)

This major is designed for individuals who wish to be certified to teach Biology and/or Environmental Science at the secondary level (WDPI category Adolescence through Adolescence, Ages 10-21; WDPI license 605 and 615). This major requires completion of the requirements listed below; the Education Professional Requirements and the licensing requirements for teacher education (see EDUCATION).

Biology Teaching Majors with Environmental Science seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be eligible for certification. It is recommended that Biology Teaching majors with Environmental Science complete the Natural

Science Teaching Minor to build their understanding of Physics as defined in the “WDPI Content Guidelines for Life and Environmental Science including Biology and Environmental Studies” and prepare for the WDPI content exam.

Thirty five required Biology credits to include the following required core courses:

BROAD FIELD SCIENCE TEACHING MAJOR: LIFE AND ENVIRONMENTAL SCIENCE INCLUDINGT BIOLOGY AND ENVIRONMENTAL SCIENCE (BS PROGRAM)

This major is designed for individuals seeking certification to teach general science, Biology and/or Environmental Science at the Early Adolescence through Adolescence level (Ages 10-21; grades 7-12; WDPI licenses 601, 605, 606 and 615). This major requires completion of the requirements listed below, the Education Professional Requirements and the licensing requirements for teach education (see EDUCATION).

Broad Field Science Teaching majors with Life and Environmental Science Including Biology and Environmental Studies seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be legible for certification. This major aligns with “WDPI Content Guidelines for Life and Environmental Science Including Biology and Environmental Studies.”

Fifty eight required Biology credits to include the following required core courses:

BIO 151	ESU	General Biology: Cell Biology and Ecology*

Students must be fully admitted to the teacher education program and have completed their science coursework before enrolling in NATS 459.

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

BIOLOGY TEACHING MINOR

This minor is designed for individuals who wish to be certified to teach Biology at the secondary level (WDPI category Early Adolescence through Adolescence, Ages 10-21; WDPI license 605). The minor requires completion of the requirements listed below and the Education Professional Requirements and the licensing requirements for teacher education (see EDUCATION).

A teaching minor in Biology must be combined with a Chemistry or Broad Field Science major for licensure to teach science in grades 6, 7, 8 and general science in grade 9 if the applicant holds middle or middle/secondary science licenses. Biology teaching minors seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be eligible for certification.

Twenty five credits in biology to include:

BIO 151	ESU	General Biology: Cell Biology and Ecology* OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology*
BIO 152	S	General Biology: Genetics and Evolution* OR

NATS 459	S	Teaching Science in Middle/Secondary Schools*
----------	---	---

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

NATURAL SCIENCE TEACHING MINOR

This minor is designed for individuals seeking certification at the Early Adolescence through Adolescence level (Ages 10-21; Grades 7-12; PI 34.29). The minor is designed to supplement a Biology or Chemistry Teaching Major to meet the PI 34 breath requirement. It may also be useful in preparing for the PRAXIS Exam 10435, which must be passed by all students seeking licensure to be eligible for certification.

The minor is comprised of thirty two credits in natural science:

A minimum of 8 credits in Biology:

BIO 151	ESU	General Biology: Cell Biology and Ecology* OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology*
BIO 152	S	General Biology: Genetics and Evolution* OR
BIO 182	S	Honors: General Biology: Information Flow in Living Systems*

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

Any course in which a student receives a grade below “CD” will not be accepted toward the minor. Transfer students must take a minimum of 8 natural science credits at Edgewood College for a minor.

SCIENCE EDUCATION MINOR

The Science Education minor is designed to provide the interdisciplinary science background required to teach science topics at the Early Childhood through Middle Childhood level (Birth to 8 years, PI 34.27) and Middle Childhood through Early Adolescence level (ages 6-13; PI 34.28). Coursework includes biological earth, space, and physical science. This minor is intended to provide content knowledge that will support the teaching of elementary science with an interdisciplinary perspective and an integrated approach.

PRAXIS II Exam 10014 must be passed for Early Childhood through Middle Childhood certification. PRAXIS II Exam 20146 must be passed for Middle Childhood through Early Adolescence certification.

Required Courses:

BIO 151	ESU	General Biology: Cell Biology and Ecology* OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology*
GEOS 102	S	Introduction to Earth Science*
NATS 104	S	Introduction to Natural Science for Elementary Education I*
NATS 105	ES	Introduction to Natural Science for Elementary Education II*

One of the following physical sciences courses:

CHEM 110	S	Introductory Chemistry*
CHEM 120	S	General Chemistry I*
PHYS 130	S	General Physics I*
PHYS 201	SU	College Physics I*

**course has prerequisites*

Three credits in Environmental Studies:

BIO 250	EV	Introduction to Environmental Science
ENVS 216/GEOS 206	EV	Environmental Geology

Two semesters of the methods of teaching science and accompanying practicum:

ED 427A	Methods: Science & Environmental Education I*
ED 427B	Methods: Science & Environmental Education II*

**course has prerequisites*

Any course in which a student receives a grade below “CD” will not be accepted toward the minor. Transfer students must take a minimum of 8 natural science credits at Edgewood College for a minor.

The department of Broad Field Social Studies is an interdisciplinary major administered by the History and Social Science Department.

MAJORS

Broad Field Social Studies: Economics Concentration
Broad Field Social Studies: History Concentration
Broad Field Social Studies: History Concentration with Teaching Minor
Broad Field Social Studies: Political Science Concentration
Broad Field Social Studies: Sociology/Anthropology Concentration

BROAD FIELD SOCIAL STUDIES

A Broad Field Social Studies interdisciplinary major of 56-60 credits in history and the social sciences selected by the student in consultation with a Social Science Department advisors to include the following sequence of courses:

Interdisciplinary Sequence in Social Science:

SS 368	U	Social Science Research Methods
SS 369		Social Science Statistics*
SS 484	3KX	Senior Social Science Seminar*

**course has prerequisites*

ECONOMICS CONCENTRATION (BS PROGRAM)

A Broad Field Social Studies interdisciplinary major of 56-60 credits in history and the social sciences selected by the student in consultation with a Social Science Department advisors, to include 38-36 credits in economics with supporting courses from at least two of the following disciplines: geography, history, political science, sociology, anthropology. All students in Broad Field Social Studies with concentrations in Economics, Political Science or Sociology/Anthropology must complete the common interdisciplinary sequence in social science.

The following Economics Courses:

ECON 255	GJ	Principles of Macroeconomics
ECON 256	J	Principles of Microeconomics
ECON 350		Economics of Labor, Poverty and Income Distribution.

Students will also need to take at least one Economics elective.

Students will take supporting courses from at least two of the following disciplines: geography, history, political science, sociology, anthropology to complete the 56-60 credit requirement.

HISTORY CONCENTRATION (BA PROGRAM)

This major is administered by the History Department. Each successful major will demonstrate:

1. Competence in research, critical reading of sources, communicating, writing, reasoning and analyzing.
2. The basic skills of the historian, to include historical method and historiography.
3. Competence in history knowledge, historical periodization and historical geography and the social sciences.

An interdisciplinary major of 54-56 credits in history and the social sciences to include 34-36 credits in history with 20 credits from at least three of the following social sciences: economics, political science, sociology/anthropology and psychology.

HIST 284	GH	People's Republic of China
----------	----	----------------------------

HIST 310A&B	2GH	China: Tradition and Transformation*

HIST 400A/401A	Selected Issues in European History/Research Paper
----------------	--

HIST 400B/401B	Selected Issues in American History/Research Paper
----------------	--

HIST 400C/401C	Selected Issues in East Asian History/Research Paper
----------------	--

Additional Requirements:

- 10-12 credits of electives in History. Students should confirm these choices with their History advisor.
- 20 credits from at least three of the following social sciences: economics, political science, sociology/anthropology and psychology.
- Students must earn at least 12 credits in history courses at Edgewood College. At least half of the credits in history should be at the 200 level or above. A minimum cumulative GPA of 2.75 is required in history courses offered toward the major.
- Students should consult with their academic advisor to learn details about how they can satisfy the COR 3 requirement.

HISTORY CONCENTRATION WITH TEACHING MINOR (BA PROGRAM)

Administered by the History Department; the major is part of a program leading to a Wisconsin initial educator license to teach Social Studies and History at the Early Adolescence through Adolescence level (ages 10-21). Students complete an interdisciplinary major of 60-62 credits with 44-46 credits in history and 16 in the social science distributed as follows:

Required Courses:

HIST 111	GH	East Asian History
----------	----	--------------------

HIST 115	H	Europe and the World
----------	---	----------------------

HIST 120	GH	World Civilizations since 1500

HIST 341	H	European Holocaust
HIST 375		World War II

One course in United States History:

HIST 131	H	American History I
HIST 132	H	American History II
HIST 204	DH	History of American Social Movements
HIST 207		Recent U.S. History (Since 1945)
HIST 238		American Labor History
HIST 271	H	Selected Issues
HIST 342		American Foreign Policy
HIST 359	D	African-American History
HIST 360		The History of Women in America
HIST 363		Native American History

One course in East Asian History:

HIST 112		Chinese Philosophy
HIST 117	GH	Modern China
HIST 221	GH	Modern Japan
HIST 249	GH	U.S. and East Asia Relations
HIST 271	H	Selected Issues
HIST 284	GH	People's Republic of China
HIST 310A&B	2GH	China: Tradition and Transformation*
HIST 312	GHU	China and the West

**course has prerequisites*

One of HIST 400/401 Sequence:

HIST 400A/401A		Selected Issues in European History/Research Paper
HIST 400B/401B		Selected Issues in American History/Research Paper
HIST 400C/401C		Selected Issues in East Asian History/Research Paper

Students will need 4-6 additional elective credits in History, to be selected in consultation with an advisor.

Sixteen Social Science credits to include:

ECON 255	GJ	Principles of Macroeconomics
ECON 256	J	Principles of Microeconomics

SOCIOLOGY/ANTHROPOLOGY CONCENTRATION (BS PROGRAM)

A Broad Field Social Studies interdisciplinary major of 56-60 credits in history and the social sciences selected by the student in consultation with a Social Science Department advisor, to include 28-36 credits in sociology with supporting courses from at least two of the following disciplines: economics, geography history and political science. All students in Broad Field Social Studies with concentrations in Economics, Political Science or Sociology/Anthropology must complete the 13 credit common interdisciplinary sequence in social science.

The following courses:

ANTH 222	GJ	Introduction to Cultural Anthropology OR
----------	----	---

SOC 201	DJ	Introduction to Sociology
---------	----	---------------------------

SOC 402		Theories of Society
---------	--	---------------------

One course from the following:

SOC 323	DJQ	Family and Society
---------	-----	--------------------

SOC 324		Education and Society
---------	--	-----------------------

SOC 325	2DJ	Health, Illness and Society*
---------	-----	------------------------------

SOC 345		Religion and Society
---------	--	----------------------

SOC 365	JQ	Women and Society
---------	----	-------------------

**course has prerequisites*

One course from the following:

SOC 322		Class, Social Change and Revolution
---------	--	-------------------------------------

SOC 349		Social Psychology
---------	--	-------------------

Students will take supporting courses from at least two of the following disciplines: geography, history, economics and political science to complete the 56-60 credit requirement.

MISSION

The mission of the Chemistry, Geoscience and Physics Department is to prepare students to be well-informed citizens and leaders in a world that is increasingly shaped by science and technology. Based on Sinsinawa Dominican values, the science programs aim to instill in all students an understanding of, and a life-long enthusiasm for, the process of scientific discovery and a commitment to the responsible application of science. The department is committed to innovation and excellence in the science programs, and to preparing majors to be successful in science-related careers that are vital for meeting future local, national, and global needs.

BROAD FIELD NATURAL SCIENCE (BS PROGRAM)

An interdisciplinary major in the natural sciences requiring 52 credits.

Required Courses for the Major

BIO 151	ESU	General Biology: Cell Biology and Ecology (4 cr.)*
		OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology (4 cr.)*
BIO 152	S	General Biology: Genetics and Evolution (4 cr.)*
		OR
BIO 182	S	Honors General Biology: Information Flow in Living Systems (4 cr.)*
CHEM 120	S	General Chemistry I (4 cr.)*
		AND
CHEM 121	S	General Chemistry II (4 cr.)*

GEOS 102	S	Introduction to Earth Science (4 cr.)*
----------	---	--

AND

GEOS 103	S	Oceans and Atmosphere (4 cr.)*
----------	---	--------------------------------

**course has prerequisites*

One of the following Physics sequences:

PHYS 130	S	General Physics I (4 cr.)*
----------	---	----------------------------

AND

PHYS 131	S	General Physics II (4 cr.)*
----------	---	-----------------------------

PHYS 201	SU	College Physics I (4 cr.)*
----------	----	----------------------------

AND

PHYS 202	S	College Physics II (4 cr.)*
----------	---	-----------------------------

**course has prerequisites*

CHEMISTRY CONCENTRATION

Students must also take additional electives in Chemistry to equal 16 credits chosen in consultation with an advisor.

One of the following Mathematics courses:

MATH 114A	M	Precalculus A: College Algebra (3 cr.)*
-----------	---	---

MATH 114B		Precalculus B: Trigonometry (2 cr.)*
-----------	--	--------------------------------------

MATH 231	M	Calculus I (4 cr.) (or a higher level Mathematics course)*
----------	---	--

**course has prerequisites*

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major and concentration requirements. Any natural science or mathematics course in which the student received a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 natural science credits at Edgewood College. Students should consult with their advisor to learn the details about how to satisfy the COR 3 requirement.

GEOSCIENCE CONCENTRATION

Students must also take additional electives in Geoscience to equal 16 credits chosen in consultation with an advisor.

One of the following Mathematics courses:

MATH 114A	M	Precalculus A: College Algebra (3 cr.)*
-----------	---	---

MATH 114B		Precalculus B: Trigonometry (2 cr.)*
-----------	--	--------------------------------------

MATH 231	M	Calculus I (4 cr.) (or a higher level Mathematics course)*
----------	---	--

**course has prerequisites*

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major and concentration requirements. Any natural science or mathematics course in which the student received a grade below “CD” will not be accepted

toward the major. Transfer students must take a minimum of 12 natural science credits at Edgewood College. Students should consult with their advisor to learn the details about how to satisfy the COR 3 requirement.

PHYSICS CONCENTRATION

Required Course:

PHYS 360	X	Relativity and Quantum Mechanics (4 cr.)*
----------	---	---

**course has prerequisites*

Students must also take additional electives in Physics to equal 13 credits chosen in consultation with an advisor; some coursework may be completed through the UW-Madison Collaborative Program.

The following Mathematics courses:

MATH 231	M	Calculus I (4 cr.)*
----------	---	---------------------

MATH 232	M	Calculus II (4 cr.)*
----------	---	----------------------

**course has prerequisites*

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major and concentration requirements. Any natural science or mathematics course in which the student received a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 natural science credits at Edgewood College. Students should consult with their advisor to learn the details about how to satisfy the COR 3 requirement.

CHEMISTRY MAJOR (BS PROGRAM)

Core courses for the major:

CHEM 120	S	General Chemistry I (4 cr.)*
----------	---	------------------------------

CHEM 121	S	General Chemistry II (4 cr.)*
----------	---	-------------------------------

CHEM 321		Organic Chemistry I (4 cr.)*
----------	--	------------------------------

CHEM 323		Organic Chemistry II (4 cr.)*
----------	--	-------------------------------

CHEM 351	U	Analytical Chemistry (4 cr.)*
----------	---	-------------------------------

CHEM 371		Inorganic Chemistry I (1 cr.)*
----------	--	--------------------------------

CHEM 480	K	Chemistry Seminar (2 cr.)*
----------	---	----------------------------

**course has prerequisites*

Students must choose from either the Biochemical, Pre-Engineering or Professional Concentrations.

BIOCHEMICAL CONCENTRATION (BS PROGRAM)

This concentration is designed to prepare students for careers in health fields (such as medicine, dentistry, pharmacy, and physical therapy), industry, business, law; or graduate school in biochemistry or molecular biology. Careful consultation with an advisor is recommended. A minimum of 30 credits in chemistry including the core courses plus:

One additional course:

CHEM 340		Biochemistry (3 cr.)*
----------	--	-----------------------

Four credits from the following:

CHEM 200	2E	Green and Sustainable Chemistry (2 cr.)*
CHEM 360	X	Relativity & Quantum Mechanics (4 cr.)*
CHEM 361		Physical Chemistry (3 cr.)*
CHEM 370		Integrated Laboratory (2 cr.)*
CHEM 400	3	Ethics and Responsibilities in Scientific Research (1 cr.)
CHEM 420		Advanced Biochemistry (4 cr.)*
CHEM 431	X	Advanced Organic Chemistry (3 cr.)*
CHEM 471		Inorganic Chemistry II (2 cr.)*
CHEM 489		Undergraduate Research (2 credits maximum)*

**course has prerequisites*

One of the following Biology sequences:

BIO 151	ESU	General Biology: Cell Biology and Ecology (4 cr.)*
		OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology (4 cr.)*
BIO 152	S	General Biology: Genetics and Evolution (4 cr.)*
		OR
BIO 182	S	Honors General Biology: Information Flow in Living Systems (4 cr.)*

**course has prerequisites*

Students will also need to complete two additional credits in biology or physics.

One of the following Mathematics courses:

MATH 114B		Precalculus B: Trigonometry (2 cr.)*
MATH 231	M	Calculus I (4 cr.) (or a higher level course)*

**course has prerequisites*

PRE-ENGINEERING CONCENTRATION (BS PROGRAM)

This concentration is designed to prepare students for careers in engineering fields.

Six credits of Chemistry chosen from the following:

CHEM 340		Biochemistry (3 cr.)*
CHEM 360		Quantum Mechanics (3 cr.)*
CHEM 361		Physical Chemistry (3 cr.)*
CHEM 400	3	Ethics and Responsibility in Scientific Research (1 cr.)

CHEM 420		Advanced Biochemistry (4 cr.)*
CHEM 431	X	Advanced Organic Chemistry (3 cr.)*
CHEM 471		Inorganic Chemistry II (2 cr.)*
CHEM 489		Undergraduate Research (2 credits maximum)*

**course has prerequisites*

The following Mathematics courses:

MATH 231	M	Calculus I (4 cr.)*
MATH 232	M	Calculus II (4 cr.)*
MATH 233	M	Calculus III (4 cr.)*

**course has prerequisites*

Three semesters of Physics to include:

PHYS 201	SU	College Physics I (4 cr.)*
PHYS 202	S	College Physics II (4 cr.)*
PHYS 350	I	Scientific Computing (3 cr.)*

**course has prerequisites*

PROFESSIONAL CONCENTRATION (BS PROGRAM)

This concentration is designed to prepare students for graduate school or work in an industrial or governmental laboratory. Careful consultation with an advisor is recommended. A minimum of 40 credits in chemistry, including the core courses of the major, plus:

Courses required for the Concentration:

CHEM 361		Physical Chemistry (3 cr.)*
CHEM 370		Integrated Laboratory (2 cr.)*
CHEM 471		Inorganic Chemistry II (2 cr.)*

**course has prerequisites*

One of the following for a total of four credits:

CHEM 489		Undergraduate Research (4 cr.)*
CHEM 400	3	Ethics and Responsibility in Scientific Research (1 cr.) AND
CHEM 489		Undergraduate Research (3 cr.)*

Six credits from the following:

CHEM 200	2E	Green and Sustainable Chemistry (2 cr.)*
CHEM 340		Biochemistry (3 cr.)*
CHEM 360	X	Relativity & Quantum Mechanics (4 cr.)*

CHEM 420		Advanced Biochemistry (4 cr.)*
CHEM 431	X	Advanced Organic Chemistry (3 cr.)*

The following Mathematics courses:

MATH 231	M	Calculus I (4 cr.)*
MATH 232	M	Calculus II (4 cr.)*

**course has prerequisites*

One year of Physics to include:

PHYS 201	SU	College Physics I (4 cr.)*
PHYS 202	S	College Physics II (4 cr.)*

**course has prerequisites*

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major and concentration requirements. If a course is retaken, only the most recent grade is taken into consideration in calculating the cumulative grade point average. Any course in which a student receives a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 chemistry credits at Edgewood College. All transfer courses must be approved by the department.

Students should consult with their academic advisor to learn the details of how to satisfy the COR 3 requirement.

PHYSICS MAJOR WITH PRE-ENGINEERING CONCENTRATION (BS PROGRAM)

This concentration is designed to prepare students for careers in engineering fields.

Requirements for the Major:

PHYS 480	K	Physics Seminar (1 cr.)*
PHYS 201	SU	College Physics I (4 cr.)*
PHYS 202	S	College Physics II (4 cr.)*
PHYS 310		Principles of Mechanics (3 cr.)*
PHYS 350	I	Scientific Computing (3 cr.)*
PHYS 360	X	Relativity & Quantum Mechanics (4 cr.)*

**course has prerequisites*

The following Mathematics courses:

MATH 231	M	Calculus I (4 cr.)*
MATH 232	M	Calculus II (4 cr.)*
MATH 233	M	Calculus III (4 cr.)*

**course has prerequisites*

One year of Chemistry to include:

CHEM 120	S	General Chemistry I (4 cr.)*
----------	---	------------------------------

CHEM 121	S	General Chemistry II (4 cr.)*
----------	---	-------------------------------

An additional 12 credits to be chosen from the following list (3 of these credits must be at the 300 level or above):

CHEM 400	3	Ethics and Responsibility in Scientific Research (1 cr.)
----------	---	--

NATS 250	PV	History & Philosophy of Science (3 cr.)*
----------	----	--

PHYS 220	V	Introduction to Human Biomechanics (3 cr.)*
----------	---	---

PHYS 250	V	Survey of Astronomy (4 cr.)*
----------	---	------------------------------

PHYS 300		Mathematical Methods in Physics (3 cr.) *
----------	--	---

PHYS 320		Electromagnetism (3 cr.)*
----------	--	---------------------------

PHYS 361		Thermal Physics (3 cr.)*
----------	--	--------------------------

PHYS 479		Independent Study*
----------	--	--------------------

PHYS 489		Undergraduate Research*
----------	--	-------------------------

**course has prerequisites*

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major and concentration requirements. Any course in which a student receives a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 physics credits at Edgewood College. All transfer courses must be approved by the department.

Students should consult with their academic advisor to learn the details of how to satisfy the COR 3 requirement.

CHEMISTRY MINOR

A minimum of 21 credits in Chemistry to include:

CHEM 120	S	General Chemistry I (4 cr.)*
----------	---	------------------------------

CHEM 121	S	General Chemistry II (4 cr.)*
----------	---	-------------------------------

CHEM 321		Organic Chemistry I (4 cr.)*
----------	--	------------------------------

CHEM 323		Organic Chemistry II (4 cr.)*
----------	--	-------------------------------

CHEM 371		Inorganic Chemistry I (2 cr.)*
----------	--	--------------------------------

**course has prerequisites*

Students will also need to take three additional credits in Chemistry (200 level or above).

MINOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the minor. Any course in which a student receives a grade below “CD” will not be accepted toward the minor. Transfer students must take a minimum of 8 Chemistry credits at Edgewood College for the minor.

EARTH SCIENCE MINOR

A minimum of 20 credits in Earth Science to include:

GEOS 102	S	Introduction to Earth Science (4 cr.)*
----------	---	--

GEOS 103	S	Oceans and Atmosphere (4 cr.)*
----------	---	--------------------------------

GEOS 203	S	Historical Geology (4 cr.)*
----------	---	-----------------------------

GEOS 301	S	Weather and Climate (4 cr.)*
----------	---	------------------------------

**course has prerequisites*

MINOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the minor. Any course in which a student receives a grade below “CD” will not be accepted toward the minor.

PHYSICS MINOR

A minimum of 20 credits in Physics to include:

One of the following sequences:

PHYS 130	S	General Physics I (4 cr.)*
----------	---	----------------------------

AND

PHYS 131	S	General Physics II (4 cr.)*
----------	---	-----------------------------

PHYS 201	SU	College Physics I (4 cr.)*
----------	----	----------------------------

AND

PHYS 202	S	College Physics II (4 cr.)*
----------	---	-----------------------------

PHYS 360	X	Relativity & Quantum Mechanics (4 cr.)*
----------	---	---

**course has prerequisites*

Students will also need to take eight additional credits in Physics.

The following Mathematics courses as prerequisites for PHYS 360:

MATH 231	M	Calculus I (4 cr.)*
----------	---	---------------------

MATH 232	M	Calculus II (4 cr.)*
----------	---	----------------------

**course has prerequisites*

MINOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the minor. Any course in which a student receives a grade below “CD” will not be accepted toward the minor.

BROAD FIELD SCIENCE TEACHING MAJOR: EARTH AND SPACE SCIENCE (BS PROGRAM)

This major is designed for individuals who wish to be certified to teach general science and/or the earth and space sciences at the secondary level (WDPI category: Early Adolescence through Adolescence, ages 10-21; WDPI licenses 621 and 635). The major requires completion of the requirements listed below, the Education Professional Requirements and licensing requirements for teacher education (see EDUCATION).

Broad Field Science Teaching Majors in Earth and Space Science seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be eligible for certification. This major aligns with “WDPI Content Guidelines for Earth and Space Science.”

Fifty two credits in natural science to include:

BIO 151	ESU	General Biology: Cell Biology and Ecology (4 cr.)* OR
BIO 181	ESU	Honors General Biology: Cell Biology and Ecology (4 cr.)*
BIO 152	S	General Biology: Genetics and Evolution (4 cr.)* OR
BIO 182	S	Honors General Biology: Information Flow in Living Systems (4 cr.)*
CHEM 120	S	General Chemistry I (4 cr.)* AND
CHEM 121	S	General Chemistry II (4 cr.)*
ENVS 215/GEOS 206	EV	Environmental Geology (3 cr.)
GEOS 102	S	Introduction to Earth Science (4 cr.)*
GEOS 103	S	Oceans and Atmosphere (4 cr.)*
GEOS 203	S	Historical Geology (4 cr.)*
GEOS 301	S	Weather and Climate (4 cr.) *
NATS 250	PV	History and Philosophy of Science (3 cr.)*
PHYS 250	V	Survey of Astronomy (4 cr.)*

**course has prerequisites*

One of the following Physics sequences:

PHYS 130	S	General Physics I (4 cr.)* AND
PHYS 131	S	General Physics II (4 cr.)*
PHYS 201	SU	College Physics I (4 cr.)* AND
PHYS 202	S	College Physics II (4 cr.)*

**course has prerequisites*

2 credits total from the following courses:

GEOS 479	Independent Study*
GEOS 489	Undergraduate Research*

**course has prerequisites*

At least six credits in Mathematics, to include:

MATH 121 M Statistics (3 cr.)*

**course has prerequisites*

One of the following (to be included in the six credit requirement):

MATH 114A M Precalculus A: College Algebra (3 cr.)*

MATH 231 M Calculus I (4 cr.)*

MATH 232 M Calculus II (4 cr.)*

MATH 233 M Calculus III (4 cr.)*

**course has prerequisites*

One semester of methods of teaching science and accompanying practicum:

NATS 459 Teaching Science in Middle/Secondary Schools (4 cr.)*

Students must be fully admitted to the teacher education program and have completed their science coursework before enrolling in NATS 459.

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major requirements. Any course in which a student receives a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 natural science credits at Edgewood College. All transfer courses must be approved by the department. Students should consult with their academic advisor to learn the details of how they can satisfy the COR 3 requirement.

BROAD FIELD SCIENCE TEACHING MAJOR: PHYSICAL SCIENCE INCLUDING CHEMISTRY (BS PROGRAM)

This major is designed for individuals seeking certification to teach general science and chemistry at the Early Adolescence through Adolescence level (Ages 10-21; grades 7-12; WDPI licenses 610, 621, 637). The major requires completion of the requirements listed below, the Education Professional Requirements and the licensing requirements for teach education (see EDUCATION). Broad Field Science Teaching majors in Physical Science including Chemistry seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be eligible for certification. This major aligns with “WDPI Content Guidelines for Physical Science Including Chemistry.”

Fifty three credits in natural science to include:

BIO 151 ESU General Biology: Cell Biology and Ecology (4 cr.)*

OR

BIO 181 ESU Honors General Biology: Cell Biology and Ecology (4 cr.)*

BIO 152 S General Biology: Genetics and Evolution (4 cr.)*

PHYS 131	S	General Physics II (4 cr.)*
PHYS 201	SU	College Physics I (4 cr.)* AND
PHYS 202	S	College Physics II (4 cr.)*

**course has prerequisites*

At least six credits in Mathematics, to include:

MATH 121	M	Statistics (3 cr.)*
----------	---	---------------------

**course has prerequisites*

One of the following (to be included in the six credit requirement):

MATH 114B		Precalculus B: Trigonometry (2 cr.)*
MATH 231	M	Calculus I (4 cr.)*
MATH 232	M	Calculus II (4 cr.)*
MATH 233	M	Calculus III (4 cr.)*

**course has prerequisites*

One semester of methods of teaching science and accompanying practicum:

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major requirements. Any course in which a student receives a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 natural science credits at Edgewood College. All transfer courses must be approved by the department. Students should consult with their academic advisor to learn the details of how they can satisfy the COR 3 requirement.

CHEMISTRY TEACHING MAJOR

This major is designed for individuals who wish to be certified to teach chemistry at the secondary level (WDPI category, Early Adolescence through Adolescence, Ages 10-21; WDPI licenses 610 and 637). The major requires completion of the requirements listed below the Education Professional Requirements and the licensing requirements for teacher education (see EDUCATION). Chemistry Teaching majors seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be eligible for certification. It is recommended that Chemistry majors complete the Natural Science Teaching Minor to build their understanding of biology and geoscience as defined in the “WDPI Content Guidelines for Physical Science Including Chemistry” and prepare for the content exam.

Thirty-two Chemistry credits to include 24 required Chemistry credits:

CHEM 120	S	General Chemistry I (4 cr.)*
CHEM 121	S	General Chemistry II (4 cr.)*
CHEM 321		Organic Chemistry I (4 cr.)*
CHEM 323		Organic Chemistry II (4 cr.)*
CHEM 351	U	Analytical Chemistry (4 cr.)*

CHEM 371		Inorganic Chemistry I (2 cr.)*
CHEM 480	K	Chemistry Seminar (1 cr.)*
CHEM 489		Undergraduate Research (1 cr.)*

**course has prerequisites*

An additional eight credits from:

CHEM 340		Biochemistry (3 cr.)*
CHEM 360	X	Relativity & Quantum Mechanics (4 cr.)*
CHEM 361		Physical Chemistry (3 cr.)*
CHEM 370		Integrated Laboratory (2 cr.)
CHEM 420		Advanced Biochemistry (4 cr.)*
CHEM 431	X	Advanced Organic Chemistry (3 cr.)*
CHEM 471		Inorganic Chemistry II (2 cr.)*

One of the following Physics sequences:

PHYS 130	S	General Physics I (4 cr.)*

PHYS 131	S	General Physics II (4 cr.)*
PHYS 201	SU	College Physics I (4 cr.)*
		AND
PHYS 202	S	College Physics II (4 cr.)*

**course has prerequisites*

One semester of Biology to be chosen from:

BIO 151	ESU	General Biology: Cell Biology and Evolution (4 cr.)*
BIO 152	S	General Biology: Genetics and Evolution (4 cr.)*
BIO 181	ESU	Honors General Biology: Cell Biology and Evolution (4 cr.)*
BIO 182	S	Honors: General Biology: Information Flow in Living Systems (4 cr.)*

**course has prerequisites*

One semester of Earth Science to be chosen from:

GEOS 102	S	Introduction to Earth Science (4 cr.)*
GEOS 103	S	Oceans and Atmosphere (4 cr.)*

**course has prerequisites*

One additional course in Environmental Science:

ENVS/BIO 250 EV Introduction to Environmental Science (3 cr.)

ENVS 216/GEOS
206 EV Environmental Geology (3 cr.)

The following Mathematics courses:

MATH 114B Precalculus B: Trigonometry (2 cr.)*

**course has prerequisites*

If taking College Physics, students will also need to complete:

MATH 231 M Calculus I (4 cr.)*

MATH 232 M Calculus II (4 cr.)*

**course has prerequisites*

One additional course in Natural Science:

NATS 250 PV History and Philosophy of Science (3 cr.)*

**course has prerequisites*

One semester of methods of teaching science and accompanying practicum:

NATS 459 Teaching Science in Middle/Secondary Schools (4 cr.)

Students must be fully admitted to the teacher education program and have completed their science coursework before enrolling in NATS 459.

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

MAJOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the major requirements. Any course in which a student receives a grade below “CD” will not be accepted toward the major. Transfer students must take a minimum of 12 chemistry credits at Edgewood College. All transfer courses must be approved by the department. Students should consult with their advisor to learn the details of how to satisfy your COR 3 requirement.

CHEMISTRY TEACHING MINOR

This minor is designed for individuals who wish to be certified to teach chemistry at the secondary level (WDPI category, Early Adolescence through Adolescence, Ages 10-21; WDPI licenses 610). The minor requires completion of the requirements listed below the Education Professional Requirements and the licensing requirements for teacher education (see EDUCATION). A teaching minor in Chemistry must be combined with a Biology or Broad Field Science major for licensure to teach science in grades 6, 7, 8 and general science in grade 9 if the applicant holds middle or middle/secondary science licenses. Chemistry Teaching minors seeking Wisconsin certification will be required to pass PRAXIS Exam 10435 to be eligible for certification.

A minimum of 22 credits in Chemistry to include:

CHEM 120 S General Chemistry I (4 cr.)*

CHEM 121 S General Chemistry II (4 cr.)*

CHEM 321 Organic Chemistry I (4 cr.)*

CHEM 323 Organic Chemistry II (4 cr.)*

GEOS 102	S	Introduction to Earth Science (4 cr.)*
GEOS 103	S	Oceans and Atmosphere (4 cr.)*
GEOS 301	S	Weather and Climate (4 cr.)*

**course has prerequisites*

A minimum of 8 Physics credits, including one sequence:

PHYS 130	S	General Physics I (4 cr.)*
		AND
PHYS 131	S	General Physics II (4 cr.)*
PHYS 201	SU	College Physics I (4 cr.)*
		AND
PHYS 202	S	College Physics II (4 cr.)*
PHYS 250	V	Survey of Astronomy (4 cr.)*

**course has prerequisites*

One course in Environmental Science:

ENVS/BIO 250	EV	Introduction to Environmental Science (3 cr.)
ENVS 216/GEOS 206	EV	Environmental Geology (3 cr.)

One course in Natural Science:

NATS 250	PV	History and Philosophy of Science (3 cr.)*

One semester of methods of teaching science and accompanying practicum:

NATS 459		Teaching Science in Middle/Secondary Schools (4 cr.)
----------	--	--

Students must be fully admitted to the teacher education program and have completed their science coursework before enrolling in NATS 459.

Students will also complete the WDPI content exam, PRAXIS Exam 10435, with a passing score.

MINOR POLICIES

A student must maintain a cumulative grade point average of at least 2.0 in all courses taken to fulfill the minor. Any course in which a student receives a grade below “CD” will not be accepted toward the minor. Transfer students must take a minimum of 8 natural science credits at Edgewood College for a minor.

SCIENCE EDUCATION MINOR

The Science Education minor is designed to provide the interdisciplinary science background required to teach science topics at the Early Childhood through Middle Childhood level (Birth to 8 years, PI 34.27) and Middle Childhood through Early Adolescence level (ages 6-13; PI 34.28). Coursework includes biological earth, space, and physical science. This minor is intended to provide content

knowledge that will support the teaching of elementary science with an interdisciplinary perspective and an integrated approach. PRAXIS II Exam 10014 must be passed for Early Childhood through Middle Childhood certification. PRAXIS II Exam 20146 must be passed for Middle Childhood through Early Adolescence certification.

Required Courses:

COMPUTER INFORMATION SYSTEMS MAJOR (BS PROGRAM)

The Computer Information Systems major is structured to provide students with the theoretical framework and skill sets necessary to compete and be productive in the information technology world. Specifically, the major focuses on building an understanding of core information technologies, application development and related areas of study, preparing students for the Information Systems and Information Technology profession. Students engage in a variety of integrative activities designed to sharpen their abilities to problem solve and work in teams. It incorporates both individual and team projects, including community outreach and senior capstone experiences. Students graduating with a Computer Information Systems major may need to complete more than 120 credits to complete their degree.

Required Courses:

CS 180		Introduction to Computing & Programming*
CS 220		Introduction to Networking Technologies
CS 250		IT Project Management

Students will also need to complete two elective courses determined by the department and one elective course in Education, with the approval of the department.

POLICIES

For the completion of the Education Professional Requirements and licensure requirements for early adolescence through adolescence (see EDUCATION). A Computer Science Teaching major must be accepted to Emergent Professional Transition before being admitted to ED 459U; progress through transition steps is recommended as early as possible.

WEB DESIGN AND DEVELOPMENT MAJOR (BA or BS PROGRAM)

The Web Design and Development major is offered jointly by the departments of Art and Computer Information Systems. This major provides students with a strong foundation in graphic design as well as computing related skills as preparation for jobs in the rapidly growing area of web media design and development.

Sixty-five credits to include:

Computer and Information Sciences Courses:

CS 180		Introduction to Computing & Programming*
CS 250		IT Project Management
CS 270		Introduction to Database Structures
CS 340		Programming for the Web*
CS 490		Topics in Computer Science*

COMPUTER SCIENCE TEACHING MINOR POLICIES

For the completion of the Education Professional Requirements and licensure requirements for Early Adolescence through Adolescence see EDUCATION. A Computer Science Teaching Minor must be accepted into Emergent Professional Transition before being admitted to ED 459U; progress through transition steps is recommended as early as possible.

DEPARTMENT POLICIES

Due to the interactive nature of the Computer and Information Sciences curriculum, all students in the major and minor degrees are required to use a laptop computer throughout the duration of the program. To obtain specific information about the laptop computer configurations, students should contact the Chair of the Department. A student must have a cumulative GPA of 2.5 or higher in CS 180, CS 270 and CS 220, or written consent of the department before he/she may declare a major in Computer Information Systems, Business/Computer Information Systems or Computer Science Teaching.

A student must have a cumulative grade point average of 2.5 or higher in all computer science courses in order to earn a major in Computer Information Systems, Business/ Computer Information Systems or Computer Science Teaching. A minimum of three computer courses in the majors at or at above the 300 level must be taken in the Computer and Information Systems department at Edgewood College. A minimum of two computer science courses in the minor, one at or above the 200 level and one at or above the 300 level, must be taken in the department.

Courses in computer science taken more than five years ago may not be accepted. Such courses are accepted at the discretion of the department. Any course requirement other than the minimum residency requirement and all 400-level courses, may be satisfied through examination, or Credit for Prior Learning. Courses in the department may not be taken as Pass/Fail. Courses in the Department of Computer and Information Systems may not be audited.

ASSESSMENT

The CIS major is designed to provide solid grounding in computer information systems, and prepare students for direct entry into the workforce as computer information systems professionals in the roles of systems and network analysis, database administrators, programmers or programmer/analysts; or to provide solid grounding that can serve as a basis for further study in computer science. The department identifies the following five goals:

1. **Fundamental Concepts of Information and Computer Technology:** Students should demonstrate the ability to efficiently use computers with end-user software to solve real life problems.
2. **Application Development:** Students should demonstrate the ability to solve application problems of limited complexity and; be able to implement those solutions using current Object Oriented programming languages; to use new application development methods involving Computer Aided Software Engineering (CASE); and understand the integration of individual application systems into overall organizational information systems.
3. **Project Management:** Students should demonstrate the ability to participate as a member of a project team in the solution of a real-life problem at a professional quality level (program capstone) by being able to develop a multi-user system with audit controls and project management techniques; use accepted testing strategies; and plan and implement auditing.
4. **Information Systems:** Students should be able to apply the concepts of management information systems by describing the organizational impact of information systems and emerging technologies, as well as ethical issues surrounding the use of information systems.
5. **Fundamental Business Concepts:** Students should demonstrate comprehension of fundamental business concepts in management, accounting, finance and law (to be done in cooperation with the School of Business).

Spanish Teaching

Major programs in French and Spanish are composed primarily of courses in language, literature and culture. The study of foreign languages can lead students to a variety of careers, including teaching, government, commerce, international development and industry. Majors in foreign language teaching prepare specifically for teaching at elementary and/or secondary levels. Many students combine majors in French or Spanish with the study of international relations, business social work, nursing, psychology, communications or other areas where knowledge of a foreign language is useful. Some may continue foreign language study at the graduate level, pursuing degrees in literature, culture, linguistics or translation. Students majoring in foreign language are encouraged to talk to department faculty and Career Services to discuss opportunities beyond graduation.

GOALS FOR FOREIGN LANGUAGE PROGRAMS

Goal I: to expose students to the target culture – for French students, the Francophone world, and for students of Spanish, the Spanish-speaking world, through language and cultural immersion with the aim to enhance cross-cultural competence and understanding.

Goal II: to enable students to develop oral proficiency in the foreign language, including accuracy of structure and pronunciation, at the target level of intermediate high (as defined in the ACTFL national proficiency guidelines).

Goal III: to introduce students to a variety of writing formats and improve written proficiency in the target language, including accuracy of syntactical structure, grammar, punctuation, and organization of presentation.

Goal IV: to introduce students to the literature of France and the Francophone world or Spain and Latin America, together with other avenues of intellectual inquiry (film, history, art, music, philosophy).

Goal V: to acquaint Foreign Language Teaching students with current methodologies in foreign language instruction in order to help them to develop pedagogical tools and skills necessary for teaching the target language and culture, and prepare them professionally for their career through hands-on experience and practical training.

FRENCH PROGRAM POLICIES

Emphasis is on the use of French in the classroom beginning with first-year classes. Advanced classes are conducted in French. Upper level courses may be repeated for credit, provided the content is different. Students with three or more years of the same high school language cannot take 101 of that same language at Edgewood College.

Transfer students who intend to continue in language should consult the Foreign Language Department for assistance in choosing the appropriate level course. All majors, teaching and non-teaching, and all teaching minor must pass with a minimum grade of “B” in at least two of the following: FREN 312, 313, 314, 316, 412, 413, 414, 416 and 430.

All non-teaching minors must pass with a minimum grade of “B” in at least one of the courses listed above.

All majors, teaching and non-teaching must take at least one language course at the 400 level. All majors, teaching and non-teaching as well as all teaching minors must also maintain a 3.0 GPA in French courses, achieve oral proficiency at the intermediate-high level (ACTFL guidelines) and be approved by the Department. If the department rotation of required 300 and 400 level courses does not permit students in the major or minor to take them at the College, they may take them at UW-Madison through the Collaborative Program.

STUDY ABROAD

French Teaching majors and French Teaching minors are required to have an intensive language experience, either through residence in a French-speaking country or through an immersion program. It is strongly recommended that to acquire the minimum necessary

language skills for future employment, French majors participate in residence abroad or an immersion program. All options for the intensive language experience must be approved by the Foreign Language Department, the Center for Global Education and the Registrar's Office.

MINIMUM CREDITS AT EDGEWOOD COLLEGE

A French major, French Teaching major or French Teaching minor must take a minimum of eight credits in French at Edgewood College or at UW-Madison through the Collaborative Program. Retroactive credit and Student Teaching will not be counted toward this minimum. A French minor must take a minimum of four credits in French at Edgewood College or at UW-Madison through the Collaborative Program. Retroactive credit and Student Teaching will not be counted toward this minimum. The year prior courses were taken must be considered for determining courses' acceptability for satisfying major/minor requirements. Those seeking add-on teaching certification in foreign language must consult with the Foreign Language Department and the School of Education.

RETROACTIVE CREDIT

Credits may be gained for foreign language skills acquired through high school study, immersion experience in the target language, or other means of prior learning. Level of language proficiency will be determined based on the successful completion of the student's first college-level foreign language course (placement must be above 101 level) with a minimum grade of "C." Up to sixteen credits may be granted in Foreign Language. See the list below for an explanation of how credit is awarded.

- 4 retroactive credits if "B" or higher in FREN 102
- No retroactive credits if "BC" or "C" in FREN 102
- 8 retroactive credits if "B" or higher in FREN 201
- 4 retroactive credits if "BC" or "C" in FREN 201
- 12 retroactive credits if "B" or higher in FREN 202
- 4 retroactive credits if "BC" or "C" in FREN 202
- 16 retroactive credits if "B" or higher in FREN 312 or a higher level French course
- 8 retroactive credits if "BC" or "C" in FREN 312 or higher

Please consult the Foreign Language Department with any questions about the above policies.

MAJORS

History

Broad Field Social Studies History Concentration (see Broad Field Social Studies for Requirements)

Broad Field Social Studies History Concentration with Teaching Minor (see Broad Field Social Studies for Requirements)

MINORS

History

History Teaching: Elementary/Middle Education

History Teaching: Middle/Secondary Education

MISSION

History programs may be used to fulfill the graduation requirements of the College, to obtain teacher certification, or to prepare for professional (e.g., law school) or graduate school study. In consultation with a History Department advisor, a student will select the most appropriate program and courses to meet the requirements for a major, minor or concentration in History.

The Department of History has identified three broad goals for the student majoring in History or Broad Field Social Studies that will be assessed on an on-going basis, but particularly in HIST 400/401. Each successful History and Broad Field Social Studies major will demonstrate:

- Competence in research, critical reading of sources, communicating, writing, reasoning and analyzing
- The basic skills of the historian, to include historical method and historiography.
- Competence in historical knowledge, historical periodization and historical geography.

The History Department administers the Sister Cajetan Spelman History Award which is given annually to upper-class history majors and history concentrations. See the History Department Chair for details.

HIST 400B/401B	Selected Issues in American History/Research Paper
HIST 400C/401C	Selected Issues in East Asian History/Research Paper

POLICIES

Minors are also required to complete the Education Professional Requirements and the licensing sequence in either elementary or elementary/middle education (see EDUCATION). To meet Wisconsin Department of Public Instruction licensing requirements, students should take GEOG 265, Environmental Conservation, a course in conservation of natural resources and marketing and consumer cooperatives. Students are advised to check carefully the certification requirements of the state in which they plan to teach.

HISTORY TEACHING MINOR: MIDDLE/SECONDARY EDUCATION

A minimum of 28 credits, including:

HIST 295	Proseminar: Historians, Historiography and Historical Method
ED 459H	Methods: History*

**course has prerequisites*

At least one course in European History:

HIST 108	H	Medieval Europe, 410-500

HIST 400B/401B		Selected Issues in American History/Research Paper
HIST 400C/401C		Selected Issues in East Asian History/Research Paper

POLICIES

Minors are also required to complete the Education Professional Requirements and the licensing sequence in either elementary or elementary/middle education (see EDUCATION). Students will also be responsible for taking a course in national, state and local government; typically PS 262 is required (see EDUCATION). A History Teaching Minor must be accepted into Emergent Professional Transition before being admitted to ED 459H. To meet Wisconsin Department of Public Instruction licensing requirements, students should take GEOG 265, Environmental Conservation, a course in conservation of natural resources and marketing and consumer cooperatives. Students are advised to check carefully the certification requirements of the state in which they plan to teach.

Minors must earn at least 12 credits in History at Edgewood College and at least 16 credits at the 200-level or above in History. A minimum cumulative grade point average of 2.0 is required in History courses taken toward the minor.

MAJORS

International Relations

INTERNATIONAL RELATIONS MAJOR (BA PROGRAM OR BS PROGRAM)

This major includes interdisciplinary core of 36-37 credits:

Political Science Courses:

PS 210	GJ	Introduction to International Relations
PS 275	GJ	Introduction to Comparative Politics

One of the following:

PS 387		Peace and Conflict Studies
PS 388	G	Democracy and Authoritarianism

Economics Courses:

ECON 290	GJ	The Global Economy
ECON 330	GJ	Comparative Economic Systems

Other Social Science Courses:

ANTH 222	GJ	Introduction to Cultural Anthropology
SS 368	U	Social Science Research Methods

Students will complete one comparative humanities course in art, music, literature, theatre, history or religious studies as approved by the student's advisor.

Choose from the list below:

ART 124		Global Perspectives in the Visual Arts
ART 250	AGU	Art of Africa, Oceania & the Americas
ENG 270	CGX	Intro to World Literature
ENG 370B	CGX	Post-Colonial Literature*
ENG 470		Focused Study of World Literature
FREN 316/416	G	Advanced Language & the Francophone World*
FRENCH 429	CG	Introduction to French Literature
FREN 431	GH	French Civilization*
FREN 432		Contemporary Culture

SPAN 437	CG	Spanish American Literature*
SPAN 438	CG	Contemporary Literature*

**course has prerequisites*

POLICIES

Students must complete a language proficiency equivalent to two years of college-level study of one foreign language (16 credits) or equivalent. Students will also complete a minor in one of the following disciplines: sociology, business, economics, French, history, political science, environmental studies, women's and gender studies or Spanish.

Additionally, an International Relations major must take a minimum of twelve credits of the interdisciplinary core coursework in residence at Edgewood College or through the Collaborative Program, not including courses taken solely for the minor.

The year that prior courses were taken will be considered in determining the acceptability of transfer courses for satisfying the major requirement.

Mathematics Teaching for Elementary/Middle School

MISSION

Mathematics and Mathematics Teaching majors are designed to prepare students for a wide variety of career trajectories such as teaching, actuarial science, business and engineering, as well as graduate school. In addition to preparation in core areas of mathematics, students will develop habits of precision and logical thinking, acquire an appreciation for, and understanding of the aesthetic qualities, and historical development of mathematics, and gain an appreciation for and understanding of mathematical concepts, and techniques that are applicable to areas outside of mathematics. The department has identified four goals for students majoring in Mathematics, and Mathematics Teaching:

Core Mathematics

Students should demonstrate a broad understanding of core mathematics as defined by the requirements for the major and the department's course goals. These goals include the interplay of mathematics with other disciplines and the history of mathematics.

Problem Solving

Students should demonstrate competency in problem solving. This includes the ability to generate special cases, recognize patterns, formulate and test conjectures, reject incorrect solutions, use mathematical tools developed in coursework and reflect appropriately on the solution.

Proof

Students should demonstrate the ability to critically examine mathematical arguments and produce proofs that are both mathematically and stylistically correct.

Communication:

Students should be able to communicate mathematics effectively in oral and written forms using formal definitions, appropriate mathematical terminology and symbolism.

MATHEMATICS MAJOR (BA OR BS PROGRAM)

Forty-four credits in mathematics, including:

Required Courses:

MATH 231	M	Calculus I*
MATH 232	M	Calculus II*
MATH 233	M	Calculus III*
MATH 301	U	Problem Solving and Proof*
MATH 341		Linear Algebra*
MATH 351		Probability*
MATH 485	3KX	Mathematics Seminar*

Algebra Pairing:

MATH 441	Abstract Algebra I*
MATH 442	Abstract Algebra II*

**course has prerequisites*

Geometry Pairing:

MATH 461	College Geometry*
MATH 462	Topology*

**course has prerequisites*

Additional required courses for the Pre-Engineering Concentration:

CHEM 120	S	General Chemistry I*
CHEM 121	S	General Chemistry II*
PHYS 201	SU	College Physics I*
PHYS 202	S	College Physics II*
PHYS 350	I	Scientific Computing*

**course has prerequisites*

POLICIES

A minimum GPA of 2.5 in the above courses is required.

MATHEMATICS TEACHING MAJOR (BA OR BS PROGRAM)

This major is part of a program leading to a Wisconsin initial educator license to teach mathematics in the Early Adolescent through Adolescent level (ages 10-21). The major is composed of forty-seven credits in mathematics, including:

Required Courses:

MATH 121	M	Statistics*
MATH 231	M	Calculus I*
MATH 232	M	Calculus II*
MATH 233	M	Calculus III*
MATH 301	U	Problem Solving and Proof*
MATH 341		Linear Algebra*
MATH 351		Probability*
MATH 431		Real Analysis*
MATH 441		Abstract Algebra I*
MATH 442		Abstract Algebra II*

MATH 451		Explorations in Middle/Secondary School Mathematics*
MATH459/ED459M		Middle/Secondary Math Methods*
MATH 461		College Geometry*
MATH 485	3KX	Mathematics Seminar*

**course has prerequisites*

A minimum GPA of 2.5 in the above courses is required. See EDUCATION for licensure requirements. Admission to Teacher Education as early as possible is recommended.

MATHEMATICS MINOR

Twenty-four credits in Mathematics, including:

Required Courses:

MATH 121	M	Statistics*
MATH 231	M	Calculus I*
MATH 232	M	Calculus II*
MATH 301	U	Problem Solving and Proof*
MATH 341		Linear Algebra*

**course has prerequisites*

Two of the following for a total of at least 7 credits:

MATH 233	M	Calculus III*
MATH 331		Differential Equations*
MATH 351		Probability*
MATH 431		Real Analysis*
MATH 432		Complex Analysis*
MATH 441		Abstract Algebra I*
MATH 442		Abstract Algebra II*
MATH 461		College Geometry*
MATH 462		Topology*

**course has prerequisites*

A minimum GPA of 2.5 in the above courses is required.

MATHEMATICS TEACHING MINOR

This minor, together with a licensing major (Early Adolescent through Adolescent), is part of a program leading to a Wisconsin initial educator license to teach mathematics at the Early Adolescent through Adolescent level. The minor is composed of twenty eight credits in mathematics.

Required Courses:

MATH 121	M	Statistics*
MATH 231	M	Calculus I*
MATH 232	M	Calculus II*

MATH 233	M	Calculus III*
MATH 301	U	Problem Solving and Proof*
MATH 341		Linear Algebra*
MATH 451		Explorations in Middle/Secondary School Mathematics*
MATH459/ED459M		Middle/Secondary Math Methods*
MATH 461		College Geometry*

**course has prerequisites*

A minimum GPA of 2.5 in the above courses is required. See EDUCATION for licensure requirements. Admission to Teacher Education as early as possible is recommended. Students are recommended to take MATH 451 one or two semesters prior to student teaching.

MATHEMATICS TEACHING FOR ELEMENTARY/MIDDLE SCHOOL MINOR

This minor, together with a licensing major in Middle Childhood through Early Adolescent, is part of a program leading to a Wisconsin initial educator license to teach mathematics at the level corresponding to the major. The minor is composed of thirteen credits in mathematics.

Required Courses:

MATH 121	M	Statistics*
MATH 451		Explorations in Middle/Secondary School Mathematics*

**course has prerequisites*

One of the following:

MATH 222	M	Calculus with Business Applications
MATH 231	M	Calculus I*

One of the following:

MATH 122		Finite Mathematics*
MATH 232	M	Calculus II*

**course has prerequisites*

A minimum GPA of 2.5 in the above courses is required. Completion of the Education Professional Requirements and licensure requirements for Teacher Education (see EDUCATION: Progress through the Transition Steps) is recommended as early as possible. Students are recommended to take MATH 451 one or two semesters prior to student teaching.

DEPARTMENT POLICIES

All mathematics prerequisites for mathematics courses must be completed with a grade of 'C' or above to satisfy the prerequisite requirement.

Courses in mathematics may not be audited. Courses may only be taken Pass/Fail with the consent of both the instructor and the Mathematics Department Chair.

In order for any mathematics course to count towards any of the mathematics majors or minors, the course must have been completed with five years preceding the date of major/minor declaration. Courses taken prior to that point will be evaluated on an individual basis by the department

Any mathematics course requirement for any major or minor offered in the department, with the exceptions of MATH 485, MATH 459 and MATH 451, may be satisfied through the proficiency process established by the department. The minimum residency requirement may not be waived.

Students in a math teaching major or minor should not plan to take upper division mathematics courses during the semester in which they are student teaching.

A student must have a cumulative grade point average of 2.5 or above in courses required for the major or minor.

A student pursuing any major within the Mathematics Department must take at least three mathematics courses at or above the 300 level at Edgewood College. A student pursuing any minor within the Mathematics Department must take at least two mathematics courses approved by the department at Edgewood College.

Students intending to major or minor in mathematics or mathematics teaching should take MATH 301 concurrently or as soon as possible after MATH 232 since it is a prerequisite for most of the mathematics courses at the 300 and 400 levels.

Student Development Opportunities

The Mathematics Department supports a number of student development opportunities, including participation in the Edgewood Engaged: A Research and Creative Inquiry Symposium, summer research experiences and internships, the Wisconsin Mathematics Council Annual Conference, and St. Norbert College's Pi Mu Epsilon Conference. Any full time member of the department can provide details.

Internships and Careers in Mathematics

A number of careers are open to students majoring in mathematics. Some students proceed to graduate school in an advanced mathematical, professional or technical field; other students move directly into the work force including teaching at the middle or secondary level. The student majoring in mathematics should talk to his or her advisor in the sophomore year to explore internships and career opportunities. Members of the department will work with the student and Edgewood College's Career Services office to help the student successfully chart a path beyond graduation.

GOALS OF THE MAJOR

The curriculum for the music major is aligned with the standards for the National Association of Schools of Music and the Wisconsin Department of Public Instruction. The comprehensive degree offerings challenge students to reach their highest potential. The development of performing skills, critical thinking and music literacy are goals of each area of private and class instruction, music appreciation, music theory, music history and performing ensembles. Each semester the music faculty assesses student achievement using standard test formats, portfolio reviews, rubrics and juried performance reviews.

OPPORTUNITIES FOR NON-MUSIC MAJORS

Non-majors are encouraged to take music courses, a number of which require no previous musical experience. Performing ensembles are available to all students regardless of major. Some ensembles and upper-division courses require an audition. Some of the assessment strategies outlined above are also used for non-majors.

The Music Department offers General Education courses that cover the following tags: A, B, D, G, I, K, Q, and X.

MUSIC MAJOR (BA PROGRAM)

This major requires 33 credits.

Required Courses:

MUS 140	B	Introduction to the Language of Music (or proficiency)
MUS 141		Music Theory I*
MUS 142		Ear Training and Solfege I
MUS 143		Music Theory II
MUS 144		Ear Training and Solfege II*
MUS 155	AGX	World Music*
MUS 356	U	Music History: Classical to 21 st Century
MUS 440	3	Senior Music Seminar*
MUS 481	K	Senior Recital*

*course has prerequisites

Additional Music Major Requirements:

Piano Proficiency

MUS 104 Piano Proficiency*

**course has prerequisites*

Students must be enrolled in MUS 103 every semester until the Piano Proficiency is satisfied. Students must register for MUS 104 (with consent of instructor) the semester they complete the requirement. Students should see the Music Department for proficiency criteria.

Private Lessons

In addition students must register for private lessons each semester they are enrolled at Edgewood College; at least two semesters must be taken at the 300 level with a grade of “C” or better and two semesters must be taken at the 400 level with a grade of “C” or better.

Performing Organization

Students must be registered for a performing ensemble each semester they are enrolled at Edgewood College. Students should contact the Department Chair prior to registration for placement information.

Performance Class and Juried Reviews

All students who study privately will perform each semester in a performance class (MUS 000) and in a juried review during final examination week. Students must pass six semesters of MUS 000. Any student failing three consecutive semesters of MUS 000 will not be permitted to continue in the program.

Portfolio Review

Students will turn in a portfolio after two semesters of study at Edgewood College. A final portfolio review is required prior to graduation. Music education portfolios fulfill Wisconsin Department of Public Instruction requirements.

Transfer students should see the Department Chair for portfolio deadlines.

POLICIES

Majors need to attain the following GPA requirements by the end of their sophomore year, and must maintain them to remain in good standing and to be approved for graduation. In addition, a music course in which a student receives a grade below “C” will not be accepted toward the major.

All music history and theory courses must have a GPA of 2.5. All music courses must have a GPA of 3.0. Following their second semester of study, each music major will be given a performance/progress review by the Music Faculty to determine potential success as a Music Major. Students are not officially accepted as Music Majors until this review is successfully completed and the Declaration of Major form has been processed.

MUSIC EDUCATION MAJOR (BA PROGRAM)

Core requirements of the major:

MUS 140	B	Introduction to the Language of Music (or proficiency)
MUS 141		Music Theory I*
MUS 142		Ear Training and Solfege I
MUS 143		Music Theory II
MUS 144		Ear Training and Solfege II*

CERTIFICATION IN GENERAL MUSIC (BA PROGRAM)

Required Courses:

MUS 489A/ED489A	Student Teaching: General Music
--------------------	---------------------------------

POLICIES

Students must complete the core music course requirements, including the senior recital. Music Education students are not expected to take private lessons or perform in a major performing ensemble during the student-teaching semester.

Music Education majors are required to pass the PRAXIS I exam and report scores to the Department Chair as a prerequisite for 200-level Music Education courses.

CERTIFICATION IN CHORAL MUSIC (BA PROGRAM)

Required Courses:

MUS 343	Arranging
MUS 489B/ED489B	Student Teaching: Choral Music

POLICIES

Students must complete the core music course requirements, including the senior recital. Music Education students are not expected to take private lessons or perform in a major performing ensemble during the student-teaching semester.

Music Education majors are required to pass the PRAXIS I exam and report scores to the Department Chair as a prerequisite for 200-level Music Education courses.

CERTIFICATION IN INSTRUMENTAL MUSIC

Required Courses:

MUS 275B	Topics in Pedagogy for the Music Specialist: Brass Pedagogy
MUS 275C	Topics in Pedagogy for the Music Specialist: Woodwind Pedagogy
MUS 275D	Topics in Pedagogy for the Music Specialist: String Pedagogy
MUS 275E	Topics in Pedagogy for the Music Specialist: Percussion Pedagogy
MUS 343	Arranging
MUS 489C/ED489C	Student Teaching: Instrumental Music*

POLICIES

Students must complete the core music course requirements, including the senior recital. Music Education students are not expected to take private lessons or perform in a major performing ensemble during the student-teaching semester.

Music Education majors are required to pass the PRAXIS I exam and report scores to the Department Chair as a prerequisite for 200-level Music Education courses.

MUSIC MEDIA AND PRODUCTION MAJOR (BA PROGRAM)

This degree focuses on the creative aspect of music production, allowing students to incorporate music into a variety of media types.

Students must complete 43 credits in Music, including:

Required Courses:

MUS 140	B	Introduction to the Language of Music
MUS 141		Music Theory I*
MUS 142		Ear Training and Solfege I*
MUS 143		Music Theory II*
MUS 144		Ear Training and Solfege II *

Additional Music Major Requirements:

Private Lessons

Students must complete three credits of private study on a major instrument or voice. At least one credit must be completed at the 300 level with a grade of "C" or better.

Performing Organization

Students must complete four credits of performing organizations. Student should contact the Department Chair prior to registration for placement.

Performance Class and Juried Reviews

All students who study privately will concurrently enroll in a performance class (MUS 000), and will participate in a juried review during the final examination week. Minors must pass at least three semesters of MUS 000; any student failing two consecutive semesters of MUS 000 will not be permitted to continue in the program.

DEPARTMENTAL POLICIES

Computer Competency

Majors must be adept at word processing and Finale software. They must also be familiar with computer-accessed sources and webpage development. Skills for these proficiencies are addressed in the music theory and music history/appreciation courses, as well as in MUS 191, Computer Applications in Music, which satisfies the general computer competency requirement.

Applied Music Private Study

Additional fees are assessed for private lessons. Students should contact the Business Office for current rates.

Students should contact the Department Chair for current information regarding subsidization of lesson fees for music majors, minors and members of designated performing ensembles. Credits for applied music are granted on the basis of one credit per semester. Lessons falling on days when classes at the College are suspended or when lessons are cancelled by the student will not be rescheduled. Lessons canceled by the teacher will be rescheduled.

Lesson material is designed to give the student a foundation in technical development and music literature according to course level. Students are to perform in MUS 000 Performance Class and in a juried performance at the end of each semester. To progress from the 200 level to the 300 level, a student must receive a grade of "C" or higher in MUS 141 (if a music major or minor), be approved by the appropriate applied instructor, and receive official recommendation from the music faculty following the most recent juried performance. Students must be registered at the 300 or 400 level in order to present a recital and must register for MUS 381 and MUS 481.

Audit Policy

Private lessons and performing groups cannot be audited.

Credit for Prior Learning

In extraordinary circumstances, students may apply for credit for prior learning experiences. These artistic or professional experiences should parallel music coursework and indicate a mastery of the knowledge and/or skills in a particular course of study. Decision to award credit will be made after formal application a submission of portfolio and audition/interview. Students should contact the Music Department Chair for more details.

Temporary Suspension of Studies

To assure a positive learning experience, students returning after a three-year interruption of studies toward the major must take placement exams to determine if theoretical and performance based skills have been maintained at an appropriate level.

Requirements for Transfer Students

All transfer students are required to audition on their primary instrument or voice before acceptance into the music major. After successful completion of the audition, the student must take the following music qualifying exams: Music Theory, Ear Training/Solfège, and Piano Skills and if applicable, Music History.

Transfer students must complete a minimum of 20 credits in music courses at Edgewood College. All music majors must register for a major performing ensemble each semester they are enrolled at Edgewood College. For Music Education majors, this policy does not include the student-teaching semester. All other requirements for the major must be satisfied by the transfer student, including the senior recital requirement.

To remain in good standing, transfer students must attain/maintain a GPA of 3.0 in all music courses taken at Edgewood College. Transfer students will normally submit a portfolio for review at the end of two semesters of study at Edgewood College and prior to graduation. All transfer students should check with the Department Chair for deadline details.

MUSIC PERFORMANCE GRANTS AND SCHOLARSHIPS

Fine Arts Award in Music

For first time freshman and transfer students, this award is open to music majors and non-majors. To audition, a student must perform two works of contrasting styles. Award amounts are based on the audition results and need. The grant is renewable for up to four years based on the recommendation of the Music Department, taking into consideration the student's contribution to a performing organization.

Sister E. Blackwell Music Scholarship

Offered on a competitive basis to qualified undergraduate students who attain sophomore status or above and who participate in a performing ensemble and are also taking private lessons. Interested students should contact the Financial Aid Office and the Music Department Chair. The Music Department will supply information regarding audition requirements and deadlines. The reward is based on leadership, scholarship and performance in music courses as well as audition results.

Ken and Diane Ballweg Music Scholarship

Offered to an undergraduate student who is a declared music major who intends to make music his or her profession. The audition requires the student to perform intermediate through advanced level works (as determined by the Music Department) for a duration of 10 minutes. The scholarship is not automatically renewable and is not automatically given each year. Interested students should contact the Financial Aid Office and the Chair of the Music Department.

Battcock Scholarship

Awarded to qualified students based on potential as a piano student.

DeEtte Beilfuss-Eager Scholarship

Restricted to a student who is in good academic standing as a music major, and studying advance piano or is determined by the Music Department to have a high potential as a piano student.

Malmquist Scholarship

Awarded to qualified students based on academic promise, musical leadership and contribution to the department and respective ensemble.

Vernon and Anja Sell Choral Scholar Endowment

Awarded each year to one or more qualified students who have been active members of an Edgewood College choice for a least one year; demonstrated continued growth in choral/chamber singing and musicianship; shown exceptional interpersonal leadership skills; and are in good standing with the appropriate GPA. The award is based solely on merit rather than functional and is awarded yearly. Recipients may receive the award in successive years.

DEPARTMENT POLICIES

For admission to the Psychology major, students must have at least a C in each of the following three courses and a 2.5 average in all three: PSY 101, BIO 151 (or equivalents); and one of the Foundations of Psychology courses (PSY 230, 300, 349, 388, 430 or specified topics courses). A student must declare the psychology major after completion of the above three courses. For graduation, students must have a 2.5 average in all psychology major requirements and at least a grade of “C” in PSY 498, the capstone course. A course in which a student receives a grade below a “CD” will not be counted toward the major or minor. If a student repeats a course, the better grade will be counted toward the GPA for purposes of admission to the major, graduation and inclusion in the minor. Transfer course grades will be counted toward the GPA for purposes of admission to the major.

A minimum of three courses toward the major and two courses toward the minor must be taken at Edgewood College.

For the psychology minor and each psychology concentration, the courses required are listed in the catalog. There is no minimum number of credits. Students need to complete the required courses for the major or concentration. For the psychology major, five courses in psychology are required, which must include General Psychology or the equivalent transfer course.

PSYCHOLOGY MAJOR (BS PROGRAM)

The psychology major seeks to assist students in developing a critical knowledge of psychology as a science and as a means to promote human welfare. These goals reflect the College’s mission and identity statements, which promote educating students for meaningful professional lives of service and a lifelong search for truth.

GRADUATE DEGREES

Master of Arts in Religious Studies

MISSION

Rooted in the Catholic and Dominican traditions where “faith seeks understanding,” Religious Studies at Edgewood College employs academic inquiry, scholarly research, experiential learning and intellectual reflection to examine the religious experience and its multiple expressions. In so doing, we develop our critical intellectual capacities, expand the understanding of ourselves and our world; deepen our own spiritualities and commitments; and cultivate genuine respect and appreciation for the truths and values expressed in the traditions and spiritualities of others.

POLICIES

Students planning a major or minor in Religious Studies should consult with an advisor in the Religious Studies Department at the beginning of their program. Normally, a minimum of 40 credits for the major or 20 credits for the minor must be taken in Religious Studies at Edgewood College. Any transfer of religious studies credits is subject to evaluation by the department.

FOCUS AREAS

Students may wish to focus their coursework in one of the following areas: Biblical Studies, Pre-Theological Studies, Christian Ministries or Social and Ecological Justice. An advisor in the Religious Studies Department will assist students in choosing appropriate courses.

Students interested in youth, campus, family, pastoral, liturgical, social justice of other specialized ministries are encouraged to supplement their Religious Studies major with appropriate minors or concentrations in disciplines related to this work. The Religious Studies advisor will assist in exploring and choosing among the options.

The Religious Studies curriculum at Edgewood College includes three areas of investigation: Scriptures and Sacred Texts, Religious Traditions and Theologies, and Religion in the Human Community.

RELIGIOUS STUDIES MAJOR (BA PROGRAM)

MASTER OF ARTS IN RELIGIOUS STUDIES

The Master of Arts in Religious Studies Program is designed for persons who want to develop their personal values, faith, and/or professional ministries through academic inquiry, systematic reflection and experiential learning.

Rooted firmly in the Catholic and Dominican intellectual traditions, Religious Studies at Edgewood College is a broad-based discipline which encourages students to explore and affirm their own roots and traditions and to develop intellectual competence in the context of Christian community and service. In addition, students can strengthen their own commitments and grow in respect for and appreciation of the roots, traditions and commitments of others.

Key elements of the program include:

- Scholarly study and reflection on religious and theological issues
- Respect for the individual within the community
- Responsibility and call to service
- Building of appropriate goals
- Opportunities to realize potential

Students come from many backgrounds and religious traditions and bring to their studies a variety of goals and hopes for the future. Many feel called to ministry or leadership in their communities; some build strong foundations for further graduate study; most experience intellectual stimulation, spiritual growth, and affirmation of the unique gifts they have been given for service.

Faculty members of the Religious Studies Department bring diverse backgrounds, experiences and educational preparation, including academic doctorates from major universities to their teaching and research. They hold memberships and contribute to leadership in numerous professional societies: the American Academy of Religion, the Society of Biblical Literature, the Catholic Biblical Association, National Association of Professors of Hebrew, Institute of Biblical Research, North American Academy of Liturgy, the College Theology Society and the Chicago Society of Biblical Researchers.

ADMISSIONS REQUIREMENTS

1. Provide evidence of a baccalaureate or more advanced degree from a United States regionally accredited or equivalent post-secondary institution with a cumulative grade point average of at least 2.75 on a 4.0 scale for regular admission status. The cumulative grade point average is computed on the highest degree held at the time of application to the Edgewood College graduate program.

2. Complete and submit graduate application (including \$25 fee) to the Graduate and Professional Studies Admissions Office.
3. Request that official transcripts for all undergraduate and graduate academic credits received from any post-secondary institutions be sent directly to the Graduate and Professional Studies Admissions Office.
4. Provide two letters of recommendation from college or university professors, supervisors, and/or professional colleagues who can focus on the probability of your success in graduate school.
5. Submit a written statement listing the reasons why you think you will be successful in graduate school; cite how specific background experiences will aid in your success as a student.
6. Please see GRADUATE ADMISSIONS for additional international student requirements.

CURRICULUM

The curriculum is broad based with appropriate depth in three study areas: Major Religious Traditions, Biblical Studies, and Religion in the Human Community.

Major Religious Traditions

The course, Trends in Ministry, enables students to explore the needs of global and local communities by examining outstanding leaders, systematic and cultural conditions, and possible ways they can respond to present and future needs. Religious Traditions in the Modern World focuses on the interplay of religious traditions with cultures, societies, politics, economics and the humanities.

Biblical Studies

The courses in Hebrew Scriptures and Christian Scriptures offer opportunities to pursue exegetical studies of selected topics or themes including new developments in the study of scripture.

Religion in the Human Community

Presuming a background in the history of Christianity, Development of Religious Life and Thought enables students to see the mutual relationship between cultural/historical contexts and the development of religious ideas. Sources of Moral Decision-Making in an Ecumenical World challenged students to apply principles of morality to particular situations which societies face today.

All students must complete each of the above courses. Students who, in addition, are interested in preparing for professional ministry in their faith communities may elect to follow the Ministry/Leadership sequence.

MINISTRY/LEADERSHIP SEQUENCE

The Ministry/Leadership Sequence builds on the core curriculum and includes appropriate electives, portfolios and field experiences. In the core course, Trends in Ministry, students explore needs of global and local communities and possible responses to which they may perceive themselves called. In their other required courses, they continue to explore these needs and responses, choosing research topics and optional readings related to their goals.

Students following this sequence will also develop a portfolio of goals and a record of related activities, including workshops, pre-professional experiences, and internships. If individuals plan to serve as pastoral associates or directors of religious education, for example, they will plan and complete a set of field experiences, which may culminate in a sequence of professional courses such as Counseling, Internship and Religious Leadership. Clinical Pastoral Education in a nearby hospital is available, although it may better follow completion of the master's degree.

Other ministerial/leadership career opportunities include pastoral associates, directors of religious education, clinical pastoral education, youth ministry, campus ministry, pastoral music, liturgical ministries, urban ministry, pastoral ministry, hospital chaplaincy, bereavement ministry, family ministry, ministry with minorities, and church administration. Electives may be chosen and a portfolio designed appropriate to these ministries.

CONDUCT AND COMPETENCIES REVIEW

Ministry students should be aware of Conduct and Competencies Review processes.

TRANSFER OF CREDIT

Students may submit up to 12 semester hours of graduate credit from other accredited post-secondary institutions towards the graduate degree in Religious Studies. A Request for Transfer of Graduate Religious Studies Credit should be completed and filed early in the student's program or after the credits have been earned.

PREREQUISITES OR PROFICIENCIES

Prerequisites or demonstrated proficiencies ensure a solid base for graduate study. Religious Studies at Edgewood College builds on basic proficiencies in the following areas:

- Hebrew Scriptures
- Christian Scriptures
- World Religions
- History of Christianity
- Ethics or Morality (please note that this requirement is automatically fulfilled by IC 800, for which graduate credit is earned).

The student's transcript is evaluated for prerequisite or equivalent courses at other institutions. If these have not been met, the student may demonstrate proficiency in one of two ways:

1. By completing the appropriate course at the undergraduate level either at Edgewood College or elsewhere with a grade of "B" or better. Please note that undergraduate credits are earned for these prerequisite courses, but these credits are not counted toward the Master of Arts degree, except for IC 800.
2. By passing the proficiency examinations administered by the department in each area. Students may prepare for the proficiency exams by auditing a course and/or using the reading lists and study guides provided by the department.

DEGREE REQUIREMENTS

Each student completes a minimum of 36 credits to complete the Master of Arts in Religious Studies. Courses may not be automated and the curriculum includes required courses, institutional requirements and elective courses.

Required Courses in Religious Studies:

Religious Studies student complete six required courses for a total of 18 credits. All courses except RS 610 require prerequisites or demonstrated proficiencies.

EXPECTATIONS OF THE SOCIAL SCIENCE SCHOLAR

The Social Science Department offers coursework in diverse programs. However, the Department considers certain goals and objectives common to all majors offered in Social Science.

The Department's mission is to provide an opportunity for students to learn about the historical development of economic, social, political and cultural institutions and gain insight into the underlying assumptions, conflicts and political strategies involved in changing those structures. Students pursuing a degree in the Social Sciences will understand the influence of and the intersection among various social realms, such as politics, science, religion and technology. They are challenged to a critical reflection on the local and global structuring of relationships with respect to race, class, gender, and other social categories.

All Social Science majors are expected to gain experience in the formulation of hypotheses and models to explore social, economic, political and cultural relationships and change. Further, they should gain skills in using and evaluating diverse research methods, including sampling procedures and statistical analysis; census and survey data analysis; questionnaire development and interviewing; field work and participant observation; as well as the use of written documents, research monographs and secondary sources.

With these common goals in mind, all students with majors in Criminal Justice, Economics, Political Science and Sociology are required to complete the following interdisciplinary sequence of courses.

Social Science Interdisciplinary Sequence (12 credits):

SS 368	U	Social Science Research Methods
SS 369		Social Science Statistics*
SS 484	3KX	Senior Social Science Seminar*

**course has prerequisites*

POLICIES

Students majoring in the Social Science Department must maintain a cumulative grade point average of 2.0 in courses in their respective major. If a student receives more than one grade below a "CD" in major courses, he/she must repeat one of these courses or an approved equivalent and receive a grade of "CD" or above in order to successfully complete the major.

Courses required for the majors may not be taken Pass/Fail. Twelve credits of the major must be earned at Edgewood College: at least four of those credits must be in the major discipline. Majors should consult with their advisor about appropriate courses to fulfill their Math (M) and Information and Technological Literacy (I) requirements. A minimum of four credits of a minor in the department of Social Science must be completed at Edgewood College.

**course has prerequisites*

The department may accept a maximum of 12 transfer credits in state-approved Human Services or Social Work courses. All transfer credits are subject to the approval of the Department of Safety and Professional Services.

POLICIES

Field Experience courses (SS 371, SS 372, SS 373 and SS 374) provide the opportunity for placement or internships in a variety of criminal justice positions. Field work positions have been available in city and county law enforcement agencies, federal and state correctional institutions, probation and parole programs, the district attorney’s office and in detention, shelter care and treatment centers. Placements in federal justice agencies in Washington D.C. are available. Students interested in the Field Experience option are responsible for their own application and placement with an appropriate agency in consultation with the Criminal Justice Program Coordinator. All potential Field Experience opportunities must be approved by the Program Coordinator prior to the student beginning the position with the agency.

The Department of Social Science will accept as equivalent to a supporting minor, a maximum of 18 transfer credits in selected police science, law enforcement and human services technical courses and in addition, will accept seven credits from approved field work sequences as the equivalent of Social Science 372-374. Field Experience: Criminal Justice major transfer students must earn at least 12 credits of coursework in the major program at Edgewood, with a least 4 of those credits from a criminal justice course. THEATRE ARTS GRANTS AND SCHOLARSHIPS

Talent Scholarship for Theatre Arts

The Talent Scholarship for Theatre Arts is for first time freshman and transfer students not necessarily majoring or minoring in theatre. Grants are for \$1,000 to \$3,000 based on need and are renewable for up to four years based on the recommendation of the Theatre Arts faculty. Recommendation for renewal for the third and fourth year will be limited to majors and minors. For information, contact the Admissions Office or the Producer.

Mary Frances Green Scholarship

Awarded to a Theatre Arts major who has attained junior standing. The scholarship recipient must have demonstrated all around excellence in several of the following areas: growth in chosen area, breadth of knowledge, a strong academic interest, collaborative working skills, an excellent work ethic, and leadership skills. In addition, the scholarship recipient will demonstrate financial need and exhibit great enthusiasm for and dedication to his/her chosen field.

Sister Marie Aileen Klein Scholarship

Awarded to a major or minor in Theatre Arts or Education who demonstrates financial need. This award may be offered to a current student or an underclassman entering Edgewood College. The student must show exceptional achievement or potential for exceptional

achievement in some or all of the following areas: collaborative work skills, dependability, and work ethic, growth in knowledge, high academic interest and classroom work.

Martie Kaump Award

This is awarded to a student who demonstrates outstanding artistic achievement and student leadership. The criteria for this award includes the following: student is able to work independently, uses research tools in academic work, is able to formulate long-range goals, is reasonably successful in mentoring less experienced students, has completed 70 credits and maintained a grade point average of 3.2 or higher.

The David A. Raagas “Big Kahuna” Memorial Award

The David A. Raagas “Big Kahuna” Memorial Award is to be awarded to students interested in the arts, theatre, film, and/or creative writing. The award is named in memory of David A. Raagas to provide financial support for students who share his love and passion for the arts. The awardee will be determined by the Theatre Arts Department and receive the award at the annual Theatre Arts Department banquet.

**SCHOOL OF
BUSINESS**

The Edgewood College School of Business (ECSB), nationally accredited by ACBSP, educates nearly 500 students each year in its traditional undergraduate, accelerated undergraduate, and graduate programs. With a values-based and student-centered approach, our vision is to be recognized as a premier business program that prepares students to become successful, ethical and entrepreneurial community leaders. We have a proud 62-year history of teaching business principles and best practices, and an alumni base of over 3,000 undergraduate and graduate students.

ECSB engages in ongoing curricular design work to ensure that our content and teaching methods are meeting the changing needs of our graduates, employers and the broader community. Twenty full-time and about fifteen executive adjunct faculty teach a broad array of courses relevant to the future demands of business and society, with ethical leadership, entrepreneurship, sustainability, and global perspectives integrated throughout the curriculum.

ECSB MISSION

Through quality, innovative teaching and scholarship in an intimate, caring environment, students in the School of Business become lifelong learners and exceptional, ethical leaders, creating sustainable local and global economies.

SCHOOL OF BUSINESS- TRADITIONAL UNDERGRADUATE PROGRAMS

TRADITIONAL UNDERGRADUATE MAJORS

The Edgewood College School of Business offers an innovative, integrated undergraduate degree program. As part of their core curriculum, business majors take a sequence of five six-credit classes that are interdisciplinary and team-taught. These intensive courses employ active learning approaches to foster student development that goes beyond memorization to application. The School of Business is focused not just on what our students know, but what they can actually do with that knowledge. The integrated approach helps students develop a holistic view of how organizations work, how different business disciplines interface, and how to effectively impact their organizations.

In addition to their core courses, business majors can choose an area of concentration. Students take five courses in a specific discipline to develop a deeper level of expertise. The School of Business offers four different concentration options: Accounting, Finance, Management and Marketing. All business and accounting majors are required to complete one internship experience of at least 160 hours. While completing the internship, students take a course for credit that helps them develop their career management skills.

POLICIES

For students earning a major in Business, a minimum of 18 credits in Business courses numbered 300 or above must be earned at Edgewood College. Students earning a major in Accounting, a minimum of 18 credits in Accounting courses numbered 300 or above must be earned at Edgewood College. For students earning a minor, a minimum of 6 credits in Business courses numbered 300 or above must be earned at Edgewood College.

Once enrolled at Edgewood College, all coursework to be applied to a major or minor must be taken at Edgewood College. Exceptions to this rule will occur only in extreme circumstances and require prior written permission of both the student's academic advisor and the Dean of the School of Business. During their junior year, students must complete the Declaration of Major form with assistance from their advisor and submit it to the Registrar's Office.

Specific courses have prerequisites that must be satisfied prior to enrollment. See course descriptions for more details.

PREREQUISITES FOR ADMISSION TO THE BACHELOR OF SCIENCE IN BUSINESS OR BACHELOR OF SCIENCE IN ACCOUNTING PROGRAMS

Admission to the School of Business requires a minimum GPA of 2.0 and a grade of "C" or better in each of the following courses:

- COMMS 100, Introduction to Communication
- PHIL 101, Logic: Practice of Critical Thinking
- ENG 110, College Writing
- ECON 240, Principles of Economics
- MATH 121, Finite Math
- MATH 122, Statistics

- BUS 349, Integrated Business Semester 2, Part B

SCHOOL OF BUSINESS- TRADITIONAL UNDERGRADUATE PROGRAMS

In addition to the courses listed above, students must demonstrate Excel competencies by passing an exam administered by the School of Business. Note: Students may consider taking CS 150 Computing and Business Application as a mean of preparing for the competency exam.

Students must complete an application process prior to being formally admitted to the School of Business and to be eligible to complete the Business or Accounting majors.

ACCOUNTING MAJOR (BS PROGRAM)

Students who choose to major in Accounting have two options: a four-year Bachelor of Science degree OR a five-year combined Bachelor and Master degree. Students should discuss the options and course scheduling with their advisor. Most accounting courses are offered only once each year. Planning for the completion of these courses is especially important.

Four-Year Program

Students will complete a minimum of 120 credits, including 24 credits of accounting. They will still need a minimum of 30 additional credits to sit for the Certified Public Accounting (CPA) exam.

Five-Year Program

Students will apply to the Master of Science in Accountancy program during their senior year of their undergraduate program. In their senior year, they will complete the requirements for their Bachelor's degree in Accounting and take up to nine credits of graduate coursework. In their fifth year, they will complete the requirements of the Master of Accountancy degree, and fulfill the 150 credits needed to sit for the CPA exam.

POLICIES

A minimum of 18 credits in Business numbered 300 or above must be earned at Edgewood College. This rule is designed to assure that at least one-half of the credits applied to an Edgewood College Business Major be obtained through actual Edgewood College RBUS coursework. Once admitted to the RAAD program, all Business courses must be completed at Edgewood College.

For the purpose of this residency, credit by examination and credit through prior learning portfolios are counted as Edgewood College credits as long as no less than 32 credits in a student's entire program are taken directly through Edgewood College courses. This applies to residency and not to the 18 credit rule. Exceptions to this rule will occur only in extreme circumstances and require prior written permission of both the student's academic advisor and the Dean of the School of Business.

A student will be required to complete a Major Area Test in Business during his or her final semester. This examination is for program assessment purposes and scores will not be used to determine eligibility for graduation. Students must complete RENG 151 as well as 40 credits of coursework before enrolling for business courses numbered 300 or above.

Junior and senior undergraduates may qualify to take a graduate course, although special permission is required. Graduate courses are courses numbered at or above the 500-level.

ACCREDITATION

The Master of Business Administration is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

ADMISSION REQUIREMENTS

Graduate programs in the School of Business at Edgewood College offer exception and varied learning opportunities from faculty and peers alike. Applications are therefore assessed for their potential for academic success, what they bring to the classroom, and their capacity to reflect the quality of an Edgewood College degree.

To be considered for admission, applicants must provide the following to the Graduate and Professional Studies Admissions Office:

1. **Completed graduate application:** <https://www.edgewood.edu/Apply/Graduate.aspx>. The application fee is waived for Edgewood College alumni and veterans.
2. **Official transcripts** from all undergraduate and graduate academic credits received from a United States regionally accredited or equivalent post-secondary institution, with a cumulative grade point average of at least 2.75 on a 4.0 scale, should be sent directly to Edgewood College. The cumulative grade point average is computed on the highest degree held at the time of application to the School of Business.
3. **Two letters of recommendation** from college or university professors, supervisors, and/or professional colleagues who can speak to the applicant's potential for success in the School of Business graduate program selected. Additional guidelines for submitting letters of recommendation may be found on the School of Business website.
4. A **written statement** explaining what the applicant hopes to gain from your participation in the program, what the applicant brings to the program and how specific background experiences of the applicant will aid in their success as a student.
5. A **detailed resume** evidencing at least two years of relevant professional experience.
6. **Graduate Management Admission Test (GMAT)** or **Graduate Record Exam (GRE)** (with the score converted to a comparable GMAT score) score of at least 430.

MASTER OF BUSINESS ADMINISTRATION (MBA PROGRAM)

PROGRAM HIGHLIGHTS

- Small class sizes in a highly interactive and personal classroom setting.
- Eight week concentrated course format.
- Classes taught in the evening.
- Flexible time to degree completion.

PROGRAM PREREQUISITES AND FOUNDATIONS

Many MBA courses have prerequisites and students should not register for courses until they have completed the necessary prerequisites. MBA students admitted with contingent status (see GRADUATE ADMISSIONS) must have their course schedule approved by the School of Business graduate advisor. All courses are three credits unless otherwise indicated.

All program courses are taught under the assumption that students have the necessary background and preparation. General knowledge preparation includes a minimum of college algebra and basic knowledge of Microsoft Word, Excel, PowerPoint and internet searches. Business knowledge preparation includes an understanding of and demonstrated competency in financial accounting, quantitative analysis, business law, macroeconomics and microeconomics. Competency can be demonstrated in multiples way, including completion of undergraduate or foundation courses or CLEP examinations. The program advisor will help prospective students explore these options.

SCHOOL OF BUSINESS- GRADUATE PROGRAMS

MASTER OF SCIENCE IN ACCOUNTANCY (MS PROGRAM)

The MS Accountancy program is geared toward knowledge-seeking learners who aspire to develop the specialty skills required to pursue a career in the accounting field. The accounting field is dynamically changing, driven by a variety of factors such as increased regulation, the complexity and competitiveness of the business climate and the move toward a global economy. Expertise in this field can provide the foundation for students to become CPAs in public accounting firms, to pursue a career in corporate management accounting, to work in government or not-for-profit sectors, or to succeed as an entrepreneur.

The MS Accountancy program is a rigorous and thorough, experienced-based curriculum integrating critical thinking, real-world experience, and values-based management. Coursework is grounded in an ethical value system which will serve students throughout their careers and personal lives and provide a foundation for ethical leadership. The curriculum not only helps prepare students for the CPA exam, it lays the groundwork required for leadership roles beyond the initial accounting position. Because the MS Accountancy degree is an opportunity for students to gain specialized accounting skills, specific course prerequisites are required prior to entering the program. Most candidates with accounting degrees will have met the prerequisites before entering the 30 credit graduate program.

PROGRAM HIGHLIGHTS

- CPA Exam Foundation- by completing the program, students will have earned the prerequisite 150 credits necessary to sit for the CPA exam.
- Designed for working professionals, the MS Accountancy program allows students to advance their business education without interrupting their careers. Classes (including prerequisites) are held in the evening year-round, allowing students to enter the program in the Spring, Summer or Fall sessions and take up to five classes per semester.
- Accounting Club, this student-led organization serves to expand the experiences of accounting majors outside the classroom. Accounting Club events include speaker meetings, field trips to regional firms in both public and private practice, networking events with professional organizations such as the IMA and with local firms in a career fair format.
- Internship Opportunities- the School of Business network with firms in the area gives students unparalleled access to relevant internship opportunities.

PROGRAM PREREQUISITES

Students are required to complete a bachelor's degree in any field from an accredited college or university and complete the following courses at a 4-year regionally accredited institution prior to enrolling in the program:

- Intermediate Accounting I
- Intermediate Accounting II
- Tax I

Students will also need to prove proficiency in computer spreadsheets.

DEGREE AND PROGRAM REQUIREMENTS

MS Accountancy coursework is divided into two categories: Business and Interdisciplinary Courses, and Accounting Courses. Integrated throughout the courses are topics related to change, innovation, international business, and social responsibility. A total of 30 credits are required for completion of the degree. Electives must be approved by the program advisor.

POLICIES

Transfer of Credit

Up to nine credits of relevant graduate coursework may be transferred to the Edgewood College MS Accountancy program. Transfer of credit must be approved by the School of Business and consideration is subject to the following:

4. A minimum grade of 'B' is required.

SCHOOL OF BUSINESS- GRADUATE PROGRAMS

5. Work must be clearly identified as graduate coursework and must have been completed within three years prior to acceptance into the Edgewood College MSA program.
6. A Request for Transfer of Graduate Business Credit from Another Institution Form must be completed.

For more information about transfer credits, students should consult their advisor.

Requirements for Waiver of Prerequisite Courses

Waiver of prerequisite courses must be approved by the School of Business. Waivers reflect a specific set of requirements and are based on coursework described on certified copies of student transcripts. Waivers are part of the normal admission process. A grade of 'C' or better is required for any course used to satisfy the minimum requirement of a prerequisite course. Students should consult their advisor for more details.

Requirements for Waiver of Core Courses

Up to three credits of relevant graduate coursework may be waived from the Edgewood College MSA program. Waivers of core courses must be approved by the School of Business. Waivers reflect a specific set of requirements and are based on coursework described on certified copies of student transcripts. Waivers are part of the normal admission process. A grade of 'B' or better is required for any course used to satisfy the minimum requirement of a core course. Students should consult their advisor for more details.

Core Course Substitution

Students who have completed significant coursework in the area of a core course not qualifying for a waiver may request to substitute another, usually more advanced, course. For more information, please contact that Graduate Advisor.

Taking Coursework at Edgewood College

All graduate business students are expected to take all coursework at Edgewood College. Deviation from this policy will be allowed only in special circumstances and will require prior written approval from the Dean of the School of Business. Requests for such approval must be submitted in writing with details of coursework involved and reasons for the request. Under no circumstances will an exception to the prior approval portion of this policy be made.

Credit Load

Full-time graduate students carry nine graduate credit hours each semester. Students in the MSA program may carry up to 15 credits per semester without seeking written permission from the School of Business.

MASTER OF BUSINESS ADMINISTRATION AND MASTER OF SCIENCE IN ACCOUNTANCY DUAL DEGREE (MBA/MS PROGRAM)

The dual degree in MBA and MS Accountancy allows four "overlap courses" to be applied simultaneously to each degree program. Double-counting the four courses allows the requirements of each individual degree program to be satisfied.

The four overlap courses are:

BUS 601	Executive Communications
BUS 603	Organizational Behavior and Development
BUS 604	Operations Management
BUS 616	Business Ethics
	OR
IC 800	Ethics

For the purpose of the dual degree, students must choose two elective courses that are not in the accounting area of emphasis in the MBA program.

SCHOOL OF BUSINESS- GRADUATE PROGRAMS

POLICIES

MBA/MSA Degrees

Separate MBA and MSA degrees are conferred and can be conferred at different times. The first degree may be conferred when all the requirements of that degree are satisfied.

Seven Year Rule

The Seven-Year Rule will be interpreted as applying to the coursework used to satisfy the requirements of each degree separately. Thus, if the total time to complete both degrees exceeds 7 years, the timing of the over-lap courses is critical.

Degree Residency Credits

Traditionally, the determination of degree residency credits for a specific degree involves counting Edgewood College credits that apply only to that degree. The dual degree program would require the overlap courses also be double counted to fulfill the individual resident requirements of both the MBA and MSA programs.

MASTER OF SCIENCE IN ORGANIZATION DEVELOPMENT (MS PROGRAM)

PROGRAM DESCRIPTION

The Master of Science in Organization Development (MSOD) will prepare students, through a combination of academic training and practical application, for responsible leadership positions in business, government, human services and other organizational settings. Graduates will be qualified to fill a variety of challenging and rewarding positions concerned with human resources acquisition, retention, management, education and development. Designed for the experienced professional, the MSOD program will give students the skills and knowledge needed to assume leadership roles in the transformation of their organizations. Completion of the MSOD program requires a total of 30 credits and can be accomplished in two years. To accommodate the busy schedules of working professionals, the majority of the coursework will be offered in an online format.

PROGRAM HIGHLIGHTS

- The MSOD Program curriculum is designed to meet the needs of working professionals and provides a flexible part-time schedule. Students can finish in as little as two year, or spread their coursework across multiple semesters to accommodate personal schedules and needs.
- Courses are offered in an accelerated format. There are multiple points of entry into the program throughout the year.
- The majority of the coursework is delivered in an online format. To build community and collaboration among students, there may be face to face meetings throughout the year.
- The MSOD program uses a format limited to small groups of no more than 15 students. Students come from a wide variety of backgrounds and experiences, creating a rich and diverse community of learners who support each other in both intellectual and personal growth.
- Classes are highly interactive with appropriate combinations of presentations, discussions, case studies and group/individual projects. The curriculum is designed with a core of Institutional Interdisciplinary (IC) courses that are integrated across disciplines including business and psychology to cultivate creative, intellectually engaged and ethical problem solvers.

COURSE INFORMATION AND SCHEDULE

The majority of the coursework for the MSOD program will be delivered in an online format. However, there may be opportunities for students to enroll in on-campus sections of courses. Students should speak to their advisor if they have further questions regarding the format of course facilitation.

Previous coursework may meet the prerequisites; advisors will review a student's transcripts to identify which prerequisites have been met.

HEALTH SYSTEMS MANAGEMENT CERTIFICATE

Designed in close collaboration with the School of Nursing at Edgewood College and local healthcare system experts and based on the Commission on Accreditation of Healthcare Management Education (CAHME) competency criteria, the Health Systems Management Certificate prepares future executives to make a meaningful difference in a wide range of healthcare delivery and financing organization. In addition to administrative managers, the program is well suited for physicians, pharmacists and other clinicians, lawyers and accounting professionals serving health system clients. To earn the Health Systems Management Graduate Certificate, students will complete at least 15 credits from the courses listed below. With the permission of the Graduate Advisor and Dean of the School, the student may request a course substitution from the list below or from general MBA courses. Graduate Certificate credits may be applied toward the MBA in Health Systems Leadership if you decide later to pursue that degree.

Required Courses:

BUS 775	Managerial Health Economics
BUS 784	Health Finance
BUS 785	Health Policy and Law

SCHOOL OF EDUCATION

The entire School of Education portion of this Catalog has been changed since the publication date. Please refer to the School of Education Addendum located [here](#) for the most up to date and accurate program information.

**SCHOOL OF
INTEGRATIVE STUDIES**

The School of Integrative Studies (SoIS) is home to many of Edgewood College's interdisciplinary, experiential and community-based academic programs. In all its programs, SoIS seeks to develop creative, intellectually-engaged, and ethical problem solvers through inquiry and action for social justice and the public good. Considering issues from multiple perspectives, learning to thrive in cross-cultural contexts, and linking ideas and action to important issues facing our world today are among the experiences and skills that students can expect from SoIS programs. The School of Integrative Studies offers a variety of programs aimed at providing relevant and rigorous academic experiences for students.

Currently, SoIS offers majors and minors in five different undergraduate areas: Environmental Studies, Ethnic Studies, Global Studies, Latin American Studies and Women's and Gender Studies. In addition to these options for students, a number of other SoIS programs exist that enrich students' education. The COR Program (a component of the General Education Curriculum), the Honors Program, Study Abroad, student research opportunities, a number of civic leadership programs, the Writing Center, and institutional courses (IC), all represent pathways that students choose to deepen and personalize their college education.

Employers and experts agree- success in the future will require the ability to integrate and synthesize ideas from different perspectives; to identify and clarify real problems and questions; and to engage with and appreciate differences among others. Majors, minor, and experiences in SoIS programs offer students numerous opportunities to develop and apply those abilities essential to meaningful personal and professional lives: critical thinking, ethical reasoning, problem-solving, interdisciplinary analysis, communication, reflective practice, and leadership and community engagement.

ENVIRONMENTAL STUDIES

Part of the School of Integrative Studies, the Environmental Studies Program offers a minor that complements many of the majors on campus. Students in the program combine coursework from departments across the curriculum with involvement in the local and global community to gain a broad interdisciplinary perspective on environmental issues and the experience necessary to work toward a sustainable future. The minor prepares students for meaningful, collaborative work in areas such as environmental education, research, consulting, policy, writing or activism. An individualized major in Environmental Studies is also available. Students who wish to pursue a minor or individualized major in Environmental Studies should contact the program director. The minor has three components: interdisciplinary course work, service activities and an integrative capstone experience.

ENVIRONMENTAL STUDIES MINOR

A minimum of 20 credits is required, including:

10 credits of required courses:

ENVS/PHIL 110	EPU	Environmental Ethics*
ENVS/BIO 250	EV	Introduction to Environmental Science
ENVS/PS 352	EJ	Environmental Politics

Students may only apply one COR 1 or one COR 2 course to their elective credit requirement.

10 credits from the following electives:

BIO 102	1E	Food: You Are What You Eat*
BIO/GEOS/NATS 292		Biology Excursions*
BUS 455		Organizational Sustainability and Innovation*
ENG 250	CEX	Wilderness & Literature of the American West*

NATS 109	ES	More Real World Science*

**course has prerequisites*

Additional elective courses from future or current course offerings, transfer credits from other institutions, or credit for independent study may be approved by the Environmental Studies Steering Committee for inclusion in the coursework required to complete the minor. Courses in which a student receives a grade below 'CD' will not be accepted toward the minor.

SERVICE ACTIVITIES

All students in the minor are required to participate in at least three campus or local service activities related to environmental studies. Service activities must be approved by a student's minor advisor.

CAPSTONE EXPERIENCE

The program's core courses encourage interdisciplinary perspectives and approaches to problem solving. Toward the end of their program, usually in their final year, students integrate and apply their coursework in a capstone experience. Capstone experiences must be approved by the Environmental Studies Steering Committee and may be fulfilled in one of the following three ways:

- COR III courses or projects with an environmental focus
- Senior seminar projects with an emphasis on environmental studies
- Capstone projects associated with independent research, field courses or study abroad

ETHNIC STUDIES

Ethnic Studies at Edgewood College integrates multiple perspectives and disciplines to study the historical and contemporary experiences of African American, Latino American, Asian and Pacific American, and Native American peoples and other historically marginalized racial and ethnic groups in the United States within a global and postcolonial context. Our curriculum promotes critical thinking, creative analysis, and civic engagement by examining issues of race and ethnicity as they intersect with class, gender, sexuality, religion, and nation. Combining academic excellence with a commitment to social justice, our interdisciplinary undergraduate major and minor prepare students for ethical leadership and personal fulfillment in an increasingly multicultural, transnational, and globalized society.

The program offers a number of courses that fulfill both Multicultural Perspectives and many other General Education requirements. Ethnic Studies courses also complement many majors in the humanities and arts, social sciences, and education, such as English, History, Religious Studies, Art, Communication Studies, Sociology, Psychology, and various Education or Teaching majors. It is often possible to pair an Ethnic Studies major with a more traditional major or minor represented in the program.

A background in Ethnic Studies provides a strong foundation for a career in the fields of diversity and inclusion, education, law, health care services, business, advertising and marketing, advocacy, journalism, community organizing, social services, psychology, counseling, and a wide variety of civil service positions in all levels of government, as well as graduate study in a number of disciplines.

The program is administered by the Center for Multicultural Education in the School of Integrative Studies.

THE GOALS OF THE PROGRAM ARE FOR STUDENTS TO:

- Develop knowledge and understanding of the historically marginalized racial and ethnic groups in the U.S. in their historical and cultural contexts, and their contributions to society
- Articulate the ways in which racial categories and racialized experiences shape U.S. social life
- Critically examine the intersections of race and ethnicity with class, gender, sexuality, religion, and nation in identity constructions
- Understand and apply different conceptual approaches to race and ethnicity, including historical, literary, cultural, sociological, and other approaches
- Integrate academic inquiry and civic engagement, and reflect on one's own role in building just, compassionate communities
- Develop multicultural competence for lifelong learning

ETHNIC STUDIES MAJOR (BA PROGRAM OR BS PROGRAM)

A minimum of 40 credits are required and must include:

Required Courses:

ETHS 201	DJ	Introduction to Ethnic Studies (4 cr.)
ETHS 390	KU	Theories and Methods in Ethnic Studies (4 cr.)*

GLOBAL STUDIES

The Global Studies minor is an interdisciplinary program that analyzes global issues and cultures, societies, histories, and political and economic systems in a comparative global context. It is designed to enhance students' understanding of diverse cultures, global issues, and other languages. It seeks to prepare students to live in and contribute to the complex, interconnected world of the 21st century by providing them with the knowledge, skills, and attitudes to understand and serve others. To meet this objective, the minor will integrate language competency and global/intercultural studies to give students the tools they need to become engaged citizens in the local/national/global communities they enter after graduation. This minor adds an international perspective to any major.

INDIVIDUALIZED STUDIES

Because some students are interested in academic areas for which the College does not have a major or minor, Edgewood College offers a process for students to design their own academic program. SoIS coordinates this process for students.

The Individualized Major and Minor program offers students the opportunity to create an academic program plan around their own academic interests and goals. Students use the Individualized Program to develop integrative majors or minors that Edgewood College does not offer, or they use the program to add a specialized, integrative minor to a current major. Students interested in this opportunity should contact the Dean of the School of Integrative Studies for more information.

THE PROCESS FOR DEVELOPING A MAJOR OR MINOR

1. Students contemplating an Individualized Major/Minor should start by organizing their ideas and reviewing the Edgewood College catalog for course descriptions that match their interests. Courses transferred from other colleges may be used, as well, so students should also gather information on transferable courses that might match their interests.
2. If a student is considering an Individualized Major/Minor they should talk with their current academic advisor about their interests.
3. Once a student has an idea for the scope of the Major/Minor, they should contact the Dean of the School of Integrative Studies (SoIS) to share their ideas and gather information about the individualized major/minor process.
4. In most cases, the Dean of SoIS will refer students to an appropriate faculty member, someone who has expertise in the field under consideration and who can help develop the Major/Minor and serve as a student's advisor.
5. Students should then meet with their Individualized Major/Minor advisor to begin working on their proposal. Students and their advisors will need to do the following:
 - a. review catalogs from institutions who offer a major/minor similar to the one the student is interested in to see what kinds of courses may be used to fulfill requirements at the lower and upper levels
 - b. determine if courses will need to be taken at another institution, e.g., UW or Madison College
 - c. consider if some courses will need to be fulfilled through Independent Study
 - d. determine what courses will be taken and when by mapping out a degree plan (see course planning sheets)
 - e. consider how the major/minor will achieve coherence and academic rigor
6. Students will then prepare an application using the Individualized Major/Minor forms (coversheet, narrative, maps, and transcripts). The proposal should be submitted to the Dean of SoIS, who will then distribute it to the Review Team. Accompanying the student's proposal should be an Advisor's letter of recommendation for the student, which will address the reasoning behind the application and how the major or minor supports the student's learning goals.

After the proposal has been submitted, a meeting will be scheduled at which the student and her/his advisor will present the proposal to Review Team, who will forward their recommendation to the Undergraduate Curriculum Committee.

LATIN AMERICAN STUDIES

The Latin American Studies minor offers students the opportunity for an interdisciplinary study of the social, cultural, political and economic traditions and contemporary realities of Latin American countries and people. It draws on faculty expertise from disciplines like art, biology, economics, nursing, political science, religious studies, music, sociology and Spanish language and culture. Students will develop a broad knowledge through courses offered in several disciplines or programs, as well as language training. The minor is appropriate for students in any major who want a complementary concentration in the region. It provides excellent preparation for professional careers, graduate studies and personal enrichment.

LATIN AMERICAN STUDIES MINOR

Language Requirement:

Students will need to complete four credits of intermediate Spanish/Portuguese language study. This can be fulfilled by Spanish 202, Fourth Semester Spanish, or proof of equivalent proficiency. Since Edgewood College doesn't offer courses in Portuguese, students must transfer in a fourth semester college course or show equivalency proficiency. Students also pursuing a Spanish major or minor need to complete one 300-level language course.

Required Course:

WOMEN'S AND GENDER STUDIES

The Women's and Gender Studies minor is administered by the School of Integrative Studies.

Women's and Gender Studies is an interdisciplinary program developed to study the history, experiences, and contributions of women to various fields of learning, feminist theoretical perspectives, and the critical role of gender in human life. The Women's and Gender Studies minor is both interdisciplinary and integrative, engaging students, faculty and staff through coursework, community-based learning, and campus-wide programming. Each March, the program offers a range of programming and activities in celebration of Women's History Month. In addition, the Women's and Gender Studies minor promotes various year-round, co-curricular initiatives, sometimes in conjunction with other departments and programs.

Women's and Gender Studies offers a minor consisting of designated courses in several departments and within the program.

The program enables students to demonstrate knowledge of:

1. Roles, contributions, experiences and perspectives of diverse women.
2. Theories of gender and ways that gender shapes human experience.
3. Ways in which race, class, ethnicity, sexual orientation and other social positions affect how gender is experienced.

WOMEN'S AND GENDER STUDIES MINOR

The minor consists of 20 credits, to include:

1. WS 204A or WS 204B, Introduction to Women's and Gender Studies.
2. WS 480, Senior Seminar.
3. Twelve additional credits selection in consultation with an advisor.

SUSTAINABILITY LEADERSHIP

MASTER OF ARTS IN SUSTAINABILITY LEADERSHIP

MISSION

The Sustainability Leadership graduate program aims to serve as a collaborative innovation center for those who recognize the urgent call to create abundant, healthy and prosperous communities. We provide participants with the skills and resources they need to address real-world issues related to their personal and professional goals as they become change agents for sustainability at the local and global levels. We seek to create a community of individuals with diverse interests and backgrounds and a shared passion for creating positive change.

This program responds to the observation that the present human course is not sustainable ecologically or economically, is often unjust and threatens to seriously compromise the livelihood of future generations. Because all economic wealth ultimately derives from nature (natural capital), impairing the integrity of natural systems necessarily results in long term debt that will be absorbed by future generations in terms of quality of life. Failures in our ecological and social accounting systems mean in fact, that even the needs of large segments in our current generation are not being adequately met.

Repairing damage done to natural and social systems, rebuilding natural capital and strengthening social capital calls for relationships with people and nature based on values of restoration, resilience, and regeneration. It calls for us to design all engineered systems (social systems as well as manufactured products, buildings and landscapes) to work co-creatively and in partnership with natural systems and with each other.

Students completing the Sustainability Leadership Master of Arts program should be able to:

1. Successfully implement, evaluate and document a Capstone Project that addresses a sustainability problem, generates positive impact, and demonstrates knowledge and skills in sustainability leadership as outlined below.
2. Apply key concepts, perspectives, and tools provided by various sustainability frameworks/models (e.g. systems thinking, happiness and well-being, inclusion, collective impact, permaculture, environmental justice, ecological design, ecological accounting, resilience, abundance models and social innovation), effectively evaluate the usefulness of different frameworks/models for particular situation, and apply appropriate frameworks/models in the Capstone Project.
3. Appreciate the wide range of leadership roles critical to organizational change, and demonstrate successful leadership in one or more of those roles.
4. Demonstrate the ability to generate support for change in organizations and communities through the effective use of strong communication skills and participatory processes.
5. Tap into key resources available in the community to advance sustainability goals.
6. Effectively utilize project management skills, such as establishing project goals and indicators of success.
7. Broaden their own network and connection with others working on sustainable change.

ADMISSIONS REQUIREMENTS

Admission to the Masters of Art in Sustainability Leadership program is determined by assessment of the candidate's academic qualifications, work experience, and interest in the field.

1. Complete and submit graduate application and fee to the Graduate and Professional Studies Admissions.
2. Submit official transcripts for all undergraduate and graduate academic credits received from United States, regionally accredited or equivalent post-secondary institutions.
3. Each applicant must participate in an interview conducted by the Program Director of the Sustainability Leadership Program. This interview may be done in person or over the telephone. The Program Director will contact each applicant to arrange an interview appointment. At the Director's discretion, this interview may occur before the completed application is received.
4. Submit a 2-3 page essay answering two questions: What do you bring to the Sustainability Leadership program? What do you hope to learn from it? Students can write and submit their essay online or as an attachment in an email. Completed essays can be emailed to gps@edgewood.edu. Students should include their full name, email address and telephone number.

GRADUATE CERTIFICATE IN SUSTAINABILITY LEADERSHIP

MISSION

The Sustainability Leadership graduate certificate program serves those who recognize the urgent call to create a more ecologically, economically and socially sustainable culture.

Sustainability Leadership students develop the transformative ethical leadership skills needed to positively change yourself, your workplace and your community. Students gain practical knowledge in sustainability frameworks and metrics, ecological design, inclusive process and change management, and apply it toward the regeneration of nature's capacity for providing health and prosperity. The Sustainability Leadership curriculum is project-based. Students address real-world issues related to their interests and professional goals.

PROGRAM OVERVIEW

- Interdisciplinary, real-world approach framed by three aspects of sustainability, ecological resilience, social justice and economic vitality.
- A 12-credit, cohort-based program that brings together students from a variety of backgrounds and experiences to create a rich and diverse community of learners.
- Classes scheduled to accommodate working professionals and designed to meet the needs of adult learners.
- Unique structure including an initial 8 day, living/learning immersion experience, group projects, bimonthly Saturday classes during the academic year, and an individual, integrative sustainability project for your organization or community.
- Courses led by highly qualified Edgewood College faculty and key community partners.
- Developed and implemented in collaboration with partners who share a commitment to a more sustainable community, including MGE, Sustain Dane, Wisconsin Environmental Initiative, Madison Metropolitan School District, REAP Food Group and many others.

ADMISSIONS REQUIREMENTS

Admission to the Sustainability Leadership graduate certificate program is determined by an assessment of the candidate's academic qualifications, work experience and interest in the field.

1. Complete and submit graduate application and fee to the Graduate and Professional Studies Admissions.
2. Submit official transcripts for all undergraduate and graduate academic credits received from United States, regionally accredited or equivalent post-secondary institutions.
3. Each applicant must participate in an interview conducted by the Program Director of the Sustainability Leadership Program. This interview may be done in person or over the telephone. The Program Director will contact each applicant to arrange an interview appointment. At the Director's discretion, this interview may occur before the completed application is received.
4. Submit a 2-3 page essay answering two questions: What do you bring to the Sustainability Leadership program? What do you hope to take from it? Students can write and submit their essay online as part of the application. .

SUSTAINABILITY LEADERSHIP

5. Submit at least one letter of recommendation from a college or university professor, supervisor, and/or professional colleague who can speak to the applicant's potential for success in the Sustainability Leadership program.

FINANCIAL ASSISTANCE

A limited number of scholarships are available for select educators, employees of non-profit organizations and others engaged in community service. Separate scholarship application materials are required. Please contact Stephan Gilchrist at sgilchrist@edgewood.edu or 608.663.6691 for further information.

**HENRY PREDOLIN
SCHOOL OF NURSING**

The Henry Predolin School of Nursing is accredited by the Commission on Collegiate Nursing Education (CCNE) and approved by the Wisconsin Board of Nursing. The School of Nursing at Edgewood College offers a variety of programs ranging from a Bachelor of Science degree that prepares individuals for entrance into the nursing profession, to a terminal degree (DNP) designed for current nursing leaders. The following degrees and certificates are offered by the School of Nursing:

UNDERGRADUATE PROGRAMS

Traditional Bachelor of Science in Nursing (BS)

12-Month Post-Baccalaureate Bachelor of Science in Nursing (BS)

GRADUATE PROGRAMS

Master of Science in Nursing (MSN) - Nursing Administration Concentration

Master of Science in Nursing (MSN) - Nursing Education Concentration

Master of Science in Nursing (MSN) and Master of Business Administration (MBA) Dual Degree

Post-Master's Graduate Nursing Certificate - Nursing Administration Concentration

Post-Master's Graduate Nursing Certificate - Nursing Education Concentration

Master of Science in Marriage and Family Therapy

DOCTORAL PROGRAM

Doctor of Nursing Practice in Leadership (DNP)

HENRY PREDOLIN SCHOOL OF NURSING MISSION STATEMENT

The Henry Predolin School of Nursing reflects the Mission of Edgewood College by locating professional nursing education within the context of a Catholic, liberal arts setting in the Dominican tradition. Nursing is a profession built on knowledge from nursing theory, research and practice, the humanities, and the natural and behavioral sciences. Students are educated in a dynamic interactive environment to be knowledgeable, accountable, responsible, ethical and culturally sensitive graduates who will become leaders in a changing and diverse healthcare environment.

HENRY PREDOLIN SCHOOL OF NURSING

UNDERGRADUATE PROGRAMS

TRADITIONAL BACHELOR OF SCIENCE IN NURSING

The School of Nursing offers an undergraduate major leading to the BS degree. There are 128 credits required for graduation, of which 53 are in the Nursing major.

PREREQUISITES FOR ADMISSION

Admission to the Traditional BS program requires a GPA of 2.75 in all courses that satisfy Edgewood College degree requirements and at least a 2.75 GPA in all required math and science courses. Required math and science courses must have been taken within 5 years of admission to the first nursing course for credit in the nursing major, unless they were part of a degree earned within the past 5 years. A grade of "C" or better is necessary in each required science and math course.

Students are admitted to the Traditional BS program in both Fall and Spring semesters. Students anticipating admission to the Traditional BS program for the Spring semester must complete their application between August 15 and October 1. Students anticipating admission to the Traditional BS program for the Fall semester must complete their application between November 15 and February 1. Candidates for admission are required to submit applications through the Nursing Centralized Application Services (NursingCAS) at <http://nursingcas.org/>. Students must submit all official transcripts and reference information to NursingCAS directly.

Applicants must have either completed or be in the process of completing at least 45 college credits in the semester they apply to the Traditional BS program.

These 45 credits must include the following courses (or their transfer equivalent):

- ENG 110 College Writing
- MATH 121 Statistics
- Two semesters of college-level foreign language or two years of high school foreign language (evaluated by the Registrar's Office)
- PSY 101 General Psychology
- Four of the following science courses (or their transfer equivalent):
 - CHEM 110 Introductory Chemistry (must be completed at the time of application)
 - BIO 155 Human Cell Biology and Genetics (must be completed or in progress at the time of application)
 - BIO 210 Anatomy & Physiology I (must be completed or in progress at the time of application)
 - BIO 211 Anatomy & Physiology II (may be completed first term of program if microbiology was completed prior to program start)
 - BIO 312 Microbiology, including the lab component (may be completed first term of program if Anatomy and Physiology II was completed prior to program start)

Students who possess a baccalaureate degree in another field from a regionally-accredited institution are considered to have fulfilled all of Edgewood College's General Education requirements, except foreign language, religious studies, COR 2, and COR 3. Post-baccalaureate students entering the Traditional BS program must meet all of the School of Nursing requirements for support courses in the major.

POLICIES FOR ADMISSION

Students apply for full admission to the School of Nursing's Traditional BS program following the completion of certain prerequisite courses. Admission to the College does not imply or guarantee admission to the Traditional BS program.

The Nursing Admission Committee will review student records after applications are received. The Committee will admit the most qualified students based on cumulative GPA, science/math GPA, previous academic records, credits completed at Edgewood College, and the strength of supplemental admission criteria (faculty interviews/entrance exams/written statements).

Students may be disqualified from entering the Traditional BS program if their cumulative or science/math GPA drops below the required minimum in the semester before admission.

All students who are admitted to the Traditional BS program must have successfully completed a certified nursing assistant (CNA) course, passed the certification examination, and hold a current CNA license in order to begin nursing courses. Students must also hold CPR/AED certification, first aid certification, complete a Certified Background Check, and meet health requirements prior to beginning nursing courses.

HENRY PREDOLIN SCHOOL OF NURSING

UNDERGRADUATE PROGRAMS

Admission to the Traditional BS program is competitive; even students who meet the minimum requirements may not be admitted. Because of enrollment limits in the major, the School of Nursing may deny admission to qualified students.

Applicants who are not admitted may reapply in a subsequent semester or pursue a major in another field of study. Students who have applied in the past are not given special consideration and their records will be reviewed as a member of the current applicant pool.

ADMISSION TO THE TRADITIONAL BS PROGRAM IN NURSING FOR STUDENTS ADMITTED TO EDGEWOOD COLLEGE AS FRESHMEN

Students who are admitted as freshman nursing majors will be given priority for full admission to the Traditional BS program if they meet the following criteria:

- Maintain at least a 2.75 GPA in college courses
- Maintain at least a 2.75 GPA in required math and science courses. A minimum grade of “C” is required in all requisite Math and Science courses
- Complete Certified Nursing Assistant requirements
- Apply for full admission to the Traditional BS program the semester before they are eligible to begin nursing studies. Students are admitted to the Traditional BS program in both Fall and Spring semesters. Students anticipating admission to the Traditional BS program for the Spring semester must complete their application between August 15 and October 1. Students anticipating admission to the Traditional BS program for the Fall semester must complete their application between November 15 and February 1. Candidates for admission are required to submit applications through the Nursing Centralized Application Services (NursingCAS) at <http://nursingcas.org/>. Students must submit all official transcripts and reference information to NursingCAS directly.

ADMISSION TO THE TRADITIONAL BS PROGRAM IN NURSING FOR STUDENTS ADMITTED TO EDGEWOOD COLLEGE AS TRANSFER STUDENTS

Students apply for full admission to the Traditional BS program the semester before they intend to begin nursing studies. Students are admitted to the Traditional BS program in both Fall and Spring semesters. Students anticipating admission to the Traditional BS program for the Spring semester must complete their application between August 15 and October 1. Students anticipating admission to the Traditional BS program for the Fall semester must complete their application between November 15 and February 1. Candidates for admission are required to submit applications through the Nursing Centralized Application Services (NursingCAS) at <http://nursingcas.org/>. Students must submit all official college transcripts and reference information to NursingCAS directly. Admitted transfer students must submit high school transcripts to Edgewood College Admissions in order to register for courses.

PROGRESSION IN THE TRADITIONAL BS PROGRAM

In order to progress in the Traditional BS program, students must maintain an academic cumulative GPA of 2.5, a cumulative GPA of 2.5 in all nursing courses, and a cumulative GPA of 2.5 in the required science and math courses. A grade of “C” or better is required in each nursing, math, and science course. A grade of “Pass” in each clinical course is required for progression into the next nursing course. If these requirements are not met, the student is not eligible to progress in the Traditional BS program.

Current CPR/AED certification, first aid certification, physical exam, and health data are required before entering any clinical course. Students are responsible for their own transportation to clinical sites. See the Nursing Student Handbook for specific health requirements.

The School of Nursing and all clinical agencies under contract to the School require that every student and faculty member have a background check completed by the Criminal Justice Department of Wisconsin. Background Information Disclosure forms must be completed by students before entry into the Traditional BS program. Students are responsible for notifying the School of Nursing of any criminal charges or convictions that occur while they are progressing through the Traditional BS program. Students who have been convicted of certain types of offenses may not be able to participate in clinical placements and therefore will not be eligible to earn a degree in nursing. It is also possible that a student may not be eligible for licensure by the State of Wisconsin or another state licensing authority if certain types of criminal offenses are identified in the background check.

Random alcohol and drug checks may be done in clinical agencies at the discretion of the faculty members throughout the duration of a student’s clinical experiences.

POLICIES FOR REPEATING COURSES

In accordance with College policy, a student may choose to repeat a course taken at Edgewood College to improve a poor or failing grade. Most courses cannot be repeated for additional credit. Only the most recent attempt at the course will be included in the GPA calculation, even if the most recent attempt at a course results in a lower grade. The credits for a course are earned only once, provided

HENRY PREDOLIN SCHOOL OF NURSING

UNDERGRADUATE PROGRAMS

at least one of the attempts results in a passing grade. All repeated courses and their grades will appear on the transcript in the terms they were taken and repeated courses will be noted as “R” (Repeated).

A cumulative GPA of 2.75 and 2.75 GPA in all required science and math courses are required for admission. A 2.5 in both nursing and science/math GPA categories is required for progression in the Traditional BS program.

In accordance with College policy, if a student repeats a course at Edgewood College that was previously accepted for credit at the time of transfer, the transferred credits are removed from the student’s record. The repeated course grade is used to compute the GPA for the Traditional BS program. A course required for the Traditional BS program may be repeated only once for GPA calculation in the nursing GPA.

Individuals may appeal to the School of Nursing any decisions affecting their progression in the Traditional BS program.

ASSESSMENT

The School of Nursing participates in an assessment process that compares Edgewood College nursing students with other nursing students across the country using a standardized exam. The computerized examinations, completed at regular intervals throughout the curriculum, provide benchmarks for student performance in critical thinking, nursing process, and therapeutic communication. The results are useful in preparing students to take the national licensing examination after graduation. An additional fee for the assessments is added to the tuition bill for each nursing theory course. Student abilities in meeting other program objectives are evaluated throughout the program of study.

GOALS FOR THE NURSING MAJOR

Upon completion of the program, graduates will:

- Integrate the liberal arts into the practice of nursing.
- Apply skills in leadership, quality improvement, and patient safety to provide high quality health care in a systems environment.
- Translate current evidence into the practice of nursing.
- Demonstrate knowledge and skills in information management and patient care technology.
- Integrate knowledge of health care policies, including financial and regulatory influences, on the health care system as they relate to quality care.
- Perform communication and collaboration skills consistent with professional standards when working in inter-professional settings to improve health services.
- Assimilate health promotion and disease prevention strategies at the individual and population level.
- Integrate professional standards or moral, ethical, and legal conduct in nursing practice.
- Formulate a personal professional practice model that addresses accountability, continuous professional engagement, and lifelong learning.
- Demonstrate knowledge and skills in the care of patients, including individuals, families, groups, communities, and populations across the lifespan and across the continuum of health care environments.

UNDERGRADUATE PROGRAMS

12-MONTH POST-BACCALAUREATE BS IN NURSING PROGRAM

The School of Nursing offers a 55-credit post-baccalaureate program leading to a Bachelor's of Science degree.

PREREQUISITES FOR ADMISSION

Admission to the 12-Month Post-Baccalaureate BS program requires an earned bachelor's degree from an accredited institution as well as a cumulative GPA of at least 2.75 in all college-level coursework and at least a 2.75 in all required science and math courses. Required science and math courses must have been taken within 5 years of admission to the 12-Month Post-Baccalaureate BS program unless they were part of a degree earned within the past 5 years. A grade of "C" or better is necessary in each required science and math course.

Students are admitted to the 12-Month Post-Baccalaureate BS program using a rolling admissions format. Eligible applicants successfully applying by January 15 are ensured consideration for admission. Any applications received after January 15 will be considered on a space-availability basis. If space permits after the January 15 deadline, eligible applicants will be reviewed in a timely manner (typically notified of admission decision within one month of the School of Nursing receiving the completed application). Any applications received after June 15 will be considered for the following year's program.

Admission to the 12-Month Post-Baccalaureate BS program is competitive; even students who meet the minimum requirements may not be admitted. Because of enrollment limits in the major, the School of Nursing may deny admission to qualified students.

Candidates for admission are required to submit applications through the Nursing Centralized Application Service (NursingCAS) as <http://nursingcas.org/>. Students must submit all official transcripts and reference information to NursingCAS directly.

In addition to holding a bachelor's degree, applicants must have either completed or be currently enrolled in the following courses (or transfer equivalents) at the time of application:

- MATH 121 Statistics
- PSY 101 General Psychology
- PSY 345 Lifespan Psychology
- A Religious Studies course that fulfills Edgewood College degree requirements (or must be fulfilled as part of the program)
- Two semesters of college-level foreign language (or two years of high school foreign language with a "C" average)
- The following courses (or transfer equivalent):
 - 5 or more credits of college-level, lab-based Chemistry
 - BIO 210 Anatomy and Physiology I
 - BIO 211 Anatomy and Physiology II
 - BIO 312 Microbiology, including lab component
 - BIO 410 Pathology (or must be fulfilled as part of the program)

POLICIES FOR ADMISSION TO THE 12-MONTH POST-BACCALAUREATE BS IN NURSING PROGRAM

The Nursing Admission Committee will review student records after applications are received. The Committee will admit the most qualified students based on cumulative GPA, science/math GPA, previous academic records, credits completed at Edgewood College, and the strength of supplemental admission criteria (faculty interviews/entrance exams/written statements).

GRADUATE PROGRAMS

MASTER OF SCIENCE IN NURSING PROGRAM

The Master of Science in Nursing is a 36-credit program designed to develop nurses into leaders with advanced knowledge, humanistic values, and the ability to contribute to the changing, diverse healthcare environment. Advanced practice roles in nursing require further enhancement of critical thinking and decision making skills as theory is translated into practice. This program provides individuals with the opportunity to pursue professional development within a scholarly environment.

Two concentrations are offered within the MS-Nursing degree: Administration or Education.

The MSN Administration concentration is designed for individuals who are, or are planning on becoming middle to executive level nurse leaders. Courses focus on health care policy, nursing delivery systems, resource management, and program evaluation. Complementary business and interdisciplinary courses provide the administrative foundation and opportunities for collaboration with students from other disciplines.

The MSN Education concentration is designed for nursing professionals who want to be better prepared to teach clients, staff and students. It provides students with additional preparation in educational principles and theory to support in their teaching roles. Courses focus on areas such as planning education programs or courses, teaching strategies and interpersonal competency in communication with others.

POLICIES FOR ADMISSION

Applicants seeking admission to the School of Nursing MSN program must fulfill the graduate program admission requirements, with the following additional stipulations:

1. Provide evidence of a baccalaureate or more advanced degree from a nursing program accredited by a national nursing accreditation body with a cumulative grade point average of at least 3.0 on a 4.0 scale for regular admission status. (The cumulative grade point average is computed on the highest degree held at the time of application to the Edgewood College graduate program.)
2. Complete and submit graduate application to the Graduate and Professional Studies Admissions Office.
3. Request official transcripts for all undergraduate and graduate academic credits be sent directly to the Graduate and Professional Studies Admissions Office.
4. Provide two letters of recommendation from nursing supervisors and/or colleagues who can focus on your qualifications for success in graduate school.
5. Completion of undergraduate course in statistics within the past three years. (If longer, the course must be taken prior to NRS 660.)
6. Submit a written statement of no more than 500 words, addressing your ambition to be admitted specifically into Edgewood College's MSN program. Please also comment on your past educational and professional experiences that will foster your growth and success in this program.
7. Hold a current Wisconsin license as a registered professional nurse.

HEALTH REQUIREMENT

Before entering the Nursing Practicum (NRS 735), students must provide evidence of meeting the health requirements for the agency in which they complete the practicum (NRS 735).

BACKGROUND CHECK

Edgewood College's School of Nursing and all clinical agencies under contract to the School require that every student and faculty member have a background check completed by the Criminal Justice Department of Wisconsin. Students must complete Background Information Disclosure forms before entry into the Nursing Practicum (NRS 735). Background checks are completed at the student's expense.

GRADUATE PROGRAMS

COURSE SCHEDULING

All nursing courses are offered every 12 to 18 months. Business and interdisciplinary courses are typically offered every semester, including the summer session.

Students may be able to complete the program in two or three years by taking two courses each semester.

Students can enter the program at the beginning of any semester. Although students do meet with an advisor to plan out their course sequences, these plans may change during the student's time in the program. The time to complete this degree depends on the number of courses taken per semester and communicating with the advisor regarding any changes in the course plan.

GOALS FOR THE MSN DEGREE

The MSN program will prepare advanced practice nurses who will:

- Integrate scientific findings from nursing, biopsychosocial fields, genetics, public health, quality improvement and organizational sciences for the continual improvement of nursing care across diverse settings.
- Evidence leadership skills needed that emphasize ethical and critical decision making, effective working relationships, and a systems perspective.
- Articulate methods, tools, performance measures, and standards related to quality, as well as apply quality principles within an organization.
- Apply research outcomes within the practice setting, resolve practice problems, works as change agents, and disseminate results.
- Use patient-care technologies to deliver and enhance care and use communication technologies to integrate and coordinate care.
- Intervene at the system level through the policy development process and employ advocacy strategies to influence health, health care, and health policy.
- Act as a member and leader of inter-professional teams, communicate, collaborate, and consult with other health professionals to manage and coordinate care for individuals and populations.
- Apply and integrate broad, organizational, client-centered, and culturally-appropriate concepts in the planning, delivery, management, and evaluation of evidence-based clinical prevention and population care and services to individuals, families, and aggregates/identified populations.
- Develop strategies to achieve quality outcomes in care delivery with respect to fiscal and human resources.
- Apply management, leadership, system, and chaos theory to the design and implementation of services in a health care system.

PROGRAM REQUIREMENTS

Required Courses for all MSN students include:

NRS 600	Clinical Prevention: Assessment and Planning for Aggregates
NRS 620	Integrated Theory and Knowledge Development
NRS 625	Healthcare Systems and Policy
NRS 660	Translational Scholarship for Evidence-Based Practice
NRS 725	Applied Translational Scholarship for Evidence-Based Practice*
NRS 735	Nursing Practicum

NRS 640	Curriculum and Instruction in Nursing
NRS 650	Advanced Clinical Applications for Nurse Educators I
NRS 655	Advanced Clinical Applications for Nurse Educators II
NRS 675	Teaching Methodologies in Nursing Education
IC 800	Ethics

MASTER OF SCIENCE IN NURSING ADMINISTRATION (MSN) AND MASTER OF BUSINESS ADMINISTRATION (MBA) DUAL DEGREE PROGRAM

The Master of Science in Nursing Administration-Master of Business Administration Dual Degree Program consists of 21 courses (63 credits). The target student for this program is a nurse (RN licensed) who is interested in management or executive-level administration in health services.

Separate MBA and MSN degrees are conferred and can be conferred at different times. The first degree may be conferred when all the requirements of that degree (when viewed as a stand-alone degree) are satisfied. Each degree must be completed within 7 years of the start of the respective program course sequence.

PROGRAM REQUIREMENTS

The MSN/MBA Dual Degree Program is based on the General MBA and MSN in Nursing Administration. This dual degree program allows the maximum of five (5) “overlap courses” to be applied simultaneously to each of the separate degree program requirements. Double-counting the five (5) overlap courses allow the requirements of each individual degree to be satisfied. The five (5) overlap courses are:

BUS 601	Executive Communication (Required in both separate programs)
BUS 603	Organizational Development and Behavior (Required in both separate programs)
BUS 616	Business Ethics OR (Required in both separate programs)
IC 800	Ethics
NRS 635	Foundations of the Healthcare System (MSN required course – MBA Elective)
NRS 645	Advanced Leadership Roles in the Healthcare System (MSN required course – MBA Elective)

POLICIES SPECIFIC TO THE MSN/MBA DUAL DEGREE PROGRAM

MBA and MSN Degrees

Separate MBA and MSN degrees are conferred, and can be conferred at different times. The first degree may be conferred when all the requirements of that degree (when viewed as a stand-alone degree) are satisfied.

GRADUATE PROGRAMS

Seven Year Rule

The Seven Year Rule will be interpreted as applying to the coursework used to satisfy the requirements of each degree separately. Thus, if the total time to complete both degrees exceeds seven (7) years, the timing of the overlap courses is critical.

Degree Residency Requirements

Traditionally, the determination of degree residency credits for a specific degree involves counting Edgewood College credits that may apply only to that degree. Under the MSN/MBA Dual Degree, the MBA 27-credit residency requirement is met in a manner consistent with traditional practice (i.e., not using overlap courses that apply to both degrees). However, the MSN degree does require the use of one (1) overlap course to meet the MSN 24-credit residency requirement. No other Edgewood College policies are infringed upon.

POST-MASTER'S GRADUATE CERTIFICATE IN NURSING ADMINISTRATION

The Nursing Administration graduate certificate is designed for individuals who are, or are planning on becoming middle- to executive-level nurse leaders. Courses focus on managing in health systems, healthcare finance, administrative roles, business communication, and organizational behavior.

This certificate required completion of five (5) three-credit courses for a total of 15 credits and focuses on the following program goals:

- Develop strategies to achieve quality outcomes in care delivery and with respect to fiscal and human resources.
- Apply management theory to the design and implementation of services in a health care system.

Students must complete Background Information Disclosure forms before entry into the Nursing Practicum (NRS 735). Background checks are completed at the student's expense.

POST-MASTER'S GRADUATE CERTIFICATE IN NURSING EDUCATION

The Nursing Education graduate certificate is designed for nursing professionals who want to be better prepared to teach clients, staff, and students. It provides students with additional preparation in educational principles and theory to support them in their teach roles. Courses focus on areas such as planning education programs or courses, teaching strategies, and interpersonal competency in communication with others.

This certificate requires completion of five (5) three-credit courses for a total of 15 credits and focuses on the following program objectives:

DOCTOR OF NURSING PRACTICE IN LEADERSHIP

Edgewood College's DNP in Leadership is a 30 credit post-master's program. BSN-prepared candidates with a master's degree in fields other than nursing may also be considered for admission. Transcripts of students whose master's degrees are from disciplines other than nursing are evaluated on a case-by-case basis to assure attainment of prerequisite knowledge and leadership experience. Additional coursework beyond the 30 credit requirement may be necessary to meet all the essentials of doctoral education for advanced practice in leadership.

POLICIES FOR ADMISSION

Candidates seeking admission to the School of Nursing DNP in Leadership Program must fulfill the graduate program admission requirements, with the following additional stipulations:

- Graduated with a GPA of at least 3.0 on a 4.0 scale from an accredited baccalaureate nursing program and a 3.3 on a 4.0 scale from an accredited master's degree program. *BSN-prepared candidates with a master's degree in a discipline other than nursing may also be considered for admission. If a candidate's master's degree is not an MSN, their program of study will be evaluated for coursework that prepares them for DNP study. Non-MSN candidates may be asked to submit a portfolio of professional practice that highlights their knowledge, skills, and application of the MSN Essentials (i.e., research, health care policy, ethics, role development, foundations of nursing, human diversity and social issues, and health promotion). These student are often required to enroll in additional coursework prior to beginning the DNP program.*
- Completed a graduate statistics course within three years of the program's start date.
- Hold a current registered nursing license.
- Practiced for a minimum of one year as a Registered Nurse in the United States (preferred).

Prior to beginning the DNP program's residency requirements, students will be required to complete a health form, criminal background check, and provide proof of a current RN license from the state/country in which they plan to complete their residency.

Transcripts of students who master's degrees are from a nursing master's program other than that at Edgewood College are evaluated on a case-by-case basis to assure attainment of prerequisite knowledge and leadership experience.

Additional coursework beyond the 30-credit requirement may be necessary to meet all of the essentials of doctoral education for advanced practice in leadership.

GOALS FOR THE DNP DEGREE

At the end of the program, graduates will:

- Integrate scientific findings from nursing, biopsychosocial fields, genomics and genetics, public health, quality improvement, and organizational sciences for the continual improvement of nursing and health care across diverse settings.
- Conceptualize new care delivery models based on contemporary nursing science, organizational and systems leadership that are feasible within current organizational, political, cultural, and economic perspectives.
- Translate new science, its application and evaluation; as well as generate evidence through their practice to guide practice improvements.
- Use information systems/technology to support and improve patient care and healthcare systems.
- Analyze the policy process and engage in politically competent action at the institutional, local, state, regional, federal, and international levels through the interface between practice, research, and policy.
- Establish, participate and assume leadership in interprofessional teams to accomplish safe, timely, effective, efficient, equitable, and patient-centered care in complex environments.
- Analyze epidemiological, biostatistical, occupational, and environmental data in the development, implementation, and evaluation of clinical (disease and illness) prevention and population health.
- Demonstrate assessment and base practice on the application of biophysical, psychosocial, behavioral, sociopolitical, cultural, economic, and nursing science as appropriate in their area of specialization [leadership].
- Attain skills in human resource management, strategic planning, accounting principles, healthcare finance, healthcare economics, and other facets of leading operations within organizational mission, vision and regulatory requirements.

In addition to the aforementioned goals, all DNP Graduates may be prepared to sit for national specialty certifications in several options below. Additional individual review and study will be necessary for successful completion of any of these exams:

DOCTOR OF NURSING PRACTICE IN LEADERSHIP

- Nurse Executive (NE-BC), or Nurse Executive, Advanced (NEA-BC) as determined by the American Nurses Credentialing Center (ANCC)
- Informatics certification
- Certified Nurse Manager & Leader (CNML), or Certified Executive Nursing Practice (CENP) as determined by the American Organization of Nurse Executives (AONE)

PROGRAM REQUIREMENTS

A minimum of 30 credits are required for the DNP in Leadership degree. Additional coursework beyond the 30-credit requirement may be necessary to meet all of the essentials of doctoral education for advanced practice in leadership.

Required Courses:

NRS 800	Applied Research Methods and Evidence-Based Practice*
NRS 805	Healthcare Finance and Regulatory Environments*
NRS 810	Population Health and Health Policy*
NRS 820	Healthcare Service and Clinical Quality
NRS 830	Health Systems Informatics*
NRS 835	Leadership Residency 1*
NRS 840	Leadership Residency 2*
NRS 845	Leadership Capstone 1*
NRS 850	Leadership Capstone 2*
NRS 855	Leadership Capstone 3 (optional)
Electives	Elective options (minimum 3 credits) offered in Nursing Education (curriculum development, methods, or teaching/learning theory) or MBA courses.

MASTER OF SCIENCE IN MARRIAGE AND FAMILY THERAPY

MISSION OF THE PROGRAM

With its roots in the mission and identity statements of Edgewood College, the master's degree in Marriage and Family Therapy is designed to advance professional competency in the field in a manner that fosters clinical proficiency, ethical sensitivity, respect for diversity, and dedication to service to the people in our communities.

PROGRAM DESCRIPTION

The Master of Science degree in Marriage and Family Therapy is a 48-credit program of study. Included is a 12-month internship with a minimum of 600 hours (100 supervision, 300 direct, and 200 ancillary) with individuals, couples and families. Students work with a variety of clients from the community, including multi-problem families.

The program's basic orientation is the "General Systems" paradigm within which students are exposed to the structural, strategic and systematic approaches, in addition to the other major modalities of the discipline. Trainees are encouraged to select and specialize in an approach that best fits their own clinical style.

The program emphasizes a broad blend of theoretical and therapeutic approaches, with a primary goal of clinical excellence in training in the field of marriage and family therapy. The program is based on national and state standards for course and clinical content, and will prepare students to apply for credentialing in Wisconsin as licensed marriage and family therapists.

ACCREDITATION

The Master of Science in Marriage and Family Therapy is accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE).

ADMISSIONS REQUIREMENTS

1. Provide evidence of a baccalaureate or more advanced degree from a United States regionally accredited or equivalent post-secondary institution with a cumulative grade point average of at least 2.753 on a 4.0 scale for regular admission status. The cumulative grade point average is computed on the highest degree held at the time of application to the Edgewood College graduate program.
2. Complete and submit graduate application and application fee to the Graduate and Professional Studies Admissions Office.
3. Request that official transcripts for all undergraduate and graduate academic credits received from any post-secondary institutions be sent directly to the Graduate and Professional Studies Admissions Office.
4. The MFT program reference form, available from the Graduate and Professional Studies Admission Office, must accompany two letters of recommendation from individuals qualified to comment on the candidate's potential for success as a therapist.
5. The MFT program requires a two-page typewritten statement indicating motives and professional goals for pursuing a degree in MFT. The written statement should include:
 - Interests and motivation for wanting to be a therapist
 - Ability to succeed in graduate school
 - What preparation, either through coursework, internship, volunteer work, or job experience, has been undertaken that provides basic therapy skills?
6. Submission of a resume.
7. The completed admission application and fee must be submitted prior to the February 15th deadline for Fall entries and the October 15th deadline for Spring entries.
8. International students must contact the Graduate and Professional Studies Admissions Office regarding additional admission requirements. Additional international student requirement information is available in the ADMISSIONS section of the Catalog.

MASTER OF SCIENCE IN MARRIAGE AND FAMILY THERAPY

- Attendance at an on-campus interview with program faculty and an admissions team is mandatory. Interviews for candidates applying for a Fall semester start will take place on the first Saturday in March. Interviews with candidates applying for a Spring semester start will take place on the first Saturday in November. During this interview, the applicant will be required to participate in a role-play exercise.

Admission into the graduate program does not imply the right to admission into the clinical year. The last three semesters of the program contain clinical experiences. Students are separately reviewed for “readiness” for the clinical experiences after completion of all first year courses.

TRANSFER CREDITS

After admission with regular status (see GRADUATE ADMISSION STATUS), an applicant may submit up to twelve credit hours of graduate credit earned at other accredited post-secondary institutions for consideration of transfer to Edgewood College for application to the degree requirements. If the credits are to be earned after the admission to Edgewood College, written approval of the MFT Program Director is required. To be considered for transfer, a course must have been taken within the past five years, must have a grade of “B” (3.0) or better, and must be equivalent to specific courses in the degree program. Grades from transfer courses are not computed in the Edgewood College grade point average.

RESIDENCY REQUIREMENT

A total of 36 graduate credits must be earned at Edgewood College.

BACKGROUND CHECK

All MFT program students must comply with the State of Wisconsin requirement for a Criminal Record Background Check. Students must have had this check successfully completed by the end of the first semester in the program to be allowed to continue in the program.

PROGRAM PREREQUISITE

As a requirement for admission into the research courses, all students need to satisfy a Research Methods course prerequisite. A student is required to have taken a research methods class (undergraduate or graduate) in the immediate past five years before enrolling in PSY 700 and received a grade of “C+” or higher in the course. Courses in statistics, or psychometrics do not count towards this requirement. If students do not meet this requirement, they may take or audit a research methods course or successfully pass a proficiency exam.

CREDIT LOAD

Full-time students in the Marriage and Family Therapy Program may carry up to twelve credits per semester.

With the clinical requirements of 12 consecutive months in a placement, the MFT Program is designed for the full-time or half-time student. Individuals who are already professionals in the field and do not need the clinical component but desire advanced education in family therapy may be admitted on a part-time basis with “non-degree seeking” classification (see GRADUATE ADMISSION STATUS). Other applicants may be admitted on a part-time basis if space is available, with the recognition that they will need to complete the clinical requirement within the prescribed sequence of 12 consecutive months.

REPEATING A COURSE

Marriage and Family Therapy courses may not be repeated for credit.

CLINICAL PLACEMENTS

For their clinical year, students are encouraged to seek placements in agencies that would foster skills in areas of personal interest. The Family Center is an off-campus certified outpatient mental health center operated by the graduate program as a training facility and an outreach service of Edgewood College. It provides for low-cost, quality mental health services to the people of the greater Madison area and allows interns to experience working with individuals, couples and families facing a broad range of clinical concerns.

MASTER OF SCIENCE IN MARRIAGE AND FAMILY THERAPY

GRADUATION REQUIREMENTS

To receive the Master of Science in Marriage and Family Therapy, students must have:

- Earned 48 credits in prescribed marriage and family therapy courses;
- Fulfilled the institutional, interdisciplinary requirements;
- Maintained a 3.0 grade point average in those credits; and
- Successfully completed 500 clinical contact hours and 100 hours of supervision prior to graduation.

MEETING TIME

Marriage and Family Therapy courses meet weekly and are scheduled during the evenings, except PSY 730, which meets on one Saturday.

STUDENT ADVISING

The primary responsibility of assuring proper sequencing of courses and for accurate and timely registration shall be the duty of the student. Verification of degree requirement completion shall be the duty of the Registrar's Office.

Program, academic and career advising shall be the responsibility of the MFT Program Director, the Program Administrator, the Clinical Coordinator, and the faculty of the graduate program. All faculty will make available a schedule of times when students may meet for advising. It shall be the responsibility of all faculty in the MFT program to monitor and assess student mastery of course material in developing clinical competency, emotional stability and maturity. It is the obligation of each faculty member to meet with a student as early as possible in a course or semester if the faculty member has a concern about the student's mastery of coursework or overall aptitude or emotional readiness to be a clinical therapist.

Due to the important consideration that need to be given to the potential clients with whom students will be working in the clinical experience, each student will be evaluated for personal and professional competence and for suitability for clinical placement by the MFT program faculty in the semester before clinical placement. This should be a natural outgrowth of the close contact and communication that has occurred with each faculty member as the student progresses through the semesters.

Admission into the MFT graduate program does not imply a right to admission into the clinical experience. If the student has not demonstrated sufficient mastery of course and clinical skills, or if the student's emotional stability and maturity create a concern about ability to work with clients effectively and professionally, the student will be denied admission to the clinical experience.

Even after the student is admitted to the clinical placement, the on-site supervisors, in communication with the Program Director, may determine that the student does not have sufficient entry-level mastery or stability to work in the agency. In such cases, students would be withdrawn from the clinical experience. The Program Director would then advise the student on the necessary steps for reinstatement into the clinical portion of the program. Remedial coursework, training experience or personal or family therapy are options the Program Director might suggest. All remedial options are the student's responsibility to initiate and verify to the satisfaction of the Program Director and any expenses incurred are the obligation of the student. Failure to be admitted to and complete the clinical experience necessarily precludes completion of the degree.
